## Latest EUNA\_2024 Test Cram & New EUNA\_2024 Exam Book

Our EUNA\_2024 exam torrent is available in different versions. Whether you like to study on a computer or enjoy reading paper materials, our test prep can meet your needs. Our PDF version of the EUNA\_2024 quiz guide is available for customers to print. You can print it out, so you can practice it repeatedly conveniently. And our EUNA\_2024 exam torrent make it easy for you to take notes on it so that your free time can be well utilized and you can often consolidate your knowledge. Everything you do will help you successfully pass the exam and get the card. The version of APP and PC of our EUNA\_2024 Exam Torrent is also popular. They can simulate real operation of test environment and users can test EUNA\_2024 test prep in mock exam in limited time. They are very practical and they have online error correction and other functions. The characteristic that three versions of EUNA\_2024 exam torrent all have is that they have no limit of the number of users, so you don't encounter failures anytime you want to learn our EUNA\_2024 quiz guide. The three different versions can help customers solve any questions and meet their all needs.

## Esri ArcGIS Utility Network Associate 2024 Sample Questions (Q60-Q65):

### NEW QUESTION # 60

On the side of a device where a subnetwork originates, which terminal setting must be used to correctly define the flow path?

- A. Load
- B. Source
- C. Default

**Answer: A**

Explanation:

TheLoadsetting indicates the terminal where the subnetwork originates, establishing valid directionality.

#### NEW QUESTION # 61

A GIS analyst encounters error code 8: "Invalid Connectivity - No junction edge rule." What does this mean, and how should it be fixed?

- A. Subnetwork overlap; fix by redefining tiers
- **B. Point snapped to a line without valid rule; fix by adding rule or correcting asset group/type**
- C. Invalid terminal; fix using terminal connection tool

**Answer: B**

Explanation:

Error 8 occurs when a point is connected to a line with no valid junction rule. Fix by adding a rule or correcting the data.

#### NEW QUESTION # 62

Before migrating source data into a utility network in ArcGIS Pro, what step must be performed to ensure features will connect properly?

- A. Enable topology
- B. Assign asset packages
- **C. Ensure all data is properly snapped**

**Answer: C**

Explanation:

Snapping ensures connectivity and prevents errors like gaps or overlaps during migration.

#### NEW QUESTION # 63

When creating a new utility network from scratch, what is the correct sequence of steps in ArcGIS Pro?

- A. Load source data # Enable topology # Add network rules
- **B. Create a feature dataset # Load the service territory # Create utility network # Create domain network**
- C. Apply an asset package # Create subnetworks # Assign tiers

**Answer: B**

Explanation:

This sequence ensures spatial reference alignment, territory setup, network creation, and domain addition.

#### NEW QUESTION # 64

An engineer is configuring a two-terminal device, a pressure reducing valve, in a water network. Which inputs are required for this terminal configuration?

- **A. Name, direction, terminal definitions (In/Out), default path**
- B. Asset group and network category only
- C. Service territory and feature dataset

**Answer: A**

Explanation:

Two-terminal configurations require name, directionality, terminal details, and default path.

#### NEW QUESTION # 65

.....

All purchases at Easy4Engine are protected by paypal system which is the most reliable payment system all over the world. So when you buy Esri EUNA\_2024 exam dumps, you won't worry about any leakage or mistakes during the deal. Easy4Engine puts customers' interest and Esri EUNA\_2024 products quality of the first place. We will never tell your personal information to the third part without your permission. So you can feel 100% safe knowing that the credit-card information you enter into the order form is 100% secure.
