NEW QUESTION # 72

According to GASB, when should landfill closure and post-closure costs be recognized?

- A. when the landfill is closed
- B. every five years until the landfill is closed
- C. when payments for costs are made
- **D. each year the landfill is operating**

Answer: D

Explanation:

Comprehensive Detailed Explanation:

According to GASB Statement No. 18 (Accounting for Municipal Solid Waste Landfill Closure and Postclosure Care Costs), governments must recognize a portion of closure and post-closure costs each year as the landfill's capacity is used.

This is done using the "units-of-consumption" method, meaning costs are accrued in proportion to how much of the landfill's total capacity has been filled. The total estimated cost is spread over the useful life of the landfill.

D). each year the landfill is operating

NEW QUESTION # 73

The four general government auditing standards are

- **A. qualifications, independence, due professional care and quality control.**
- B. compliance, timeliness, qualifications and due professional care.
- C. supervision, planning, management controls and evidence.
- D. planning, internal controls, independence and irregularities.

Answer: A

Explanation:

What Are the Four General Government Auditing Standards?

* These standards, as defined in the GAO Yellow Book (Government Auditing Standards):

* **Qualifications:** Auditors must have the necessary professional skills and competence to perform their work.

* **Independence:** Auditors must remain free from personal, external, and organizational impairments to maintain objectivity.

* **Due Professional Care:** Auditors must exercise care and diligence, adhering to professional standards and ethical requirements.

* **Quality Control:** Auditors must establish and maintain a system of quality control to ensure audit work meets professional standards.

Why Is Option D Correct?

* These four elements are explicitly outlined in the GAO Yellow Book as the core principles of government auditing standards.

Why Other Options Are Incorrect:

* A. Compliance, timeliness, qualifications, and due professional care: Timeliness and compliance are not part of the four general standards; they are components of audit objectives.

* B. Supervision, planning, management controls, and evidence: These are aspects of audit performance, not general standards.

* C. Planning, internal controls, independence, and irregularities: Planning and internal controls are part of the audit process, not general standards.

References and Documents:

* GAO Yellow Book (Generally Accepted Government Auditing Standards - GAGAS): Lists qualifications, independence, due professional care, and quality control as the four general standards.

* AICPA Audit Standards: Aligns with GAGAS in emphasizing these four principles.

- A. a warrant
- B. an allotment
- C. an encumbrance
- D. an apportionment

Answer: A

Explanation:

A Treasury warrant is the formal notification from the U.S. Department of the Treasury that funds have been made available to a federal agency. Agencies cannot legally obligate or expend appropriated funds until a warrant has been issued.

Apportionments and allotments come afterward in the budget execution process.

NEW QUESTION # 75

GAAP requires that the ACFR be accompanied by separate financial statements documenting

- A. program goals and objectives.
- B. statistical data on the population.
- C. annual appropriations.
- D. fiduciary and proprietary funds.

Answer: D

Explanation:

The Annual Comprehensive Financial Report (ACFR) includes three categories of fund financial statements:

Governmental funds

Proprietary funds (e.g., enterprise and internal service funds)

Fiduciary funds (e.g., pension trust, custodial funds)

GAAP (specifically GASB Statement No. 34) requires separate financial statements for proprietary and fiduciary funds because they use different accounting bases (full accrual) than governmental funds (modified accrual). These are included in the basic financial statements section of the ACFR.

Relevant References:

GASB Statement No. 34 - Basic Financial Statements

B). fiduciary and proprietary funds

- A. financial section before the MD&A.
- **B. financial section before the basic financial statements.**
- C. introductory section after the Letter of Transmittal.
- D. statistical section before the Information on Debt Capacity.

Answer: B

Explanation:

In an Annual Comprehensive Financial Report (ACFR), the Independent Auditor's Report is part of the Financial Section. It is placed immediately before the basic financial statements and after the Management's Discussion and Analysis (MD&A), not before it.

The proper sequence within the Financial Section of the ACFR is:

Independent Auditor's Report

Management's Discussion and Analysis (MD&A)

Basic Financial Statements
