Most of the candidates remain confused about the format of the actual MB-240 exam and the nature of questions therein. So our MB-240 exam questions can perfectly provide them with the newest information about the exam not only on the content but also on the format. And to help them adjust to the real exam, we also developed the Software version of the MB-240 learning prep which can simulate the real exam.

The MB-240 exam is a challenging exam that requires a significant amount of preparation and study. Candidates must have a solid understanding of the Dynamics 365 field service application, including its features, functionalities, and capabilities. They must also have experience working with Dynamics 365 and be familiar with its various components. Candidates can prepare for the MB-240 Exam by taking Microsoft's official training courses or by using third-party study materials.

make progress is mainly attributed to our marvelous organization of the content and layout which can make our customers well-focused and targeted during the learning process. If you are interested our MB-240 Guide Torrent, please contact us immediately, we would show our greatest enthusiasm to help you obtain the certification.

## Microsoft Dynamics 365 Field Service Functional Consultant Sample Questions (Q205-Q210):

### NEW QUESTION # 205

Your organization has decided to add Inspections as a new source of revenue.

As a business analyst for this new process, you need to start building Inspection forms for use on a work order.

Which three actions need to be performed in sequence? To answer, move the appropriate actions from the list of steps to the answer area and arrange them in the correct order.

**Answer:**

**Explanation:**

**Explanation:**

A screenshot of a computer Description automatically generated

### NEW QUESTION # 206

Drag and Drop Question

Your company is preparing to deploy the Dynamics Field Service with Mobile Application. Your manager asks you to ensure that the Booking Statuses will match with the current business process the field technicians are following.

As the Field Service Administrator, you review the documentation and discover that the out-of-the-box Booking Statuses will meet your company's needs.

What is the order of the Booking Statuses for the five out-of-the box booking status fields? To answer, move the five out-of-the-box booking status fields to the answer area and arrange them in the correct order.

**Statuses**

- Scheduled - A work order has been assigned to a resource.
- Traveling - The resource is traveling to the service location.
- In Progress - The work order is in progress.
- On Break - The resource is on a break.
- Complete - The work order is complete.
- Arrived - The resource has arrived on location.

**Order**

**Answer:**

**Explanation:**

**Statuses**

- Scheduled - A work order has been assigned to a resource.
- Traveling - The resource is traveling to the service location.
- In Progress - The work order is in progress.
- On Break - The resource is on a break.
- Complete - The work order is complete.
- Arrived - The resource has arrived on location.

**Order**

- Scheduled - A work order has been assigned to a resource.
- Traveling - The resource is traveling to the service location.
- In Progress - The work order is in progress.
- On Break - The resource is on a break.
- Complete - The work order is complete.

**Answer**

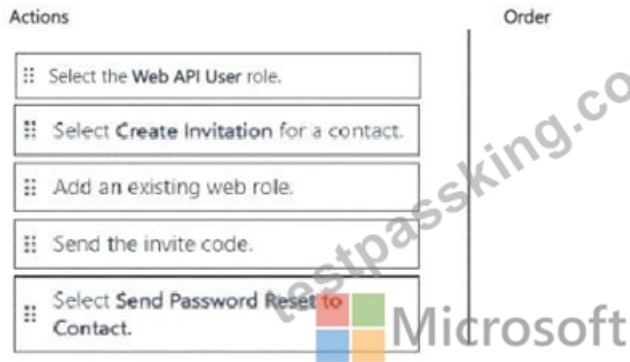

- Arrived - The resource has arrived on location.

**NEW QUESTION # 207**

Your company recently enabled a self-service scheduling portal for your customers to schedule appointments.

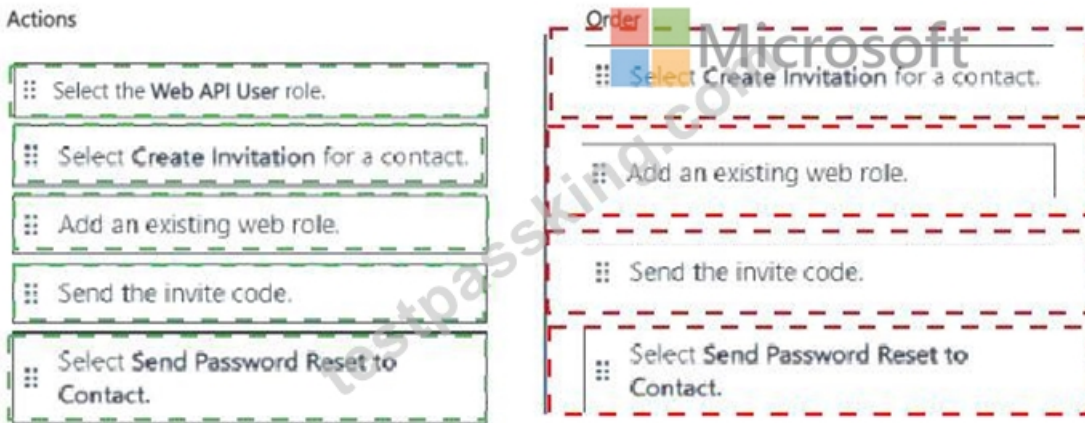

You need to explain how a portal access request can be sent manually to your customers to access the portal.

