2025 Latest Real4dumps 1z0-1104-25 PDF Dumps and 1z0-1104-25 Exam Engine Free Share: https://drive.google.com/open?id=1zcbPHLk_SJJ56WlkG_Ciha7DQPE1mlvA

Real4dumps has been to make the greatest efforts to provide the best and most convenient service for our candidates. High speed and high efficiency are certainly the most important points. In today's society, high efficiency is hot topic everywhere. So we designed training materials which have high efficiency for the majority of candidates. It allows candidates to grasp the knowledge quickly, and achieved excellent results in the exam. Real4dumps's Oracle 1z0-1104-25 Exam Training materials can help you to save a lot of time and effort. You can also use the extra time and effort to earn more money.

Oracle 1z0-1104-25 Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none">Implementing Identity and Access Management (IAM): This section of the exam measures skills of OCI Administrators and focuses on identity and access controls. It covers IAM domains, users, groups, and compartments, as well as the use of IAM policies to manage access to resources. Candidates are also tested on configuring dynamic groups, network sources, and tag-based access control, along with managing MFA, sign-on policies, and activity monitoring.
Topic 2	<ul style="list-style-type: none">Detecting, Remediating, and Monitoring OCI Resources: This section of the exam measures the skills of OCI Administrators and emphasizes monitoring and maintaining security posture across cloud resources. It focuses on the use of Cloud Guard, security zones, and the Security Advisor. Candidates also need to understand how to identify rogue users with threat intelligence, as well as use monitoring, logging, and event services for continuous visibility into performance and security.
Topic 3	<ul style="list-style-type: none">Implementing OS and Workload Protection: This section of the exam measures the skills of OCI Administrators and looks at securing workloads and operating systems. It includes the use of OCI Bastion for time-limited access, vulnerability scanning of hosts and containers, and the use of OS management for automated updates. The goal is to ensure that workloads remain resilient and well-protected.

Topic 4	<ul style="list-style-type: none"> Protecting Infrastructure - Network and Applications: This section of the exam measures the skills of Cloud Security Professionals and covers methods for securing networks and applications on OCI. Topics include network security groups, firewalls, and security lists, while also focusing on the use of load balancers for availability. The section further addresses the configuration of OCI certificates and web application firewalls to strengthen infrastructure security.
Topic 5	<ul style="list-style-type: none"> OCI Security Introduction: This section of the exam measures the skills of Cloud Security Professionals and covers the basics of security in Oracle Cloud Infrastructure. It introduces the shared security responsibility model, the core principles of security design, and the use of foundational security services to secure deployments on OCI.

Reliable 1z0-1104-25 Exam Simulations, 1z0-1104-25 Valid Exam Practice

Are you worried about the security of your payment while browsing? 1z0-1104-25 test torrent can ensure the security of the purchase process, product download and installation safe and virus-free. If you have any doubt about this, we will provide you professional personnel to remotely guide the installation and use. The buying process of 1z0-1104-25 Test Answers is very simple, which is a big boon for simple people. After the payment of 1z0-1104-25 guide torrent is successful, you will receive an email from our system within 5-10 minutes; click on the link to login and then you can learn immediately with 1z0-1104-25 guide torrent.

Oracle Cloud Infrastructure 2025 Security Professional Sample Questions (Q34-Q39):

NEW QUESTION # 34

"A company, ABC, is planning to launch a new web application on OCI. Based on past experiences, they expect a significant surge in traffic after the launch. You are responsible for ensuring that the application is highly available.

Which step would you perform to achieve this goal?

- A. Use a Virtual Cloud Network (VCN) with subnets, security lists, and routing rules to isolate the web application from the Internet and other resources.
- B. Use a load balancer to distribute incoming traffic evenly across multiple instances of the web application."**
- C. Configure Cloud Guard to prevent large amounts of traffic from reaching the web application.
- D. Implement security controls, such as web application firewalls, to protect against common attack vectors.

Answer: B

NEW QUESTION # 35

"Your company is in the process of migrating its sensitive data to Oracle Cloud Infrastructure (OCI) and is prioritizing the strongest possible security measures. Encryption is a key part of this strategy, but you are particularly concerned about the physical security of the hardware where your encryption keys will be stored.

Which characteristic of OCI Key Management Service (KMS) helps ensure the physical security of your encryption keys?

- A. Granular customer control over key access permissions
- B. Utilization of FIPS 140-2 validated Hardware Security Modules (HSMs)"**
- C. Centralized key management for simplified administration
- D. Seamless integration with other OCI services for streamlined workflows

Answer: B

NEW QUESTION # 36

You are the first responder of a security incident for ABC Org. You have identified several IP addresses and URLs in the logs that you suspect may be related to the incident. However, you need more information to confidently determine whether they are indeed malicious or not.

