

Free Updates To The Open Group OGBA-101 Exam Dumps For 1 year

What's more, part of that Actual4Exams OGBA-101 dumps now are free: <https://drive.google.com/open?id=11g7XljXNlsSgi3Enl1MB2ewHhEi6N3aG>

On the one thing, our company has employed a lot of leading experts in the field to compile the OGBA-101 exam torrents, so you can definitely feel rest assured about the high quality of our OGBA-101 question torrents. On the other thing, the pass rate among our customers who prepared the exam under the guidance of our OGBA-101 study materials has reached as high as 98% to 100%. What's more, you will have more opportunities to get promotion as well as a pay raise in the near future after using our OGBA-101 question torrents since you are sure to get the certification. So you can totally depend on our OGBA-101 exam torrents when you are preparing for the exam. If you want to be the next beneficiary, just hurry up to purchase.

The Open Group OGBA-101 Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none">• Development of a Business Architecture: This topic explains how a Business Architecture is developed with the TOGAF ADM.
Topic 2	<ul style="list-style-type: none">• Organization Mapping: In this topic of the TOGAF Business Architecture Foundation exam, TOGAF business architects learn how to apply organization mapping when developing a Business Architecture.
Topic 3	<ul style="list-style-type: none">• TOGAF ADM: This topic of the OGBA-101 Exam gives TOGAF business architects an introduction to the TOGAF ADM, its objectives, and usage.
Topic 4	<ul style="list-style-type: none">• Enterprise Architecture and the TOGAF Standard: In this topic of the OGBA-101 exam, TOGAF business architects learn about the contents of the TOGAF framework, the TOGAF Architecture Development Method (ADM), and the TOGAF Library.

Reliable OGBA-101 Dumps Questions Makes Passing TOGAF Business Architecture Foundation Exam Easier

It is never too late to try new things no matter how old you are. Someone always give up their dream because of their ages, someone give up trying to overcome OGBA-101 exam because it was difficult for them. Now, no matter what the reason you didn't pass the exam, our study materials will try our best to help you. If you are not sure what kinds of OGBA-101 Exam Question is appropriate

for you, you can try our free demo of the PDF version. There must be one that suits you best. Your life will become more meaningful because of your new change, and our OGBA-101 question torrents will be your first step.

The Open Group TOGAF Business Architecture Foundation Exam Sample Questions (Q127-Q132):

NEW QUESTION # 127

Consider the following graphic from the TOGAF Standard:

□ Why is this method used?

- A. To simplify the management of the Enterprise Architecture.
- B. To capture the fundamental truths on how the enterprise will use resources.
- C. To define the degree to which alternative information and services are to be shared.
- **D. To build understanding of different possibilities and identify trade-offs between the alternatives.**

Answer: D

NEW QUESTION # 128

Question: Which ADM Phases match the following purpose descriptions?

□

- A. 1 Phase C - 2 Phase F - 3 Phase H - 4 Phase B
- B. 1 Phase D - 2 Phase B - 3 Phase G - 4 Phase A
- **C. 1 Phase C - 2 Phase F - 3 Phase G - 4 Phase D**
- D. 1 Phase C - 2 Phase E - 1 Phase H - 4 Phase C

Answer: C

Explanation:

The ADM Phases that match the purpose descriptions provided are: Phase C for the development of Information Systems Architectures to support the agreed Architecture Vision, Phase F for addressing the move from the Baseline to the Target Architectures by finalizing a detailed Implementation and Migration Plan, Phase G for providing architectural oversight of the implementation, and Phase D for describing the development of the Technology Architecture to support the agreed Architecture Vision.

NEW QUESTION # 129

Refer to the table below:

□

Which ADM Phase(s) does this describe?

- A. Preliminary Phase
- B. Phase E
- C. Phase B
- **D. Phase B, C and D**

Answer: D

Explanation:

The table describes the steps involved in Phase B (Business Architecture), Phase C (Information Systems Architectures), and Phase D (Technology Architecture) of the TOGAF ADM5. These phases are responsible for developing the target architectures for each domain and identifying the gaps between the baseline and target architectures. The table shows the outputs and outcomes of each phase, as well as the essential knowledge required for each phase.

The table describes the iterative cycle of defining requirements, identifying gaps, and creating solutions that occurs throughout the architecture development phases of the TOGAF ADM. This cycle is most prominent in:

* Phase B (Business Architecture):

* Develop the Business Architecture, identifying gaps between the baseline and desired business capabilities, processes, and information flows.

* Define work packages to address these gaps and realize the target business architecture.

* Phase C (Information Systems Architectures):

* Develop the Data and Application Architectures to support the Business Architecture.

- * Identify gaps between the baseline and target information systems architectures.
- * Define work packages to address these gaps and realize the target data and application architectures.
- * Phase D (Technology Architecture):
- * Develop the Technology Architecture to support the Data and Application Architectures.
- * Identify gaps between the baseline and target technology architectures.
- * Define work packages to address these gaps and realize the target technology architecture.

NEW QUESTION # 130

Exhibit.

Consider the diagram of an architecture development cycle.

Select the correct phase names corresponding to the labels 1, 2 and 3?

- A. 1 Continuous Improvement - 2 Migration Planning - 3 Architecture Vision
- B. 1 Requirements Management - 2 Change Management - 3 Strategy
- C. 1 Architecture Governance - 2 Implementation Governance - 3 Preliminary
- **D. 1 Requirements Management - 2 Implementation Governance - 3 Preliminary**

Answer: D

Explanation:

The diagram of an architecture development cycle shows three phases of the TOGAF ADM. The correct phase names corresponding to the labels 1, 2 and 3 are Requirements Management, Implementation Governance, and Preliminary respectively. These phases are described as follows:

- * Requirements Management (label 1): This phase provides a process for managing architecture requirements throughout the ADM cycle. It ensures that requirements are captured, stored, prioritized, and addressed by relevant ADM phases. It also ensures that requirements are validated and updated as necessary.
- * Implementation Governance (label 2): This phase provides a process for ensuring that the implementation projects conform to the defined architecture. It involves establishing an implementation governance model, defining architecture contracts and compliance reviews, and monitoring and supporting the implementation projects.
- * Preliminary (label 3): This phase provides a process for preparing and planning the architecture project. It involves defining the scope and vision of the project, customizing the ADM process and content framework, defining principles and governance structures, and evaluating the enterprise architecture maturity and readiness.

NEW QUESTION # 131

Which of the following is guidance for creating value streams?

- A. Identify the top-level value streams from components of capabilities.
- B. Include operational levels of detail.
- **C. Start with customer-based value streams.**
- D. Create an initial set of value streams that map one-to-one to existing capabilities.

Answer: C

Explanation:

One of the guidance for creating value streams is to start with customer-based value streams. Customer-based value streams are those that describe how an enterprise creates and delivers value for its external customers. Starting with customer-based value streams can help to ensure that the value streams are aligned with the customer needs and expectations, as well as the enterprise's value proposition and strategic objectives. Customer-based value streams can also provide a foundation for identifying and defining other types of value streams, such as internal or partner-based value streams.

NEW QUESTION # 132

.....

With all this reputation, our company still take customers first, the reason we become successful lies on the professional expert team we possess , who engage themselves in the research and development of our OGBA-101 learning guide for many years. So we can guarantee that our OGBA-101 exam materials are the best reviewing material. Concentrated all our energies on the study OGBA-101 learning guide we never change the goal of helping candidates pass the exam. Our OGBA-101 test questions' quality is
