Microsoft SC-400 Exam is a comprehensive certification exam that tests the skills and knowledge of professionals in the field of information protection. It is designed for individuals who have experience with Microsoft 365 workloads, information protection concepts, and technologies. Passing SC-400 exam demonstrates the ability to implement and manage Microsoft Information Protection solutions across various Microsoft 365 workloads and can help professionals advance their careers in the field of information protection.

The SC-400 Exam covers a wide range of topics related to the MIP solution, including data classification, labeling, and protection, as well as data loss prevention and compliance. Candidates must also demonstrate their proficiency in configuring and managing the MIP solution in various scenarios, including cloud and hybrid environments.
