Peoplecert ITIL 4 Specialist: Business Relationship Management Sample Questions (Q31-Q36):

NEW QUESTION # 31

Which is an example of an approach to managing a business relationship in a clear domain?

- A. A business relationship manager is provided with a set of principles to apply when discussing sustainability issues with customers
- B. A business relationship manager is provided with a detailed set of instructions for gathering information about new customers

- C. A business relationship manager uses a Gemba walk for analysing stakeholders influence and interest
- D. A business relationship manager is provided high-level guidance for customer discussions

Answer: B

Explanation:

In a clear domain, processes are well understood and documented; providing a detailed set of instructions aligns with that clarity, guiding the BRM's information-gathering.

NEW QUESTION # 32

Which statement about the relationship between the capability criteria and the four dimensions of service management is CORRECT?

- A. Each capability level contains one or more criteria for each of the four dimensions
- B. Each capability level contains the same number of criteria for each of the four dimensions
- C. Each capability criterion is linked to only one of the four dimensions
- D. Not all capability criteria have been mapped to one of the four dimensions

Answer: A

Explanation:

At every capability level, there are one or more criteria corresponding to each of the four dimensions of service management, ensuring balanced consideration across all dimensions.

NEW QUESTION # 33

Which describes the skill of self-awareness?

- A. The ability to understand trends in technology and influence long-term planning
- B. The ability to question effectively and demonstrate active listening
- C. The ability to persuade stakeholders at all levels within an organization?
- D. The ability to be introspective and understand one's own behavior

Answer: D

Explanation:

Self-awareness is defined as the capacity for introspection and understanding one's own behaviors and their effects.

NEW QUESTION # 34

A small organization's problem management practice has been assessed at capability level 2, with only one criterion met at level 3. Which TWO factors should this organization consider MOST in the context of the "Where do we want to be?" step in the continual improvement model?

1. The costs and time required to achieve level 3
2. How to achieve level 5 for the practice
3. The impact of missing capabilities on the business
4. How to improve all four dimensions of service management at once

- A. 3 and 4
- B. 1 and 2
- C. 2 and 4
- D. 1 and 3

Answer: D

Explanation:

In setting improvement targets, the organization should weigh the costs and time required to reach Level 3 (factor 1) and understand how the missing capabilities currently impact the business (factor 3), ensuring that objectives are both feasible and aligned with business priorities.

NEW QUESTION # 35

Which skill requires a business relationship manager to be introspective and understand their own behavior?

- A. Written and verbal communications
- B. Strategic Thinking
- C. Self-awareness
- D. Persuasion/negotiation

Answer: C

Explanation:

Self-awareness involves introspection and understanding one's own behaviors, emotions, and impact on relationships, which is essential for a business relationship manager.
