**Answer: B**

#### **NEW QUESTION # 402**

A company is migrating its data center to AWS. The company needs an AWS Support plan that provides chat access to a cloud support engineer 24 hours a day, 7 days a week. The company does not require access to infrastructure event management. What is the MOST cost-effective AWS Support plan that meets these requirements?

- **A. AWS Business Support**
- B. AWS Enterprise Support

- C. AWS Developer Support
- D. AWS Basic Support

**Answer: A**

Explanation:

AWS Business Support is the most cost-effective AWS Support plan that provides chat access to a cloud support engineer 24/7. AWS Business Support also offers phone and email support, as well as a response time of less than one hour for urgent issues. AWS Business Support does not include access to infrastructure event management, which is a feature of AWS Enterprise Support. AWS Enterprise Support is more expensive and provides additional benefits, such as a technical account manager, a support concierge, and a response time of less than 15 minutes for critical issues. AWS Developer Support and AWS Basic Support do not provide chat access to a cloud support engineer. AWS Developer Support provides email support and a response time of less than 12 hours for general guidance issues. AWS Basic Support provides customer service and account support, as well as access to forums and documentation.

### NEW QUESTION # 403
