ISQI IREB Certified Professional for Requirements Engineering. Foundation Level Sample Questions (Q78-Q83):

NEW QUESTION # 78

Complete the sentence with the right option:

"The _____ quality criteria states that the requirement must be comprehensible to the target audience."

- A. Understandable
- B. Unambiguous
- C. Conformant
- D. Adequate

Answer: A

Explanation:

Comprehensive and Detailed Explanation From Exact Extract:

The "understandable" quality criterion requires that a requirement be clear to its intended readers so they can grasp its meaning without confusion or needing additional interpretation. "Unambiguous" goes further, demanding that different readers interpret it the same way. "Adequate" means the requirement correctly reflects agreed stakeholder needs, and "conformant" applies to sets of requirements following predefined format or structure rules. Since the sentence refers specifically to comprehensibility for the target audience,

"understandable" is the correct fill.

NEW QUESTION # 79

You are employed as a requirements engineer in a company that develops control software for electric motors.

During your work it becomes increasingly evident that the developers are very well aware of the necessary requirements, even though the requirements are not documented in their entirety. Nevertheless, you decide to document requirements systematically.

Which two of the following arguments justifies this step? (2 Points)

Documenting requirements systematically is important, because...

- A. ... documented requirements are also good requirements.
- B. ... non-documented requirements are difficult to negotiate between the stakeholders.
- C. ... the coverage of the requirements by means of test cases cannot be checked.
- D. ... implementation without documented requirements is not possible.

Answer: B,C

NEW QUESTION # 80

Listed below you will find four reasons why different views of individual components of the requirements are used instead of a single view displaying all the requirements and attributes. Which of the following reasons are true and which are false? (2 Points)

| True | False | |
|------|-------|--|
| A | B | Stakeholders only receive the part of the documentation relevant to them. |
| C | D | Requirements which belong together are grouped in order to facilitate the review process. |
| E | F | In order to hide requirements from certain stakeholders who shall not have read authorization. |
| G | H | In order to guarantee that more than one person can work at the same time on a specification. |

Answer:

Explanation:

A, C, E, H

NEW QUESTION # 81

Consider a context diagram of a system. The context diagram of the figure was done using:

- A. an UML UCD
- B. All the other options are wrong.
- C. a DFD
- D. an UML State Diagram

Answer: C

NEW QUESTION # 82

Which of the following sentences about template-based requirements is FALSE?

- A. They put obstacles in capturing the most relevant information.
- B. They look more uniform than requirements written in natural language.
- C. They aren't the most flexible.
- D. They may lead requirements engineers to not focus on the requirements' contents.

Answer: A

NEW QUESTION # 83

.....
