# 1z0-1110-25 Practice Materials: Oracle Cloud Infrastructure 2025 Data Science Professional - 1z0-1110-25 Test Preparation - VCEDumps

BONUS!!! Download part of VCEDumps 1z0-1110-25 dumps for free: https://drive.google.com/open?id=1mYgsl6AGAfRwRjUbhiz0RWA2SROps6B8

Based on the credibility in this industry, our 1z0-1110-25 study braindumps have occupied a relatively larger market share and stable sources of customers. Such a startling figure --99% pass rate is not common in this field, but we have made it with our endless efforts. As this new frontier of personalizing the online experience advances, our 1z0-1110-25 exam guide is equipped with comprehensive after-sale online services. It's a convenient way to contact our staff, for we have customer service people 24 hours online to deal with your difficulties. If you have any question or request for further assistance about the 1z0-1110-25 study braindumps, you can leave us a message on the web page or email us.

It will improve your skills to face the difficulty of the 1z0-1110-25 exam questions and accelerate the way to success in IT filed with our latest study materials. Free demo of our 1z0-1110-25 dumps pdf can be downloaded before purchase and 24/7 customer assisting support can be access. Well preparation of 1z0-1110-25 Practice Test will be closer to your success and get authoritative certification easily.

Exam 1z0-1110-25 Duration - Passing 1z0-1110-25 Score Feedback

Our 1z0-1110-25 study materials are full of useful knowledge, which can meet your requirements of improvement. Also, it just takes about twenty to thirty hours for you to do exercises of the Oracle 1z0-1110-25 Study Guide. The learning time is short but efficient. You will elevate your ability in the shortest time with the help of our Oracle 1z0-1110-25 preparation questions.

Oracle Cloud Infrastructure 2025 Data Science Professional Sample Questions (Q86-Q91):

NEW QUESTION # 86
Which feature of Oracle Cloud Infrastructure Data Science provides an interactive coding environment for building and training machine learning models?

- A. Model Catalog
- B. Projects
- C. Jobs

- D. Notebook Sessions

Answer: D

Explanation:
Detailed Answer in Step-by-Step Solution:
* Objective: Identify the interactive coding environment in OCI Data Science.
* Evaluate Options:
* A: Model Catalog stores models-not for coding.
* B: Jobs run predefined tasks-not interactive.
* C: Notebook Sessions provide JupyterLab for coding and training-interactive.
* D: Projects organize work-not a coding environment.
* Reasoning: Notebook Sessions are OCI's Jupyter-based tool for interactive ML development.
* Conclusion: C is correct.
OCI Data Science Notebook Sessions "provide an interactive JupyterLab environment where data scientists can write code, explore data, and train machine learning models." Model Catalog (A) is for storage, Jobs (B) for automation, and Projects (D) for organization-only C offers interactivity.
Oracle Cloud Infrastructure Data Science Documentation, "Notebook Sessions Overview".

NEW QUESTION # 87
As a data scientist, you are trying to automate a machine learning (ML) workflow and have decided to use Oracle Cloud Infrastructure (OCI) AutoML Pipeline. Which THREE are part of the AutoML Pipeline?

- A. Feature Extraction
- B. Algorithm Selection
- C. Adaptive Sampling
- D. Feature Selection
- E. Model Deployment

Answer: B,C,D

Explanation:
Detailed Answer in Step-by-Step Solution:
* Objective: Identify three stages in OCI AutoML Pipeline.
* Understand Pipeline: Automates ML steps from data to model training.
* Evaluate Options:
* A: Feature Selection-Selects relevant features-correct.
* B: Adaptive Sampling-Reduces data size-correct.
* C: Model Deployment-Post-pipeline step-incorrect.
* D: Feature Extraction-Not explicit in OCI AutoML-incorrect.
* E: Algorithm Selection-Chooses best model-correct.
* Reasoning: A, B, E are core automated stages; C and D are separate.
* Conclusion: A, B, E are correct.
OCI documentation lists "AutoML Pipeline stages as adaptive sampling (B), feature selection (A), algorithm selection (E), and hyperparameter tuning." Deployment (C) is post-pipeline, and extraction (D) isn't highlighted-only A, B, E are included per OCI's design.
Oracle Cloud Infrastructure AutoML Documentation, "Pipeline Components".

NEW QUESTION # 88
You are preparing a configuration object necessary to create a Data Flow application. Which THREE parameter values should you provide?

