Oracle 1Z0-1145-1 시험요강:

주제	소개
주제 1	Implementing Security: This section of the exam measures the skills of a Fusion Applications Technical Consultant and focuses on security considerations in the AI agent lifecycle. It includes understanding how to protect sensitive data, manage permissions, and ensure secure agent interactions.
주제 2	Monitoring Agents: This section of the exam measures the skills of a Fusion Applications Functional Consultant and covers the monitoring of agents once deployed. It includes ensuring consistent operation, detecting issues in real-time, and reviewing logs or feedback to support ongoing agent improvements.

주제 3	• Evaluating and Testing Agents: This section of the exam measures the skills of a Fusion Applications Technical Consultant and covers the procedures used to assess the behavior and effectiveness of agents prior to deployment. It involves understanding how to simulate interactions and apply testing methods to verify agent performance and alignment with business intent.
