# AZ-700 Key Concepts, Valid AZ-700 Exam Questions

2026 Latest DumpsTests AZ-700 PDF Dumps and AZ-700 Exam Engine Free Share: https://drive.google.com/open?id=1nhx55Ox1v1s-MXTRy5hqPJ89pPWKAav7

You can instantly access the practice material after purchasing it from Designing and Implementing Microsoft Azure Networking Solutions (AZ-700), so you don't have to wait to prepare for the Designing and Implementing Microsoft Azure Networking Solutions (AZ-700) examination. A free demo of the study material is also available at DumpsTests. The 24/7 support system is available for the customers, so they can contact the team whenever they face any issue, and it will provide them with the solution.

Microsoft AZ-700 Exam is designed for IT professionals who want to demonstrate their expertise in designing and implementing Microsoft Azure networking solutions. Candidates who pass AZ-700 exam can prove their skills in designing and implementing Azure network solutions, including network security, hybrid networking, and Azure virtual network connectivity. AZ-700 exam also tests your ability to manage Azure network resources, monitor network performance, and troubleshoot network issues.

Earning the AZ-700 certification demonstrates a candidate's expertise in designing and implementing Azure networking solutions and can lead to career advancement opportunities. It is also a step towards earning the Microsoft Certified: Azure Solutions Architect Expert certification, which requires candidates to pass both the AZ-700 and AZ-303 (Microsoft Azure Architect Technologies) exams.

Designing and Implementing Microsoft Azure Networking Solutions Exam Certification Details:

Schedule Exam	Pearson VUE
Passing Score	700 / 1000
Exam Name	Microsoft Certified - Azure Network Engineer Associate
Exam Price	$165 (USD)
Sample Questions	Designing and Implementing Microsoft Azure Networking Solutions Sample Questions
Exam Code	AZ-700
Duration	120 mins
Number of Questions	40-60

Valid AZ-700 Exam Questions, Latest AZ-700 Test Pass4sure

If you want to get something done, just roll up your sleeves and do it. If you want to clear AZ-700 exam, let our training online files help you. The more difficult the thing is the more important and useful it is. Microsoft AZ-700 training online files help your difficult thing become simple. Professionals be professionals! People can be defeated, but can't be beat. If you are determined to get a IT certification, you should not give up if you fail exam. Our AZ-700 Training Online files will be the right exam materials for your choice.

Microsoft Designing and Implementing Microsoft Azure Networking Solutions Sample Questions (Q244-Q249):

NEW QUESTION # 244
You have an Azure subscription that contains the resources shown in the following table.

You plan to deploy an app named App1 to meet the following requirements.
* External users must be able to access App1 from the internet.
* App1 will be load balanced across all the virtual machines.
* App1 will be hosted on VM1, VM2. VM3. and VM4.
* App1 must be available if an Azure region fails.
* Costs must be minimized.
You need to implement a global load balancer solution for App.
What should you configure? To answer, select the appropriate options in the answer area NOTE: Bach correct answer is worth one point.

Answer:

Explanation:

Explanation:

NEW QUESTION # 245
You have an Azure subscription that contains an app named Appl. App1 is deployed to the Azure App Service apps show in the following table.

You need to publish App1 by using Azure Front Door. The solution must ensure that all the requests to App1 are load balanced between all the available worker instances.
What is the minimum number of origin groups and origins that you should configure? To answer, select the appropriate options in the answer area.
NOTE: Each correct selection is worth one point.

Answer:

Explanation:

Explanation:

NEW QUESTION # 246
Hotspot Question
You have multiple remote users that have either a Windows 11 device or an Ubuntu Linux 22.04 device. Each device has a manually registered Azure VPN Client installed.
You have an Azure subscription that contains an Azure VPN gateway named VNetGW1.
The Windows 11 users establish Point-to-Site (P2S) VPN connections to VNetGW1 and authenticate by using their Microsoft Entra credentials. The Ubuntu Linux users cannot establish P2S VPN connections.
You need to ensure that the Ubuntu Linux users can establish P2S VPN connections to VNetGW1. The solution must minimize administrative effort and maximize security. To answer, select the appropriate options in the answer area.
NOTE: Each correct selection is worth one point.

Answer:

Explanation:

NEW QUESTION # 247
You have an on-premises DNS server named Server that hosts a primary DNS zone named fabrikam.com.
You have an Azure subscription that contains the resources shown in the following table.
Users on the on-premises network access resources on all the virtual networks by using a Site-to- Site (S2S) VPN.
You need to deploy an Azure DNS Private Resolver solution that meets the following requirements:

- Resources connected to the virtual networks must be able to resolve
DNS names for fabrikam.com.
- Server1 must be able to resolve the DNS names of the resources in
contoso.com.
- The solution must minimize costs and administrative effort.
What is the minimum number of resolvers you should deploy?

- A. 0
- B. 1
- C. 2
- D. 3

Answer: C

Explanation:
Private DNS zone is global. Private DNS resolver is restricted to the location of the VNET, but it can lookup any address in the private DNS zone as long as it's linked. So 1 private DNS resolver should be sufficient.

NEW QUESTION # 248
You have the Azure environment shown in the exhibit.
You have virtual network peering between Vnet1 and Vnet2. You have virtual network peering between Vnet4 and Vnet5. The virtual network peering is configured as shown in the following table.
For each of the following statements, select Yes if the statement is true. Otherwise, select No.
NOTE: Each correct selection is worth one point.

Answer:

Explanation:

NEW QUESTION # 249
......

Our AZ-700 preparation exam will be very useful for you if you are going to take the exam. So if you buy our AZ-700 guide quiz, it will help you pass your exam and get the certification in a short time, and you will find that our AZ-700 study materials are good value for money. Besides, you can enjoy the best after-sales service. We believe that our AZ-700 Learning Engine will meet your all needs. Please give us a chance to service you; you will be satisfied with our training prep.
