NEW QUESTION # 90

How many days after the date of upload will files be deleted from the SFTP?

- A. 180 days
- B. 60 days
- C. 90 days
- D. 30 days

Answer: D

Explanation:

Salesforce Marketing Cloud's SFTP (Simple File Transfer Protocol) is designed to securely transfer files between your system and Marketing Cloud. To optimize storage and security, files are retained for a specific period.

According to Salesforce documentation, files uploaded via SFTP are typically deleted after 30 days. This retention period is a standard setting and may vary based on specific configurations or agreements with Salesforce.

To confirm the exact retention period for your organization, it's recommended to:

* Consult with your Salesforce Administrator: They can provide specific details about your organization's SFTP configuration and retention policies.

* Review Salesforce Documentation: Refer to the official Salesforce Marketing Cloud documentation for the most up-to-date information on file retention policies and best practices.

By understanding the file retention policy, you can effectively manage your file transfers and ensure that your data is securely stored and accessed within the specified timeframe.
