The Microsoft DP-900 Mock Test has a built-in tracker which keeps a record of your progress in each take for you to easily analyze and improve your Microsoft DP-900 preparation.

Microsoft DP-900 (Microsoft Azure Data Fundamentals) certification exam is a valuable credential for anyone looking to validate their knowledge and skills in managing data in the cloud. With its comprehensive coverage of foundational concepts and practical applications, this certification can help you stand out in a competitive job market and advance your career in the field of data management.

What should you know about the Microsoft DP-900 exam?

The Microsoft DP-900 exam is 60 minutes long and consists of 40-60 questions of various types. Some of these formats may include multiple choice, active screen, drag and drop, build list, best answer, short answer, and case studies, among others. The candidates can find the examples of these question types on the official website. This certification test is designed to evaluate the competence of the professionals in using non-relational and relational data on Azure, as well as the analytics workload that is available on Azure. The exam fee is $99 and the applicants must pay it before registering for and scheduling their test. To complete this exam on the first try, they must achieve at least 720 points on a scale of 100-1000. The languages available for this test include English, German, Korean, Spanish, French, Japanese, and Simplified Chinese.
