

H19-401_V2.0 Valid Test Format & Leader in qualification Exams & Huawei HCSP-Presales-Campus Network Planning and Design V2.0

PrepPDF provide you with the most authoritative and the fullest Huawei H19-401_V2.0 Exam Dumps, thus the hit rate is very high. All questions that may appear in the exam are included in our exam dumps. With the changes of exam outline, we also update our exam dumps at any time. PrepPDF pdf real questions and answers can prevent you from wasting lots of time and efforts on preparing for the exam and can help you sail through you exam with ease and high efficiency. But even you fail the exam, we assure we will give you FULL REFUND. Opportunities always for those who are well prepared and we wish you not to miss the good opportunities.

With limited time for your preparation, many exam candidates can speed up your pace of making progress. Our H19-401_V2.0 study materials will remedy your faults of knowledge understanding. As we know, some people failed the exam before, and lost confidence in this agonizing exam before purchasing our H19-401_V2.0 training guide. Also it is good for releasing pressure. Many customers get manifest improvement and lighten their load with our H19-401_V2.0 exam braindumps. So just come and have a try!

Updated H19-401_V2.0 Valid Test Format | H19-401_V2.0 100% Free Test Duration

Our company is a reliable and leading company in the business of H19-401_V2.0 test dumps, we are famous for the commitment. We have in this business for years, and we have a team of high efficiency. The H19-401_V2.0 test dumps are quite efficient and correct, we have the professional team for update of the H19-401_V2.0 test material, and if we have any new version, we will send it to you timely, it will help you to pass the exam successfully.

Huawei HCSP-Presales-Campus Network Planning and Design V2.0 Sample Questions (Q48-Q53):

NEW QUESTION # 48

When iMaster NCE-Campus functions as an authentication server, it can connect to common user data sources, such as AD and LDAP.

- A. False
- **B. True**

Answer: B

Explanation:

In a modern campus network, unified identity management is critical. iMaster NCE-Campus acts as a RADIUS and Portal server that integrates with existing enterprise directories. It supports synchronization and authentication against Microsoft Active Directory (AD), LDAP, and third-party databases via standard protocols. This enables features like SSO (Single Sign-On) and ensures that user permissions are consistent with their existing corporate credentials.

NEW QUESTION # 49

Global radio calibration adopts a "the more, the better" approach. It needs to be performed immediately if poor wireless experience is detected.

- A. True
- **B. False**

Answer: B

Explanation:

Global radio calibration is a process where the WAC or iMaster NCE calculates the optimal channel and power levels for all APs. It is not a "the more, the better" task. Frequent or immediate calibration during peak hours can cause "flapping," where APs constantly change channels, leading to service interruptions and client disconnections. Huawei recommends performing global calibration during off-peak hours (e.g., at night) or using AI-based calibration (CampusInsight) which makes gradual, intelligent adjustments rather than disruptive immediate changes.

NEW QUESTION # 50

Which of the following encryption modes is used in WAPI authentication?

- A. TKIP
- B. Web
- C. CCMP
- **D. SM4**

Answer: D

Explanation:

WAPI (WLAN Authentication and Privacy Infrastructure) is a Chinese national standard for wireless security. Unlike the international WPA standards that use AES (CCMP) or the legacy TKIP, WAPI utilizes the SM4 (formerly SMS4) symmetric block cipher algorithm for data encryption and the SM3 hash algorithm for integrity. Huawei enterprise APs support WAPI to meet specific regulatory and security requirements in the Chinese market.

NEW QUESTION # 51

Hybrid cables do not support PoE++ power supply.

- A. True
- B. False

Answer: B

Explanation:

This statement is False . Huawei's Hybrid Optical-Electrical Cables (Photoelectric cables) are specifically designed to overcome the 100-meter distance limitation of traditional Ethernet. They combine optical fibers for high-speed data (10G/25G/100G) and copper wires for power. These cables are a core part of the "Simplified Architecture" and do support PoE++ (up to 90W), allowing high-power Wi-Fi 7 APs to be powered over distances of up to 300-500 meters from a central switch.

NEW QUESTION # 52

Which of the following cannot be monitored by the controller?

- A. Link traffic statistics of sites
- B. Devices' original flow information collected using NetStream
- C. Traffic statistics of different applications on links
- D. VPN topology information

Answer: B

Explanation:

The iMaster NCE-Campus controller monitors the network via protocols like SNMP, NETCONF, and Telemetry to provide visibility into application traffic (A), topology (B), and link stats (D). However, original /raw NetStream flow information (C) is typically too voluminous for a management controller to process. Instead, these raw packets are sent to a dedicated Analyzer (like iMaster NCE-CampusInsight) which performs deep data mining. The controller only receives summarized reports or metadata from the analyzer.

NEW QUESTION # 53

.....

Do you want to pass H19-401_V2.0 exam and get the related certification within the minimum time and effort? If you would like to give me a positive answer, you really should keep a close eye on our website since you can find the best H19-401_V2.0 study material in here--our H19-401_V2.0 Training Materials. We have helped millions of thousands of candidates to prepare for the H19-401_V2.0 exam and all of them have got a fruitful outcome, we believe you will be the next winner as long as you join in us!

H19-401_V2.0 Test Duration: https://www.preppdf.com/Huawei/H19-401_V2.0-prepaway-exam-dumps.html

It can be said that all the content of the H19-401_V2.0 prepare questions are from the experts in the field of masterpieces, and these are understandable and easy to remember, so users do not have to spend a lot of time to remember and learn our H19-401_V2.0 exam questions, It is impossible to pass H19-401_V2.0 installing and configuring HCSP Presales exam without any help in the short term, Huawei H19-401_V2.0 Valid Test Format however, we will not place your order until we have received the funds from your bank.

The additional destinations are not required but are specified on an implementation basis, Inserting Form Objects, It can be said that all the content of the H19-401_V2.0 prepare questions are from the experts in the field of masterpieces, and these are understandable and easy to remember, so users do not have to spend a lot of time to remember and learn our H19-401_V2.0 Exam Questions.

What is the Reason to Trust on Huawei H19-401_V2.0 Exam Questions?

It is impossible to pass H19-401_V2.0 installing and configuring HCSP Presales exam without any help in the short term, however, we will not place your order until we have received the funds from your bank.

We can download this version of H19-401_V2.0 exam dumps into all the electronics and study anytime and anywhere, Now PrepPDF experts have developed a pertinent training program for Huawei certification H19-401_V2.0 exam, which can help you spend a small amount of time and money and 100% pass the exam at the same time.
