ASQ Certified Manager of Quality/Organizational Excellence Exam Sample Questions (Q21-Q26):

NEW QUESTION # 21

What is the first phase in initiating a benchmarking plan?

- A. Observe best practices
- B. Identify a benchmark partner
- C. Project future performance requirements
- D. Identify what to benchmark

Answer: D

Explanation:

The first phase in initiating a benchmarking plan is to identify what to benchmark. This involves defining a tightly focused subject of the benchmarking study and choosing an issue critical to the organization's success. Before an organization can achieve the full benefits of benchmarking, its own processes must be clearly understood and under control.

NEW QUESTION # 22

Supply chain management should focus on

- A. Improving individual elements of the supply chain
- B. reducing costs to the consumer
- C. driving costs back through the supply chain
- D. optimizing the processes of the supply chain

Answer: D

Explanation:

Supply chain management involves coordinating and integrating various activities across the entire supply chain to ensure efficient flow of goods, services, and information. While all the options listed are relevant, optimizing the processes of the supply chain is crucial for achieving sustainable performance. This includes streamlining processes, reducing waste, enhancing collaboration, and improving overall efficiency.

By doing so, organizations can achieve cost savings, enhance customer satisfaction, and maintain competitive advantage. Focusing solely on reducing costs to the consumer (option D) may not address the broader supply chain dynamics and long-term sustainability.

Most of the employees in that department have been with the company for many years and openly resent the suggestion that they need additional training. In this situation, what would be the best way for the quality manager to respond?

- A. Discuss with the employees how the training can help the company better satisfy its customers
- B. Ask HR to waive the training requirements for staff that have more than five years of service in quality
- C. Advise the employees that they are all required to attend the training, regardless of whether they need it
- D. Suggest that the employees present their concerns to the HR staff who conducted the needs analysis

Answer: A

NEW QUESTION # 25

Rank in order, from first to last, the following steps to creating a new service organization.

1. Implement new tactics at the front line
2. Clarify the service strategy
3. Evaluate the present level of service quality
4. Educate the organization

- A. 3, 4, 1, 2
- B. 3, 2, 4, 1
- C. 2, 1, 3, 4
- D. 2, 4, 1, 3

Answer: D

Explanation:

The correct order to create a new service organization starts with clarifying the service strategy (2), then educating the organization (4) to ensure that everyone understands the strategy and their role in it. Following that, implement new tactics at the front line (1), and finally, evaluate the present level of service quality (3) to assess the effectiveness of the changes.
