SAP Certified Associate - Implementation Consultant - SAP S/4HANA Cloud Public Edition, Management Accounting Sample Questions (Q41-Q46):

NEW QUESTION # 41

An SAP Fiori app isn't displaying on the SAP Fiori Launchpad even though the business role granting permission to the app is correctly assigned to the user. How would you troubleshoot? Note: There are 3 Correct Answers to this question.

- A. Check the business role template.
- B. Check the restrictions for the role.
- C. Check the space and page(s) assigned to the role.
- D. Check the business catalogues assigned to the role.
- E. Check the Role Maintenance app.

Answer: B,C,D

Explanation:

Based on details from learning.sap.com, when an SAP Fiori app isn't appearing on the user's Launchpad despite having the correct business role assigned, you should check the following three areas:

Correct Answers

C . Check the business catalogs assigned to the role

Ensure the role includes the catalog containing the tile and target mapping for the app-without it, the app won't be available in the Launchpad even if the role is assigned. SAP Learning+4SAP Learning+4SAP Learning+4 D . Check the space and page(s) assigned to the role The assigned catalog must also be associated with a Launchpad space and page structure. If no space/page is included, the tile won't show-even if the catalog is present. SAP Learning+1SAP Learning+1 E . Check the restrictions for the role Check if any restrictions (like read/write or value help limitations) have been applied that might prevent the app from appearing or functioning. SAP Learning+1SAP Learning+1

Incorrect Options

* A. Check the business role template - Troubleshooting should focus on the actual assigned role, not the template it was based on.
* B. Check the Role Maintenance app - The relevant apps are the Fiori "Maintain Business Roles" and "Manage Launchpad Spaces/Pages," not the back-end Role Maintenance (PFCG) app.

Final Answers:

- * C. Check the business catalogs assigned to the role
- * D. Check the space and page(s) assigned to the role
- * E. Check the restrictions for the role

System Landscapes and Identity Access Management

NEW QUESTION # 42

In which master data can you define the cost center category?

- A. Functional area
- B. Profit center
- C. Activity type
- D. OG/L account

Answer: A

NEW QUESTION # 43

You are recording actions for a custom process step in a test automate. When do you press the "Read" button on the recording panel? Note: There are 2 Correct Answers to this question.

- A. To capture a static label on the screen that should be checked during test execution.
- B. To capture an error message on the screen that can be used later.
- C. To capture a value in a text field that should be stored as a variable.
- D. To capture text in a message screen that can be used for data binding later.

Answer: A,D

Explanation:

Based on learning.sap.com, here are the two correct uses for the "Read" button during a custom process step recording:

Correct Answers

B. To capture text in a message screen that can be used for data binding later The Read button is used to capture dynamic text from message screens (e.g., a confirmation or informational message) so that this text can be referenced and validated in subsequent test actions SAP Help Portal+4SAP Learning+ C . To capture a value in a text field that should be stored as a variable Press Read to capture actual values displayed on screen (like a generated document number or dynamic field content), which can then be used as variables in your test automation .

Incorrect Options

- * A. Error messages - Use Check, not Read, to capture error or static label messages.
- * D. Static labels - Also captured using Check, not Read.

Final Answers:

- * B. To capture text in a message screen that can be used for data binding later
- * C. To capture a value in a text field that should be stored as a variable

NEW QUESTION # 44

Which parameters are available in the control tab of a production order in SAP S/4HANNA Cloud Public Edition? Note: There are 2 correct answers to this question.

- A. Variance key
- B. Results analysis key
- C. Event-based processing key
- D. Overhead key

Answer: A,C

NEW QUESTION # 45

In a make-to-order scenario with event-based , how are variances calculated? Note: There are 2 Correct Answers to this question.

- A. Production variances are calculated if an order has the status DELIVERED
- B. Production variances can also be calculated in case of partial delivery
- C. Production variance calculation can always be triggered manually on demand
- D. Production variances are automatically calculated

Answer: B,D

Explanation:

Solution:

Based on learning.sap.com documentation for event-based in a make-to-order scenario, the two accurate statements are:

Correct Answers

A . Production variances are automatically calculated

Once the production order is finally delivered (status set to DLV), an event-based settlement is triggered, and variances are calculated and posted automatically SAP Learning+14SAP Learning+14SAP Learning+14.

B . Production variances can also be calculated in case of partial delivery Partial goods receipts still trigger WIP and variance postings based on the delivered quantity. Variances are computed even when delivery is partial (e.g., status PDLV) SAP Learning+3SAP Learning+3SAP Learning+3.

Incorrect Options

* C. Production variance calculation can always be triggered manually on demand - This is only possible in a manual or period-end

context, not in the real-time, event-based approach.

* D. Production variances are calculated if an order has the status DELIVERED - While true, this doesn't capture the full behavior (e.g., variances also calculated with partial delivery). So B is the more comprehensive choice.

Final Answers:

* A. Production variances are automatically calculated

* B. Production variances can also be calculated in case of partial delivery

NEW QUESTION # 46

As we all know, office workers have very little time to prepare for examinations. It would be too painful to waste precious rest time on the subject. But if they have C-S4CCO-2506 practice materials, things will become different. Our C-S4CCO-2506 study materials not only include key core knowledge, but also allow you to use scattered time to learn, so that you can learn more easily and achieve a multiplier effect. And after you study with our C-S4CCO-2506 Exam Questions for 20 to 30 hours, you will be able to pass the C-S4CCO-2506 exam for sure.
