Public Edition Sample Questions (Q50-Q55):

NEW QUESTION # 50

In SAP Central Business Configuration, which activities can you perform in the Product-Specific Configuration Phase? Note: There are 3 correct answers to this question.

- A. Add new sales organizations.
- B. Add blocking reasons for billing.
- C. Create new scope items.
- D. Modify building blocks.
- E. Change approval thresholds.

Answer: A,B,E

Explanation:

In the Product-Specific Configuration Phase within SAP Central Business Configuration, several key activities can be performed to tailor the SAP S/4HANA Cloud system to meet specific business needs:

* Add new sales organizations: This activity involves setting up new sales organizations within the system, defining the structure of the sales department, and aligning it with the company's sales strategies and territories. This setup is crucial for managing sales processes, customer relationships, and sales reporting.

* Change approval thresholds: Modifying approval thresholds is an essential configuration activity that adjusts the approval limits for various transactions, ensuring that the approval process aligns with the company's internal control and governance policies. This can involve setting different thresholds for purchase orders, expense approvals, and other financial transactions.

* Add blocking reasons for billing: This configuration activity allows the company to define specific reasons for blocking billing documents, ensuring that billing does not proceed under certain conditions until the issues are resolved. This is critical for maintaining accurate and compliant billing processes.

These activities are part of the detailed configuration work that tailors the SAP S/4HANA Cloud system to the specific operational needs of the business, ensuring that the software supports the company's unique processes and policies.

NEW QUESTION # 51

Which solution is designed to help customers understand their environmental, social, and governance (ESG) data?

- A. SAP Responsible Design and Production
- B. SAP Green Token
- C. SAP Sustainability Footprint Management
- D. SAP Sustainability Control Tower

Answer: D
