

# Hottest SDLCSA Certification & SDLCSA Exam Questions

What's more, part of that BraindumpsPrep SDLCSA dumps now are free: <https://drive.google.com/open?id=1LnK3nD1KjyHOH7jINzewSqIObludx9r5>

Supermicro Direct Liquid Cooling Service Associate (SDLCSA) Exam (SDLCSA) practice exam went through real-world testing with feedback from more than 90,000 global professionals before reaching its latest form. The Supermicro SDLCSA Exam Dumps are similar to real exam questions. Our SDLCSA practice test BraindumpsPrep is suitable for computer users with a Windows operating system.

You hardly have to worry about whether or not you can pass the exam with our SDLCSA exam braindumps. Many users of SDLCSA exam prep can use your own achievements to prove to you that under the guidance of our SDLCSA Study Materials, you must pass the exam. Don't hesitate anymore. What you should treasure now is time! Just come and buy our SDLCSA learning guide, you will never feel regret!

## Supermicro SDLCSA Exam Questions | SDLCSA Exam Study Guide

SDLCSA study material is suitable for all people. Whether you are a student or an office worker, whether you are a veteran or a rookie who has just entered the industry, SDLCSA test answers will be your best choice. For office workers, SDLCSA test dumps provide you with more flexible study time. You can download learning materials to your mobile phone and study at anytime, anywhere. And as an industry rookie, those unreadable words and expressions in professional books often make you feel mad, but SDLCSA Study Materials will help you to solve this problem perfectly.

## Supermicro Direct Liquid Cooling Service Associate (SDLCSA) Exam Sample Questions (Q26-Q31):

### NEW QUESTION # 26

Which card would you most likely connect to the AOM module (AOM-GP401-PCIE)?

- A. AOM card
- B. Credit card
- C. Debit card
- D. AOC NIC card

**Answer: D**

**Explanation:**

The AOM module (AOM-GP401-PCIE) in Supermicro systems is a PCIe-based add-on module, typically for expansion cards like NICs (Network Interface Cards). The AOC NIC card (Add-On Card, Network Interface Card) is the most likely connection, as Supermicro's AOM modules (e.g., in SYS-420 series) are designed to interface with AOC cards for networking in DLC systems. A

(AOM card) is vague and not a standard term, while B and D (credit/debit cards) are irrelevant. Supermicro's DLC solutions integrate high-speed networking, making C the verified choice.

References: Supermicro AOM module specs, DLC system networking components.

#### NEW QUESTION # 27

What part on the motherboard tray do you need to remove first, in order to remove the air shroud?

- A. The support bar in the middle of the motherboard tray
- **B. There is no support bar on the motherboard tray that prevents you from removing the air shroud**
- C. The support bar at the front of the motherboard tray
- D. The support bar at the back of the motherboard tray

**Answer: B**

Explanation:

In Supermicro systems like the SYS-421GE-TNHR2-LCC, the air shroud on the motherboard tray is typically a lift-off component not obstructed by a support bar. Unlike some designs with structural bars, Supermicro's high-end servers (per manuals like SYS-420GP-TNAR) often feature open tray layouts for easy access, especially in DLC configurations where liquid cooling reduces reliance on complex air channels. Options A, B, and C assume a bar exists and must be removed, but no such requirement is standard. The shroud lifts off after screw removal, making D correct. Supermicro's DLC design simplifies maintenance, supporting this conclusion. References: Supermicro motherboard tray documentation, DLC system accessibility features.

#### NEW QUESTION # 28

In the video, how many AOC NIC cards are located on the LPIO board?

- **A. 0**
- B. 1
- C. 2
- D. 3

**Answer: A**

#### NEW QUESTION # 29

What design feature helps to align the air shroud back into the motherboard tray?

- A. There are 2 tabs on front of the air shroud that should align with 2 slots on top of the fan board
- **B. There are 3 tabs on front of the air shroud that should align with 3 slots on top of the fan board**
- C. There are 2 tabs on the sides of the air shroud that should align with 2 slots on top of the PCIe board
- D. There are 4 tabs on front of the air shroud that should align with 4 slots on top of the fan board

**Answer: B**

Explanation:

In Supermicro systems, the air shroud aligns with the motherboard tray via tabs and slots. The correct feature is 3 tabs on the front of the air shroud aligning with 3 slots on top of the fan board, a common design (e.g., SYS-420GP-TNAR) for precise placement over fans and CPUs. B (4 tabs) and C (2 tabs) deviate from standard counts, while D (PCIe board) misplaces the alignment. Supermicro's DLC hybrid cooling ensures shroud accuracy, making A correct. References: Supermicro air shroud installation guides, DLC system cooling alignment.

#### NEW QUESTION # 30

What are the three main benefits of Liquid Cooling? (Choose 3 answers)

- **A. Liquid is 25 times better at transferring heat**
- B. Liquid is cheaper to implement
- **C. Liquid is significantly better at removing heat than air**
- **D. Liquid molecules are closer together and result in a higher heat transfer**

**Answer: A,C,D**

Explanation:

Supermicro's DLC solutions highlight:

- \* A: Liquid removes heat more effectively than air, a core advantage (e.g., 40% OPEX reduction).
- \* B: Closer liquid molecules enhance heat transfer, a physical principle in DLC.
- \* D: Liquid is ~25 times better at heat transfer than air, per Supermicro's technical claims. C (cheaper) is false-DLC has higher initial costs but saves long-term. A, B, D are the verified benefits. References: Supermicro DLC whitepapers, heat transfer specs.

## NEW QUESTION # 31

.....

Passing Supermicro real exam is not so simple. Choose right SDLCSA exam prep is the first step to your success. The valid braindumps of BraindumpsPrep is a good guarantee to your success. If you choose our latest practice exam, it not only can 100% ensure you pass SDLCSA Real Exam, but also provide you with one-year free updating exam pdf.
