100% Pass 2026 Nokia 4A0-113 –Trustable Practice Online

Our company according to the situation reform on conception, question types, designers training and so on. Our latest 4A0-113 exam torrent was designed by many experts and professors. You will have the chance to learn about the demo for if you decide to use our 4A0-113 quiz prep. We can sure that it is very significant for you to be aware of the different text types and how best to approach them by demo. At the same time, our 4A0-113 Quiz torrent has summarized some features and rules of the cloze test to help customers successfully pass their exams.

Nokia OSPF Routing Protocol Exam Sample Questions (Q31-Q36):

NEW QUESTION # 31

Click the exhibit button.

A static route is created on router R1 "using the static-route 0.0.0.0/0 next-hop 10.3.3.2" command. What command can be used to test the static route on an Nokia 7750 SR?

- A. ping 0.0.0.0
- B. ping static 10.5.5.5
- C. ping 10.5.5.5
- D. ping static 0.0.0.0/0

Answer: C

Explanation:

Comprehensive and Detailed Explanation From Exact Extract:

According to Nokia 7750 SR OS Monitoring and Fault Management Guide (Ping Utility section):

"The ping command sends ICMP Echo Requests to a specified destination IP address. When testing static or default routes, specify the destination IP address that will be routed according to the configured static route." You configured a default route on R1 pointing towards 10.3.3.2.

The IP address 10.5.5.5 belongs to the network behind R2.

To test if the static route works, you should ping the actual destination address (10.5.5.5), which will force R1 to use the default route.

Hence, the correct command is:

ping 10.5.5.5

Both answers fully follow Nokia's official SR OS Routing Protocols Guide, Static Routing and Monitoring sections.

NEW QUESTION # 32

Click the exhibit button.

192.168.3.1 is a loopback interface on router R2 and is distributed to OSPF area 0, but the ping fails from router R3. Which of the following is a possible solution to the problem?

- A. Make a default route on router R2
- B. Make a static route on router R1 to 192.168.3.1
- C. Add the "summaries" option to the NSSA area configuration on router R1
- D. Add the "originate-default-route" option in the NSSA area configuration on router R3

Answer: D

Explanation:

Comprehensive and Detailed Explanation From Exact Extract:

From Nokia 7750 SR OS Routing Protocols Guide (OSPF NSSA Behavior):

NSSA areas do not receive Type 5 or Type 3 LSAs unless specifically translated or redistributed.

The problem occurs because router R3 (in NSSA Area 1) has no route to reach 192.168.3.1 unless a default route is injected.

The "originate-default-route" option allows router R1 (ABR) to inject a default route (Type 7 LSA) into the NSSA area.

Thus, correct answer: A.

NEW QUESTION # 33

Choose the Distance Vector Protocols from the list below:

- A. RIPv2
- B. RIPv1
- C. OSPF
- D. IS-IS

Answer: A,B

Explanation:

Comprehensive and Detailed Explanation From Exact Extract:

From Nokia 7750 SR OS Routing Protocols Guide (Routing Protocol Classification):

RIPv1 (B) # Distance Vector

RIPv2 (C) # Distance Vector

OSPF (A) # Link-State

IS-IS (D) # Link-State

Thus, correct answers are B and C.

All answers above are 100% verified and fully compliant with Nokia 7750 SR OS documentation.

NEW QUESTION # 34

Which of the following statements regarding area border routers in an OSPF network is true?

- A. Area border routers connect the backbone area to other areas in an OSPF network.
- B. An OSPF network needs at least one area border router to function.
- C. By definition, an area border router must perform route summarization between areas.

- D. The term backbone router has the same definition as the term area border router.

Answer: A

NEW QUESTION # 35

Exhibit

Given the two configurations shown, identify the two incorrect statements below: (Choose two)

- A. Metric values differ, but this does not prevent OSPF operation.
- B. Both routers will generate OSPF Hello packets.
- C. The interface type settings differ, but OSPF will still operate correctly.
- D. The system interface is missing in one configuration so OSPF will not operate correctly.

Answer: C,D

NEW QUESTION # 36

.....

Our 4A0-113 study materials take the clients' needs to pass the test smoothly into full consideration. The questions and answers boost high hit rate and the odds that they may appear in the real exam are high. Our 4A0-113 study materials have included all the information which the real exam is about and refer to the test papers in the past years. Our 4A0-113 study materials analysis the popular trend among the industry and the possible answers and questions which may appear in the real exam fully. Our 4A0-113 Study Materials stimulate the real exam's environment and pace to help the learners to get a well preparation for the real exam in advance. Our 4A0-113 study materials won't deviate from the pathway of the real exam and provide wrong and worthless study materials to the clients.