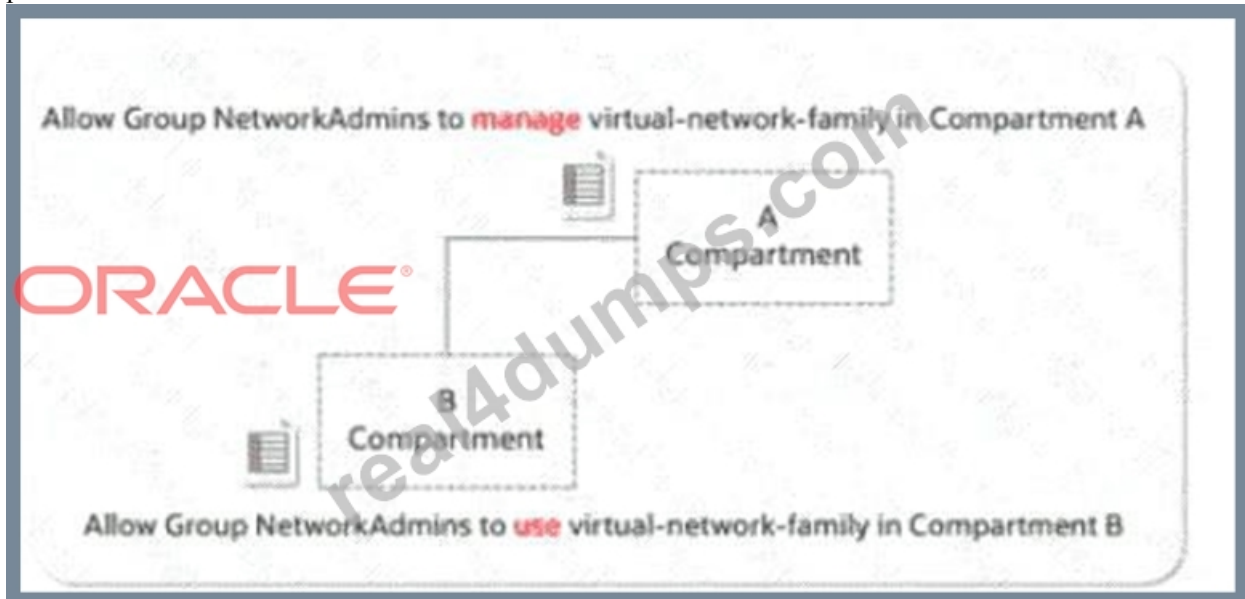

Which OCI service can you use to obtain a more refined information and confidence score for these identified indicators?

- A. OCI Incident Responder
- B. OCI Web Application Firewall
- **C. OCI Threat Intelligence**
- D. OCI Security Zones

Answer: C

NEW QUESTION # 37

A company has implemented OCI IAM policies with multiple levels of compartments. A policy attached to a parent compartment grants "manage virtual-network-family" permissions. A policy attached to a child compartment grants "use virtual-network-family" permissions.

According to OCI IAM policy inheritance, how does the OCI IAM policy engine resolve the permissions for a user attempting to perform an operation that requires 'manage' permissions in the child compartment?

- **A. The policy in the parent compartment takes precedence, and the user is granted "manage" permissions.**
- B. The policy in the child compartment takes precedence, and the user is granted "use" permissions only.
- C. The operation is denied due to conflicting policies.

Answer: A

NEW QUESTION # 38

"You are part of the security operations of an organization with thousands of users accessing Oracle Cloud Infrastructure (OCI). It is reported that an unknown user action was executed resulting in configuration errors.

You are tasked with identifying the details of all users who were active in the last six hours along with any REST API calls that were executed.

Which OCI feature should you use?

- A. Management Agent Log Ingestion
- **B. Audit Analysis Dashboard**
- C. Object Collection Rule
- D. Service Connector Hub"

Answer: B

NEW QUESTION # 39

.....

The 1z0-1104-25 desktop-based practice exam is compatible with Windows-based computers and only requires an internet connection for the first-time license validation. The web-based 1z0-1104-25 practice test is accessible on any browser without needing to install any separate software. Finally, the 1z0-1104-25 Dumps PDF is easily portable and can be used on smart devices or printed out. We constantly update the 1z0-1104-25 pdf file to ensure customers receive the latest version of Oracle 1z0-1104-25 questions, based on the actual Oracle Cloud Infrastructure 2025 Security Professional (1z0-1104-25) exam content.
