CCDAK Preparation - Practice CCDAK Exam Fee

As we know, if you can obtain the job qualification CCDAK certificate, which shows you have acquired many skills. In this way, your value is greatly increased in your company. Then sooner or later you will be promoted by your boss. Our CCDAK Preparation exam really suits you best for your requirement. We have been considered to be the best friend for helping numerous of our customers successfully get their according CCDAK certification.

The CCDAK Certification Exam is a challenging exam that requires a deep understanding of Kafka concepts and hands-on experience working with Kafka. CCDAK exam consists of multiple-choice questions and requires candidates to demonstrate their ability to apply their knowledge of Kafka to real-world scenarios. To prepare for the exam, candidates are encouraged to review the exam objectives and take advantage of training resources, such as online courses and practice exams.

Confluent Certified Developer for Apache Kafka Certification Examination Sample Questions (Q14-Q19):

NEW QUESTION # 14

You are working on a Kafka cluster with three nodes. You create a topic named orders with:

replication.factor = 3

min.insync.replicas = 2

acks = all What exception will be generated if two brokers are down due to network delay?

- A. NotCoordinatorException
- **B. NotEnoughReplicasException**
- C. NetworkException
- D. NotLeaderForPartitionException

Answer: B

Explanation:

With `acks=all` and `min.insync.replicas=2`, Kafka requires at least two in-sync replicas to acknowledge a write. If only one broker is alive, the condition fails, and `NotEnoughReplicasException` is thrown by the producer.

From Kafka Producer Exception Docs:

"`NotEnoughReplicasException` is thrown when the number of in-sync replicas is insufficient to satisfy `acks=all` with `min.insync.replicas`." `NetworkException` is generic and not raised here.

`NotCoordinatorException` is related to consumer group coordination.

`NotLeaderForPartitionException` is unrelated unless accessing an unassigned leader.

Reference: Kafka Producer Error Handling

NEW QUESTION # 15

What Java library is KSQL based on?

- A. Kafka Connect
- **B. Kafka Streams**
- C. Schema Registry
- D. REST Proxy

Answer: B

Explanation:

KSQL is based on Kafka Streams and allows you to express transformations in the SQL language that get automatically converted to a Kafka Streams program in the backend

NEW QUESTION # 16

A consumer starts and has `auto.offset.reset=latest`, and the topic partition currently has data for offsets going from 45 to 2311. The consumer group has committed the offset 643 for the topic before. Where will the consumer read from?

- **A. offset 643**
- B. it will crash
- C. offset 2311
- D. offset 45

Answer: A

Explanation:

The offsets are already committed for this consumer group and topic partition, so the property `auto.offset.reset` is ignored

NEW QUESTION # 17

Your topic is log compacted and you are sending a message with the key K and value null. What will happen?

- **A. The broker will delete all messages with the key K upon cleanup**
- B. The broker will delete the message with the key K and null value only upon cleanup
- C. The producer will throw a Runtime exception
- D. The message will get ignored by the Kafka broker

Answer: A

Explanation:

Sending a message with the null value is called a tombstone in Kafka and will ensure the log compacted topic does not contain any messages with the key K upon compaction

NEW QUESTION # 18

To allow consumers in a group to resume at the previously committed offset, I need to set the proper value for...

- A. group.id
- B. auto.offset.reset
- C. value.deserializer
- D. enable.auto.commit

Answer: A

Explanation:

Setting a group.id that's consistent across restarts will allow your consumers part of the same group to resume reading from where offsets were last committed for that group

NEW QUESTION # 19

.....

Our CCDAK study materials can help you pass the exam faster and take the certificate you want. Then you will have one more chip to get a good job. Our CCDAK study materials allow you to stand at a higher starting point, pass the CCDAK exam one step faster than others, and take advantage of opportunities faster than others.
