

1Z0-1195-25 Test Simulator & 1Z0-1195-25 Latest Exam

BTW, DOWNLOAD part of Prep4sureExam 1Z0-1195-25 dumps from Cloud Storage: <https://drive.google.com/open?id=1DPxP1m90ErRjuRu6NYloT9nxTfo5RKV>

The 1Z0-1195-25 study materials from our company are very convenient for all people, including the convenient buying process, the download way and the study process and so on. Upon completion of your payment, you will receive the email from us in several minutes, and then you will have the right to use the 1Z0-1195-25 Study Materials from our company. In addition, there are three different versions for all people to choose. According to your actual situation, you can choose the suitable version from our 1Z0-1195-25 study materials.

Many people are difficult in getting the 1Z0-1195-25 certification successfully. If you also have trouble in passing your exam and getting your certification, we think it is time for you to use our Oracle Cloud Infrastructure quiz prep. If you choose our study materials and use our products well, we can promise that you can pass the exam and get the 1Z0-1195-25 Certification. Then you will find you have so many chances to advance in stages to a great level of social influence and success. Our 1Z0-1195-25 dumps torrent can also provide all candidates with our free demo, in order to exclude your concerns that you can check our products.

1Z0-1195-25 Latest Exam, 1Z0-1195-25 Exam Collection Pdf

It is a popular belief that only professional experts can be the leading one to do some adept job. And similarly, only high quality and high accuracy 1Z0-1195-25 Exam Questions like ours can give you confidence and reliable backup to get the certificate smoothly because our experts have extracted the most frequent-tested points for your reference. Good practice materials like our Oracle Data Platform 2025 Foundations Associate study question can educate exam candidates with the most knowledge. Do not make your decisions now will be a pity for good.

Oracle 1Z0-1195-25 Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none">• Upgrades and Migrations: This section tests the knowledge of Migration Specialists and Cloud Architects in planning cloud migrations. It includes various migration strategies to OCI, as well as upgrade options for transitioning existing databases to newer versions or cloud environments.
Topic 2	<ul style="list-style-type: none">• MySQL and NoSQL: This section measures the skills of Database Developers and Data Engineers in working with Oracle MySQL HeatWave Database Service. It focuses on their features and uses cases for modern application development.
Topic 3	<ul style="list-style-type: none">• Developing on Oracle Database: This section measures the skills of Application Developers and DevOps Engineers in managing Autonomous Databases using REST APIs, Oracle's data toolset, low-code development with APEX, and CI• CD processes for database tools and APEX applications.
Topic 4	<ul style="list-style-type: none">• Data Management Introduction: This section of the exam measures the skills of Data Architects and Cloud Database Specialists in understanding Oracle's data management strategy. It covers Oracle's database offerings, deployment options, and multi-cloud and hybrid cloud solutions for managing data using Oracle Cloud Infrastructure.
Topic 5	<ul style="list-style-type: none">• Resiliency: This section tests the knowledge of Database Security Engineers and Disaster Recovery Specialists in implementing Oracle's Maximum Security Architecture and Maximum Availability Architecture to ensure database resiliency and high availability.

Topic 6	<ul style="list-style-type: none"> Exadata and DBCS: This section tests the knowledge of Exadata Specialists and Database Administrators in understanding Exadata deployment options, lifecycle management tasks such as patching and backup, and the features of Oracle Base Database Service (DOracle NoSQL Database ServiceBCS).

Oracle Data Platform 2025 Foundations Associate Sample Questions (Q36-Q41):

NEW QUESTION # 36

Oracle Automated Machine Learning (AutoML) has options for using in-database and open-source algorithms. Which is an example of an in-database option?

- A. Cognitive text
- B. REST Interface
- C. Tuning of hyperparameter
- D. Oracle Machine Learning for Python (OML4PY) APIs

Answer: D

Explanation:

An example of an in-database option in Oracle Automated Machine Learning (AutoML) is "Oracle Machine Learning for Python (OML4PY) APIs" (C). OML4Py enables Python-based machine learning directly within the database, leveraging in-database algorithms for performance and security. "REST Interface" (A) is an access method, "Cognitive text" (B) is a feature, not an algorithm type, and "Tuning of hyperparameter" (D) is a process, not a specific option. Oracle's documentation highlights OML4Py as a key in-database ML tool.

NEW QUESTION # 37

How does the Converged Database help to access data using an API?

- A. Developers can point their application to the location of ADB Wallet which integrates all REST API calls
- B. Each database comes with a REST-enabled compute instance to provide access to data
- C. A REST API is automatically generated on top of SQL or stored procedures
- D. The database provides only one universal REST interface which makes integration of applications extremely agile

Answer: C

Explanation:

The "Converged Database" facilitates API access by "A REST API is automatically generated on top of SQL or stored procedures" (B), using Oracle REST Data Services (ORDS). This allows developers to expose database logic as RESTful endpoints without manual coding. Option A is incorrect, as no separate compute instance is provided. Option C oversimplifies, as multiple REST interfaces can be created, not just one. Option D misrepresents the ADB Wallet's role, which is for security, not API generation. Oracle's documentation highlights ORDS auto-generation as a converged feature.

NEW QUESTION # 38

Oracle Lakehouse provides extensive data processing capabilities, to accommodate the migration of existing architectures or the creation of new, agile ones. Which service does NOT provide data processing on Oracle Cloud Infrastructure (OCI) Lakehouse?

- A. Big Data Service
- B. NoSQL Service
- C. OCI Data Flow
- D. Autonomous Database

Answer: B

NEW QUESTION # 39

Supply Side is data that is passive and means something. What two models and libraries are included in the supply side?

- A. Reports
- **B. Business rules**
- C. Technical definitions of business terms
- **D. Domain objects**

Answer: B,D

Explanation:

In the Oracle Data Platform, the "Supply Side" refers to foundational data elements that are passively collected and structured to provide meaning within the data ecosystem. According to Oracle's official documentation, the supply side includes "Business rules" (A), which define the logic and policies governing data usage, ensuring consistency and compliance, and "Domain objects" (B), which represent structured entities or concepts within a business domain, forming the backbone of data modeling. "Technical definitions of business terms" (C) pertain to metadata management, and "Reports" (D) are outputs rather than core supply-side models. Oracle's Data Platform Foundations emphasize business rules and domain objects as key components of the supply side for data integration and processing.

NEW QUESTION # 40

Which statements are included in default configuration for automatic database backups?

- A. Retention period is set at 14 days
- **B. Backups occur weekly**
- C. Backups are executed on primary site
- D. Archive redo log files are backed up every 30 minutes

Answer: B

Explanation:

The default configuration for automatic database backups in OCI (e.g., Autonomous Database) includes "Backups occur weekly" (A), with daily incremental and weekly full backups. "Archive redo log files are backed up every 30 minutes" (B) is not default (it's real-time logging), "Retention period is set at 14 days" (C) is incorrect (default is 60 days), and "Backups are executed on primary site" (D) is vague but not a standard config statement. Oracle's backup documentation specifies weekly full backups as default.

NEW QUESTION # 41

.....

We really take the requirements of our worthy customers into account. Perhaps you know nothing about our 1Z0-1195-25 study guide. Our free demos of our 1Z0-1195-25 learning questions will help you know our study materials comprehensively. As we have three different kinds of the 1Z0-1195-25 Practice Braindumps, accordingly we have three kinds of the free demos as well. They are a small part of the questions and answers of the 1Z0-1195-25 learning quiz.
