HP Using HPE OneView Sample Questions (Q36-Q41):

NEW QUESTION # 36

Which platform is supported for HPE OneView appliance deployment?

- A. Citrix XenServer
- B. VMware Tanzu
- **C. Microsoft Hyper-V**
- D. Oracle VM Virtual Box

Answer: C

Explanation:

HPE OneView appliance deployment is supported on Microsoft Hyper-V. Customers can deploy the HPE OneView virtual appliance on Hyper-V hosts, allowing for seamless integration into Microsoft-based virtualization environments.

* Option B (Correct): Microsoft Hyper-V is a supported hypervisor for deploying HPE OneView.

* Option A: Citrix XenServer is not a supported platform for HPE OneView deployment.

* Option C: Oracle VM VirtualBox is not intended for production deployments of HPE OneView.

* Option D: VMware Tanzu is a Kubernetes platform and not suitable for deploying HPE OneView appliances.
