300-425 Test Fee & 300-425 Official Practice Test

What's more, part of that PremiumVCEDump 300-425 dumps now are free: https://drive.google.com/open?id=1C6IdU9HKBG2_sva5_fcVCD06qW7uVMwC

For candidates who buy 300-425 exam bootcamp online, they may have the concern about the money safety. We apply the international recognition third party for the payment, and it will protect the interests of you. Therefore you put your mind at rest if you buy 300-425 exam bootcamp from us. In addition, we have free demo for you to have a try, so that you can have a deeper understanding the complete version of the 300-425 Exam Dumps. If you have any other questions, just contact us, and we will do what we can do to help you.

Considering current situation, we made a survey and find that most of the customers are worried about their privacy disclosure. Here our 300-425 exam prep has commitment to protect every customer' personal information. About customers' privacy, we firmly safeguard their rights and oppose any illegal criminal activity with our 300-425 Exam Prep. We promise to keep your privacy secure with effective protection measures if you choose our 300-425 exam question. Given that there is any trouble with you, please do not hesitate to leave us a message or send us an email; we sincere hope that our 300-425 test torrent can live up to your expectation.

300-425 Official Practice Test | Test 300-425 Dump

If you are the first time to take part in the exam. We strongly advise you to buy our 300-425 training materials. One of the most advantages is that our 300-425 study braindumps are simulating the real exam environment. Many candidates usually feel nervous in the real exam. If you purchase our 300-425 Guide questions, you do not need to worry about making mistakes when you take the real exam. In addition, you have plenty of time to practice on our 300-425 exam prep.

Cisco Designing Cisco Enterprise Wireless Networks Sample Questions (Q147-Q152):

NEW QUESTION # 147
An engineer must repurpose a lab WLC appliance for use in the production environment of the enterprise.
After the new WLC is configured with the information of the other WLC, the mobility tunnels are still not coming up. What is the reason?

- A. A firewall is blocking UDP port 16667 between the WLCs.
- B. The WLC management interfaces are in the same VLAN.
- C. The mobility groups are different.
- D. The hardware platform is incompatible.

Answer: C

Explanation:

For mobility tunnels to come up between WLCs, they need to be part of the same mobility group. If they are configured with different mobility groups, the mobility tunnels will not establish, preventing the WLCs from sharing client, AP, and security information.

NEW QUESTION # 148

An engineer as performing a Layer 1 passive wireless site survey utilizing a channel analyzer software in the 2.4 GHz spectrum. Which chart indicates the ratio of interference present during the duration of the capture?

A)

B)

C)

- A. Option B
- B. Option A
- C. Option D
- D. Option C

Answer: D

NEW QUESTION # 149

Refer to the exhibit. Client A is roaming from AP1 on WLC1 to AP2 on WLC2. The client roams between two APs registered to two different controllers. The WLAN on the two controllers is on a different subnet. Which scenario explains the client's roaming behavior?

- A. The client database remains in the mobility anchor controller and it is not copied or moved.
- B. The client database entry is different than that of Layer 2 roam because the client database is neither moved nor copied into the new controller.
- C. The client database entry is different than that of Layer 2 roam. (Instead of moving, it copies the database to the new controller.)
- D. The client database entry is different than that of Layer 2 roam. (Instead of copying, it moves the database to the new controller.)

Answer: C

Explanation:
When Client A roams from AP1 on WLC1 to AP2 on WLC2 across different subnets, this is considered a Layer 3 roam. Unlike Layer 2 roaming where the client's database entry moves with them, in Layer 3 roaming, the client's database entry is copied to the new controller (WLC2). This ensures continuity of service as Client A transitions between access points managed by different wireless LAN controllers.

NEW QUESTION # 150

An engineer is implementing a wireless design for a service provider. The design includes a Catalyst 9800, a stack of two Catalyst 9300X-
48HX switches, and 9166 APs. Each AP must be named using the Floor-439412509-01X sting where X is the area number. The engineer wants to connect the APs to the switch stack using POE. How many APs must the engineer connect to the stack so the APs run using full functionalities?

- A. half ports per switch
- B. all ports on switch 1 of the stack
- C. all ports on switch 2 of the stack
- D. all ports of the switches

Answer: D

Explanation:
The Catalyst 9300X-48HX switches support PoE, which can power the 9166 APs. To ensure that all APs run with full functionalities, including PoE, the engineer should connect the APs to all available ports on the stack of two Catalyst 9300X-48HX switches. This will provide sufficient power and connectivity for the APs to operate effectively. Reference: Cisco Catalyst 9300X

switch specifications and PoE requirements for 9166 APs.

NEW QUESTION # 151

An engineer is designing a wireless deployment for a university auditorium. Which two features can be used to help deal with the issues introduced by high AP count? (Choose two.)

- **A. TPC**
- B. DFS
- C. LSS
- D. TSPEC
- **E. RXSOP**

Answer: A,E

Explanation:

RXSOP (Receive Start of Packet Detection Threshold) and TPC (Transmit Power Control) are two features that can help manage the challenges associated with a high AP (Access Point) count in a dense environment like a university auditorium. RXSOP can be adjusted to refine how APs differentiate between noise and valid packets, which is particularly useful in high-density areas where multiple APs might otherwise respond to the same signal. TPC helps in managing the transmit power of APs, allowing for better coverage and reduced interference among APs that are in close proximity to each other. NEW QUESTION # 152

......

On the basis of the current social background and development prospect, the 300-425 certifications have gradually become accepted prerequisites to stand out the most in the workplace. Our 300-425 exam materials are pleased to serve you as such an exam tool to help you dream come true. With over a decade's endeavor, our 300-425 practice materials successfully become the most reliable products in the industry. There is a great deal of advantages of our 300-425 exam questions you can spare some time to get to know.

300-425 Official Practice Test: https://www.premiumvcedump.com/Cisco/valid-300-425-premium-vce-exam-dumps.html

Cisco 300-425 Test Fee Qualified professionals are working with us to meet all your needs and provides you with the best, Cisco 300-425 Test Fee So once people make allusions to effective exam materials, we naturally come into their mind, Cisco 300-425 Test Fee You have to work on it and get started from now, Among these important sectors, customer service is also a crucial link to boost the sales of the 300-425 test braindumps: Designing Cisco Enterprise Wireless Networks.

You can also change how the text wraps around the graphic by using the Wrap 300-425 Text command, Implement dashboards with Shiny, Qualified professionals are working with us to meet all your needs and provides you with the best.

Realistic Cisco 300-425 Test Fee Pass Guaranteed

So once people make allusions to effective exam 300-425 Sure Pass materials, we naturally come into their mind, You have to work on it and get started from now, Among these important sectors, customer service is also a crucial link to boost the sales of the 300-425 Test Braindumps: Designing Cisco Enterprise Wireless Networks.

They also focus on the newest and subtle changing Test 300-425 Dump about the exam tips and the latest tendency to ensure the accuracy of our study material.
