Then, you will have enough confidence to pass it.

Oracle Project Management Cloud 2025 Implementation Professional Sample Questions (Q113-Q118):

NEW QUESTION # 113

Your organization has a requirement to retrieve the value of the cost center segment based on the department.

Which source can you use while defining the account rule to achieve this requirement?

- A. Project Organization Cost Center Segment
- B. Expenditure Business Unit Cost Center Segment
- C. Event Organization Cost Center Segment
- **D. Expenditure Organization Cost Center Segment**

Answer: D

Explanation:

The source that can be used while defining the account rule to achieve this requirement is Expenditure Organization Cost Center Segment. This source allows you to retrieve the value of the cost center segment based on the expenditure organization of the transaction. The expenditure organization is an attribute of a transaction that represents the organization that incurs or owns the cost of the transaction.

NEW QUESTION # 114

Your customer has a requirement to allow adjustment and reversals for transactions imported from an external expense entry system. Which section on the Manage Project Transaction Sources page will allow you to enable these options?

- **A. Document Entries**
- B. Documents
- C. Transaction Source
- D. Transaction Entries

Answer: A

Explanation:

The section on the Manage Project Transaction Sources page that will allow you to enable these options is Document Entries. This section allows you to define the attributes and options for each document entry type that is associated with a transaction source. A document entry type represents a group of transactions that have similar characteristics and processing rules. For example, you can define a document entry type for expense reports and enable adjustment and reversal options for this document entry type. The Documents section allows you to define the attributes and options for each document type that is associated with a transaction source. A document type represents a source document that contains one or more transactions. For example, you can define a document type for expense reports and enable validation and transfer options for this document type. The Transaction Source section allows you to define the attributes and options for each transaction source that is used to import transactions from an external system. A transaction source represents a system or application that provides transactions to Oracle Fusion Project Costing. For example, you can define a transaction source for expense reports and enable costing and accounting options for this transaction source. The Transaction Entries section allows you to review and manage the transactions that are imported from an external system using a transaction source. You can view, edit, adjust, reverse, validate, and transfer transactions in this section. NEW QUESTION # 115

Your customer has implemented Oracle Project Portfolio Management Cloud recently and they have hired new employees for their Professions Services business. These employees are set up in Oracle Human Capital Management Cloud, but the Project Administrators are unable to add them as resources in the Planning Resource Breakdown Structure. What are three conditions for new employees to show up in the list? (Choose three.)

- **A. All new employees created as persons must have an active assignment.**
- B. All new employees created as persons must have an active project role.
- C. All new employees created as persons must have an active supervisor.
- **D. All new employees created as persons must be assigned to a department.**
- **E. Current date is before the effective date of the resource, and you did not enable the "Include people with future-dated effective start dates" option during the search.**

Answer: A,D,E

Explanation:

Ref: <https://docs.oracle.com/en/cloud/saas/project-portfolio-management/19b/oapfm/project-foundation-configuration-define->

project-resource-breakdown-structures.html#OAPFM180158_2 Why can't I find persons in the list of resources when I enter team members, planning resources, or person rate schedules?

You can't find persons in the list of resources when you enter team members, planning resources, or person rate schedules in the following situations:

- * The administrator didn't assign a department while creating users. Persons must have an active assignment and be assigned to a department in Oracle Fusion Human Capital Management before they can be added as team members or entered as resources on the planning resource breakdown structure or person rate schedule.
- * The resource isn't active in Oracle Fusion Human Capital Management because the current date is before the effective date of the resource. If you want to include persons who will start in the future, select the Include people with future-dated effective start dates option when you search for the person.
- * Persons assigned as project managers aren't active as of the project start date.
- * The assignment of the person is terminated, and an appropriate value isn't set for the number of days to display people with terminated assignments. You can set the profile value appropriately at the site profile level using the Specify Number of Days to Display People with Terminated Assignments task in the Setup and Maintenance work area.

NEW QUESTION # 116

You create a project schedule with a Shifts element. Identify two more elements that can be part of a project schedule. (Choose two.)

- A. Time Off
- B. Accounting Calendar
- C. Workday Patterns
- D. Exceptions
- E. Expenditure Type

Answer: C,D

Explanation:

Reference https://docs.oracle.com/cloud/latest/projects_gs/FAPFM/FAPFM1192914.htm Topic - Creating Calendars for Projects and Resources: Procedure Project Schedules are used as a base for project and resource calendars in Project Execution Management applications. The smallest scheduling unit is a day. For example, you can define the number of hours in a day but, you can't schedule work for a specific time of the day.

The following are the elements of a schedule:

- * Shifts
- * Workday patterns
- * Exceptions

NEW QUESTION # 117

Which two statements are true about a project in "Draft" status? (Choose two.)

- A. Project managers can neither view draft projects on the Project Manager Dashboard nor use the projects for requirements planning.
- B. Team members cannot see the tasks from draft projects on the Team Member Dashboard or in the My Work area.
- C. Project managers can view draft projects on the Project Manager Dashboard and use the projects for requirements planning.
- D. Team members can see the tasks from draft projects on the Team Member Dashboard or in the My Work area.

Answer: B,C

Explanation:

Reference https://docs.oracle.com/cloud/latest/projects_gs/OAPEM/OAPEM1122096.htm The following table lists the project statuses and what you can do with projects in that status.

Project Status

What you can do?

Draft

- * Project managers can view draft projects in the Project Manager Dashboard and use the projects for requirements planning.
- * Team members can't see the tasks from draft projects on the Team Member Dashboard or in the My Work area.

Active

- * Project managers can view active projects in the Project Manager Dashboard and use the projects for requirements planning.

project execution, and reporting.

* Team members can view task assignments on active projects on the Team Member Dashboard and My Work area.

Pending Close

* Project managers can view pending projects in the Project Manager Dashboard and use the projects for project tracking, and reporting.

* Team members can view task assignments on pending projects on the Team Member Dashboard and My Work area.

Submitted

* Project managers can view submitted projects in the Project Manager Dashboard and use the projects for project tracking, and reporting.

* Team members can view task assignments on submitted projects on the Team Member Dashboard and My Work area

Closed
* Project managers can't view closed projects in the Project Manager Dashboard or use the projects for requirements planning, project execution, and reporting.

* Team members can't view tasks of closed projects on the Team Member Dashboard or in the My Work area.
