## How to study the CSSBB Exam

There are two main types of resources for preparation of certification exams first there are the study guides and the books that are detailed and suitable for building knowledge from ground up then there are video tutorial and lectures that can somehow ease the pain of through study and are comparatively less boring for some candidates yet these demand time and concentration from the learner. Smart Candidates who want to build a solid foundation in all exam topics and related technologies usually combine video lectures with study guides to reap the benefits of both but there is one crucial preparation tool as often overlooked by most candidates the practice exams. Practice exams are built to make students comfortable with the real exam environment. Statistics have shown that most students fail not due to that preparation but due to exam anxiety the fear of the unknown. TestValid expert team recommends you to prepare some notes on these topics along with it don't forget to Practice CSSBB Exam exam dumps which been written by our expert team, Both these will help you a lot to clear this exam with good marks.

## Exam Details

All in all, the CSSBB Exam takes place in two different delivery modes which include computer-based testing (CBT) and the paper-based one. Both of them involve multiple-choice items and are aimed at testing the candidates' level of understanding of the CSSBB Body of Knowledge (BoK). As for the CBT mode, the exam has only one part containing 165 questions and is conducted in the English language only. Moreover, 15 items out of 165 are unscored inquiries. The total amount of time allotted for the computer-

delivered test is 4 hours and 18 minutes. As for the second mode (the PBT evaluation), the exam also has one part and is offered in English too. However, it contains 150 questions in total, involves a four-hour period of time, and may be offered in other languages such as Mandarin and Spanish in certain high-demand locations.
