Just download the PassTorrent C-CPI-2506 Questions and start C-CPI-2506 exam preparation without wasting further time.

SAP Certified Associate - Integration Developer Sample Questions (Q20-Q25):

NEW QUESTION # 20

You download the Performance-Traceability policy from the SAP Business Accelerator Hub and implement it in an API proxy. What can you use to view the data covered by the policy?

- A. The API monitor under Monitor # Integration APIs
- B. A third party monitoring tool
- C. SAP Cloud ALM
- D. SAP Analytics Cloud

Answer: A

Explanation:

When you implement the Performance-Traceability policy in API Management:

It enables detailed monitoring of API calls, including latency, performance metrics, and message traces.

This data is available in the API Monitor (Monitor # Integration APIs) within the SAP Integration Suite cockpit.

Other options:

SAP Cloud ALM # General monitoring, not API trace-specific.

Third-party monitoring # Possible but not where SAP policy data is viewed.

SAP Analytics Cloud # For analytics, not direct monitoring of API proxy performance.

Thus, the correct monitoring location is API monitor under Monitor # Integration APIs.

NEW QUESTION # 21

Which architectural pattern in an event-driven architecture allows direct communication between two parties without an intermediary?

- A. Event Sourcing
- B. Publish-Subscribe
- C. Message Queue
- D. Point-to-Point

Answer: D

Explanation:

References

In an event-driven architecture (EDA), several messaging patterns exist:

Point-to-Point # Enables direct communication between exactly two parties (sender and receiver) without intermediaries.

Publish-Subscribe # Multiple consumers subscribe to events; requires a broker/intermediary (like Event Mesh).

Message Queue # Relies on a queue as an intermediary between producer and consumer.

Event Sourcing # Refers to storing state changes as events, not a communication pattern.

Therefore, the only pattern allowing direct communication without an intermediary is Point-to-Point.

NEW QUESTION # 22

What kind of editor can you use to manipulate integration flows?

- A. Command-line editor
- B. Code editor
- C. Graphical editor

Answer: C

Explanation:

To manipulate integration flows, you can use a graphical editor that is provided by SAP Integration Suite. The graphical editor allows you to visualize and edit your integration flows using a drag-and-drop interface. It also provides a palette of icons that represent different integration components and actions, such as senders, receivers, routers, mappers, transformers, and so on. You can use the graphical editor to design and configure complex integration scenarios in a user-friendly way. Reference: Overview of Integration Flow Editor | SAP Help Portal, Design and Deploy Your First Integration Flow | SAP Tutorials

NEW QUESTION # 23

You want to set up Exchange Properties in an integration flow. Besides a Content Modifier, what can you use?

- A. Groovy SDK scripting
- B. Batch scripting
- C. Python scripting
- D. XML scripting

Answer: A

Explanation:

In SAP Cloud Integration, Exchange Properties can be created and set using:
Content Modifier # Standard way to configure properties.

Groovy Scripting # Via the SAP CPI Groovy SDK, you can dynamically add or update exchange properties at runtime.

Other options:

Batch scripting, XML scripting, Python scripting # Not supported in SAP CPI.

Thus, besides Content Modifier, you use Groovy SDK scripting.

NEW QUESTION # 24

In the SAP Integration Suite, where can you change the virtual host name?

- A. Settings APIs
- B. Discover - APIs
- C. Design APIs
- D. Configure ? APIs

Answer: A

Explanation:

In the SAP Integration Suite, you can change the virtual host name in the Settings APIs. The Settings APIs allow you to configure various aspects of your API provider, such as the virtual host name, the base path, the authentication method, and the CORS settings. Reference: Integration Software | SAP Integration Suite, Modernize Integration with SAP Integration Suite | openSAP

NEW QUESTION # 25

.....

Compared with our PDF version of C-CPI-2506 training guide, you will forget the so-called good, although all kinds of digital device convenient now we read online to study for the C-CPI-2506 exam, but many of us are used by written way to deepen their memory patterns. Our PDF version of C-CPI-2506 prep guide can be very good to meet user demand in this respect, allow the user to read and write in a good environment continuously consolidate what they learned. And the PDF version of C-CPI-2506 learning guide can be taken to anywhere you like, you can practice it at any time as well.