- A. The display name of the application
- B. The bucket used to read/write the PySpark script in Object Storage
- C. The local path to your PySpark script
- D. The path to the archive.zip file
- E. The compartment of the Data Flow application

Answer: A,B,E

Explanation:
Detailed Answer in Step-by-Step Solution:
* Objective: Identify three required params for an OCI Data Flow app config.
* Understand Data Flow: Runs Spark apps; needs compartment, storage, and identity.
* Evaluate Options:
* A: Archive path-Optional if script is in Object Storage-incorrect.
* B: Local script path-Not needed; script is uploaded-incorrect.
* C: Compartment-Required for resource scope-correct.
* D: Bucket-Required for script storage/access-correct.
* E: Display name-Required for app identification-correct.
* Reasoning: C, D, E are mandatory metadata for Data Flow creation-script location is specified via bucket.
* Conclusion: C, D, E are correct.
OCI documentation states: "To create a Data Flow application, configure the compartment OCID (C), Object Storage bucket for the PySpark script (D), and a display name (E) in the application object." Local paths (B) or archives (A) are optional or handled separately-only C, D, E are required per OCI's Data Flow API spec.
Oracle Cloud Infrastructure Data Flow Documentation, "Creating Applications".

NEW QUESTION # 89
You have built a machine model to predict whether a bank customer is going to default on a loan. You want to use Local Interpretable Model-Agnostic Explanations (LIME) to understand a specific prediction. What is the key idea behind LIME?

- A. Global behaviour of a machine learning model may be complex, while the local behaviour may be approximated with a simpler surrogate model
- B. Model-agnostic techniques are more interpretable than techniques that are dependent on the types of models
- C. Local explanation techniques are model-agnostic, while global explanation techniques are not
- D. Global and local behaviours of machine learning models are similar

Answer: A

Explanation:
Detailed Answer in Step-by-Step Solution:
* Objective: Define LIME's core concept.
* Understand LIME: Explains individual predictions with local surrogate models.
* Evaluate Options:
* A: Complex global, simple local-Correct LIME principle.
* B: Agnosticism-True but not the key idea.
* C: Global/local similarity-False.
* D: Local vs. global agnosticism-Incorrect distinction.
* Reasoning: A captures LIME's local approximation focus.
* Conclusion: A is correct.
OCI documentation notes: "LIME (A) explains predictions by approximating complex global models with simpler local surrogate models around specific instances." B, C, and D misalign-only A reflects LIME's foundational idea per OCI's interpretability tools.
Oracle Cloud Infrastructure Data Science Documentation, "Model Interpretability - LIME".

NEW QUESTION # 90
How can you convert a fixed load balancer to a flexible load balancer?

- A. Using the Edit Listener option
- B. There is no way to convert the load balancer
- C. Use Update Shape workflows
- D. Delete the fixed load balancer and create a new one

Answer: D

Explanation:
Detailed Answer in Step-by-Step Solution:
* Objective: Convert fixed to flexible load balancer in OCI.
* Understand Load Balancers: Fixed (e.g., 10 Mbps) vs. flexible (dynamic shapes).
* Evaluate Options:

* A: False-Conversion possible via recreation.
* B: Update Shape-For flexible only, not conversion.
* C: Delete and recreate-Standard method-correct.
* D: Edit Listener-Configures rules, not type.
* Reasoning: OCI requires new creation for type change.
* Conclusion: C is correct.

OCI documentation states: "To change from a fixed to a flexible load balancer, delete the existing fixed load balancer and create a new flexible one (C)-direct conversion isn't supported." A is too absolute, B and D don't apply-only C matches OCI's process. Oracle Cloud Infrastructure Load Balancing Documentation, "Changing Load Balancer Type".

NEW QUESTION # 91

......

The VCEDumps is also committed to ace the Oracle 1z0-1110-25 exam preparation journey and enable you to get success in the final Oracle Cloud Infrastructure 2025 Data Science Professional 1z0-1110-25 exam. To achieve this objective the VCEDumps is offering real, updated, and error-free Oracle Cloud Infrastructure 2025 Data Science Professional 1z0-1110-25 Dumps in three easy-to-use and compatible formats. These formats are 1z0-1110-25 PDF dumps files, desktop VCEDumps 1z0-1110-25 practice exam software, and web-based 1z0-1110-25 practice test software.

Exam 1z0-1110-25 Duration: https://www.vcedumps.com/1z0-1110-25-examcollection.html

Oracle New 1z0-1110-25 Test Voucher We provide the client with the latest materials so that the client can follow the newest trends in theory and practice it so thus the client can pass the exam easily, Among global market, Exam 1z0-1110-25 Duration guide question is not taking up such a large share with high reputation for nothing, Our passing rate of Oracle 1z0-1110-25 is high to 99.32%.

Alternatively, you can tap the Show or Hide Thumbnail Grid 1z0-1110-25 button to hide the thumbnails entirely and use more screen space for the selected image, Working with states/pages.

We provide the client with the latest materials so that 1z0-1110-25 New Study Questions the client can follow the newest trends in theory and practice it so thus the client can pass the exam easily.

VCEDumps Oracle 1z0-1110-25 Exam Questions Formats

Among global market, Oracle Cloud guide question is not taking up such a large share with high reputation for nothing, Our passing rate of Oracle 1z0-1110-25 is high to 99.32%.

And our 1z0-1110-25 exam study material provides the free updates for one year, However, the Oracle Cloud Infrastructure 2025 Data Science Professional (1z0-1110-25) exam questions software product license must be validated before use.
