

Exam F5 F5CAB3 Overviews - F5CAB3 Trustworthy Exam Content

If you want to prepare for your exam in a paper version, our F5CAB3 test materials can do that for you. F5CAB3 PDF version is printable and you can print them into hard one, and take some notes on them. In addition, we offer you free demo to have a try, so that you can have a better understanding of what you are going to buy. We are pass guarantee and money back guarantee for F5CAB3 Exam Dumps, if you fail to pass the exam, we will give you full refund. Online and offline chat service are available, if you have any questions about F5CAB3 exam materials, you can have a conversation with us, and we will give you reply soon as possible.

Our F5CAB3 preparation exam can provide all customers with the After-sales service guarantee. The After-sales service guarantee is mainly reflected in to many aspects. The most important one is that we can promise that our F5CAB3 study questions will meet the customer demand for privacy protection. As is known to us, the privacy protection of customer is very important, No one wants to breach patient. So our F5CAB3 Actual Exam pays high attention to protect the privacy of all customers.

F5CAB3 Trustworthy Exam Content, Exam F5CAB3 Sample

At any point in the process of buying our F5CAB3 exam braindumps, the customer does not need to check the status of the purchase order, because as long as you have paid for it, then you can get it in a second. With all those efficiency, our F5CAB3 study engine is suitable in this high-speed society. With strong strength in this career, we can claim that you can only study our F5CAB3 learning guide for 20 to 30 hours, you can pass your F5CAB3 exam with 100% guarantee.

F5 BIG-IP Administration Data Plane Configuration Sample Questions (Q24-Q29):

NEW QUESTION # 24

A node is a member of multiple pools and hosts different applications. If one application becomes unavailable, only that pool member should be marked down.

What should the BIG-IP Administrator deploy?

- A. UDP monitor
- B. ICMP + TCP monitor
- C. HTTP monitor with custom send/receive
- D. TCP monitor

Answer: C

Explanation:

Application-level monitors ensure that only the affected service is marked down, not the entire node.

NEW QUESTION # 25

Which type of Virtual Server requires the use of a FastL4 profile?

- A. Standard
- B. Performance (HTTP)
- C. Performance (Layer 4)
- D. Stateless

Answer: C

Explanation:

Performance (Layer 4) virtual servers rely on FastL4 profiles for high-speed Layer 4 traffic handling.

NEW QUESTION # 26

A BIG-IP Administrator finds the following log entry after a report of user issues connecting to a virtual server:

01010201: Intercept exhaustion on 10.70.110.112 to 192.28.123.250:80 (proto 6) How should the BIG-IP Administrator modify the SNAT pool that is associated with the virtual server? (Choose one answer)

- A. Increase the timeout of the SNAT addresses
- B. Add an IP address to the SNAT pool
- C. Remove an IP address from the SNAT pool
- D. Remove the SNAT pool and apply SNAT Automap

Answer: B

Explanation:

The log message "Intercept exhaustion" indicates that the BIG-IP system has exhausted the available source port translations for one or more SNAT addresses. This occurs when too many concurrent client connections are being translated through a limited number of SNAT IP addresses, and all ephemeral source ports (typically ~64,000 per SNAT IP) are in use.

According to the BIG-IP Administration: Data Plane Configuration documentation:

Each SNAT IP address provides a finite number of available source ports.

When the number of concurrent connections exceeds the available port space, the BIG-IP logs an Intercept exhaustion error and new connections fail.

The recommended resolution is to increase the available SNAT resources by adding additional IP addresses to the SNAT pool.

Why the other options are incorrect:

A . Increase the timeout of the SNAT addresses

Increasing timeouts may actually worsen the problem by keeping ports allocated longer, accelerating port exhaustion.

B . Remove the SNAT pool and apply SNAT Automap

SNAT Automap uses the Self IP addresses on the egress VLAN, which may not provide additional capacity and can introduce routing or design issues. This is not a direct or recommended fix for SNAT exhaustion.

C . Remove an IP address from the SNAT pool

This would reduce the number of available source ports and further exacerbate the intercept exhaustion condition.

Correct Resolution:

By adding an IP address to the SNAT pool, the BIG-IP increases the total number of available source ports, alleviating intercept exhaustion and restoring successful client connections.