Which four actions should you perform in sequence? To answer, move the four appropriate actions from the list of actions to the answer area. Arrange the four actions in the correct order.

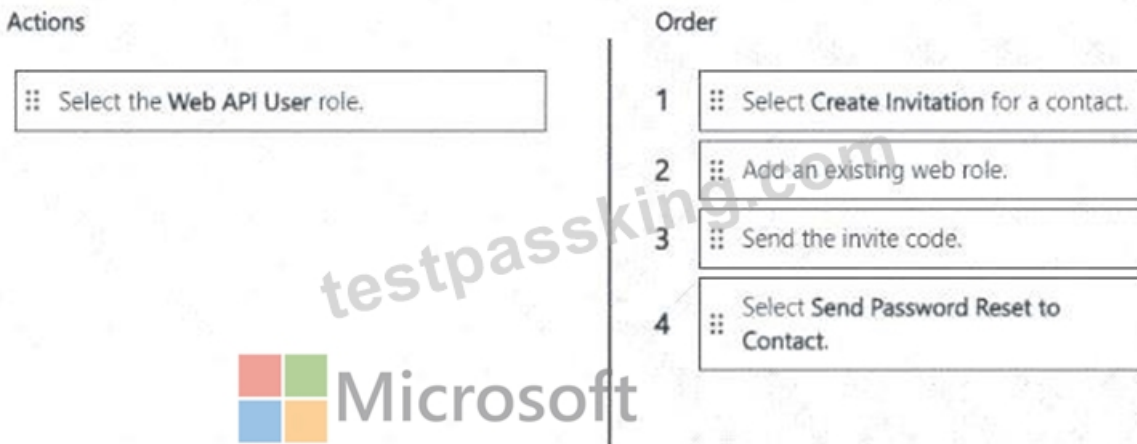

**Answer:**

Explanation:

Explanation:

**NEW QUESTION # 208**

You need to use the Agreement function in Microsoft Dynamics 365 Field Service to automatically generate work orders and invoices. This configuration will be used for preventative and maintenance work.

You need to determine the configurations that are available for you to use in the Agreements setup.

Which three configurations are available? Each correct answer presents a complete solution.

NOTE: Each correct selection is worth one point.

- A. Booking Recurrence specification
- B. Generate Work Order Days in Advance
- C. Resources Priority
- D. Auto Generate Booking Dates in 24 hours
- E. Auto Generate Work Order

**Answer: A,B,E**

**NEW QUESTION # 209**

When Contoso installs chillers for customers, they are expected to follow the same procedure for each install. You need to configure the functionality necessary to automatically add all the tasks and resources needed to a work order when the work order type is Chiller Installation. You must follow the established Contoso guidelines for installation requirements, as outlined in the Case Study, and create the most efficient process possible.

Which four actions should you perform in sequence? To answer, move the appropriate actions from the list of actions to the answer area and arrange them in the correct order.

The screenshot shows a configuration interface with two main sections: 'Actions' and 'Order'. The 'Actions' section contains five items: 'Create a priority record.', 'Create a work order sub-status called Chiller Installation.', 'Configure an incident type.', 'Associate the incident type to the requirement group template.', and 'Configure a requirement group template.'. The 'Order' section is currently empty. Navigation arrows are visible on the right side of the interface.

**Answer:**

**Explanation:**

The screenshot shows the same configuration interface as above, but with the correct sequence of four actions highlighted in a dashed red box in the 'Order' section. The actions are: 'Configure an incident type.', 'Associate the incident type to the requirement group template.', 'Configure a requirement group template.', and 'Add the incident type to all Chiller Installation work orders.'. The 'Actions' section also has some items highlighted with dashed green boxes.

**Explanation**

A screenshot of a computer Description automatically generated

The screenshot shows the configuration interface with the 'Order' section now containing a numbered list of four actions: 1. 'Configure an incident type.', 2. 'Associate the incident type to the requirement group template.', 3. 'Configure a requirement group template.', and 4. 'Add the incident type to all Chiller Installation work orders.'. The 'Actions' section remains unchanged.

**NEW QUESTION # 210**

.....

Our experts have worked hard for several years to formulate MB-240 exam braindumps for all examiners. Our MB-240 study materials not only target but also cover all knowledge points.
