Usage			

Answer:

Explanation:

Usage - Offers a drill-down view into the volume of active users and the key activities for each product for the last 12 months. Use the reports in this section to learn how people in your organization are using Microsoft 365.

Communication - You can see at a glance whether people in your organization prefer to stay in touch by using Teams, Yammer, email, or Skype calls. You can observe if there are shifts in patterns in the use of communication tools among your employees.

Collaboration - See how people in your organization use OneDrive and SharePoint tostore documents and collaborate with each other, and how these trends evolve month over month. You can also see how many users shared documents internally or externally and how many users used SharePoint sites or OneDrive accounts, broken out by owners and other collaborators.

Storage - Use this report to track cloud storage for mailboxes, OneDrive, and SharePoint sites.

Mobility - Track which clients and devices people use to connect to email, Teams, Skype, or Yammer.