NEW QUESTION # 27

Application administrators are reporting that nodes different from those configured in the pool are selected. The use of an iRule is suspected.

How can the BIG-IP Administrator check if an iRule is used for this traffic? (Choose two answers)

- A. Via the GUI at the Resources tab for the virtual server.
- B. Via TMSH with the list /ltm virtual <virtual_server> command.
- C. Via the GUI at the iRule tab for the virtual server.
- D. Via TMSH with the list /ltm rule <irule> command.

Answer: A,B

Explanation:

In BIG-IP systems, iRules influence traffic only when they are attached to a Virtual Server. If application traffic is being sent to nodes or pool members that are not defined in the pool, this typically indicates that an iRule is overriding the default load-balancing behavior by explicitly selecting a pool or node.

According to BIG-IP Administration: Data Plane Configuration and official F5 guidance:

iRules are associated with Virtual Servers, not directly with pools or nodes.

To determine whether an iRule is actively affecting traffic, the administrator must inspect the Virtual Server configuration.

Explanation of the correct answers:

B . Via the GUI at the Resources tab for the virtual server

The Resources tab in the Configuration Utility displays all traffic-handling objects applied to the Virtual Server, including assigned iRules. This is the primary GUI location to verify whether an iRule is influencing data plane traffic.

C . Via TMSH with the list /ltm virtual <virtual_server> command

This TMSH command displays the full Virtual Server configuration, including any iRules listed under the rules section. It is the authoritative CLI method to confirm iRule usage.

Why the other options are incorrect:

A . Via TMSH with the list /ltm rule <iRule> command

This command only shows the contents of an iRule and does not indicate whether the iRule is attached to or used by any Virtual Server.

D . Via the GUI at the iRule tab for the virtual server

BIG-IP does not provide a dedicated "iRule" tab on Virtual Servers. iRules are viewed and managed under the Resources tab.

Correct Conclusion:

To verify whether an iRule is responsible for unexpected node selection, the BIG-IP Administrator must examine the Virtual Server configuration, either through the Resources tab in the GUI or by using TMSH to list the Virtual Server configuration.

NEW QUESTION # 28

A Standard Virtual Server for a web application is configured with SNAT Automap. The original client IP must be known by backend servers.

What should the BIG-IP Administrator configure?

- A. Performance (HTTP) Virtual Server
- **B. HTTP profile with X-Forwarded-For**
- C. SNAT pool using client IP
- D. HTTP Transparent profile

Answer: B

Explanation:

X-Forwarded-For inserts the original client IP into HTTP headers while SNAT is enabled.

NEW QUESTION # 29

.....

Our passing rate of F5CAB3 learning quiz is 99% and our F5CAB3 practice guide boosts high hit rate. Our F5CAB3 test torrents are compiled by professionals and the answers and the questions we provide are based on the real exam. The content of our F5CAB3 exam questions is simple to be understood and mastered. To let you get well preparation for the exam, our software provides the function to stimulate the real exam and the timing function to help you adjust the speed. Based on those merits of our F5CAB3 Guide Torrent you can pass the F5CAB3 exam with high possibility.

F5CAB3 Trustworthy Exam Content: <https://www.surepassexams.com/F5CAB3-exam-bootcamp.html>

I believe our F5CAB3 practice questions will not disappoint you, Do not be edgy about the exam anymore, because those are latest F5CAB3 exam torrent with efficiency and accuracy, F5 Exam F5CAB3 Overviews Then, you will have enough confidence to pass your exam, F5 Exam F5CAB3 Overviews You will find them full of learning and knowledge, It is no longer an accident for you to pass F5CAB3 exam after you have use our F5CAB3 exam software.

Be Aware of Physical PC Security Threats, A threat is a potential danger to information or systems, I believe our F5CAB3 Practice Questions will not disappoint you!

Do not be edgy about the exam anymore, because those are latest F5CAB3 exam torrent with efficiency and accuracy, Then, you

will have enough confidence to pass your exam.

Free PDF Quiz F5CAB3 - Latest Exam BIG-IP Administration Data Plane Configuration Overviews

You will find them full of learning and knowledge, It is no longer an accident for you to pass F5CAB3 exam after you have use our F5CAB3 exam software.
