

2025 Authoritative CWDP-305: Examcollection Certified Wireless Design Professional Questions Answers

P.S. Free 2025 CWNP CWDP-305 dumps are available on Google Drive shared by DumpsReview:
https://drive.google.com/open?id=1dn2nf57NdOXtdU_KVBs5M2MQYkmrO_IJ

Most of the materials on the market do not have a free trial function. Even some of the physical books are sealed up and cannot be read before purchase. As a result, many students have bought materials that are not suitable for them and have wasted a lot of money. Especially for those students who are headaches when reading a book, CWDP-305 study tool is their gospel. Because doing exercises will make it easier for one person to concentrate, and at the same time, in the process of conducting a mock examination to test yourself, seeing the improvement of yourself will makes you feel very fulfilled and have a stronger interest in learning. CWDP-305 Guide Torrent makes your learning process not boring at all.

The disparity between our CWDP-305 practice materials and others are distinct. We strive for perfection all these years and get satisfactory results with concerted cooperation between experts, and all questions points in our CWDP-305 real exam are devised and written base on the real exam. Do not let other CWDP-305 Study Dumps mess up your performance or aggravate learning difficulties. The efficiency and accuracy of our CWDP-305 learning guide will not let you down.

Here's an Instant Way to Crack CWNP CWDP-305 Exam

There are a lot of excellent experts and professors in our company. The high quality of the CWDP-305 reference guide from our company resulted from their constant practice, hard work and their strong team spirit. After a long period of research and development, our CWDP-305 test questions have been the leader study materials in the field. We have taken our customers' suggestions of the CWDP-305 Exam Prep seriously, and according to these useful suggestions, we have tried our best to perfect the CWDP-305 reference guide from our company just in order to meet the need of these customers well. So stop hesitation and buy our study materials.

CWNP CWDP-305 Exam Syllabus Topics:

Topic	Details

Topic 1	• Design the WLAN: This section of the exam measures the skills of a WLAN Design Engineer and covers the process of selecting configurations, architecture types, and wireless components to meet business and technical requirements. It includes using design software, selecting access points and antennas, and applying methodologies such as predictive or measured design. Candidates must demonstrate the ability to produce effective documentation and configure features like QoS, roaming security, and network services for different types of client devices and applications.
Topic 2	• Deploy the WLAN: This section of the exam measures the skills of a WLAN Implementation Specialist and involves overseeing the deployment phase of wireless networks. It focuses on understanding deployment procedures for various WLAN architectures, configuring supporting infrastructure, and verifying proper installation. The section also addresses physical installation checks, documentation handover, and quality assurance practices during ongoing installations.
Topic 3	• Validate and Optimize the WLAN: This section of the exam measures the skills of a WLAN Optimization Specialist and assesses the ability to test, validate, and fine-tune wireless networks post-deployment. Key tasks include RF validation surveys, performance testing, troubleshooting connectivity and security issues, and applying appropriate physical or RF adjustments. It also involves client testing and final project handover, including documentation, knowledge transfer, and meetings to ensure long-term WLAN success.
Topic 4	• Define Specifications for the WLAN: This section of the exam measures the skills of a Wireless Network Planner and focuses on gathering business and technical requirements needed for designing wireless LANs. It includes understanding user needs, regulatory and safety constraints, and environmental factors. Candidates are expected to identify critical elements such as coverage, capacity, security, and device compatibility, and to analyse existing infrastructure and documentation to ensure a successful design strategy.

CWNP Certified Wireless Design Professional Sample Questions (Q29-Q34):

NEW QUESTION # 29

An MSA commonly addresses at least which two legal categories?

- A. Nondisclosure agreement
- B. Intellectual property protection
- C. Indemnity clause
- D. Hold harmless

Answer: A

NEW QUESTION # 30

When using a predictive design tool, you have selected APs with an antenna gain 3 dBi and set the transmit power of the predicted APs to 25 mW.

What should be EIRP of the APs in the design?

- A. 11 dBm
- B. 6.25 mW
- C. 125 mW
- D. 17 dBm

Answer: D

NEW QUESTION # 31

An engineering firm just upgraded their WLAN from nine 802.11n APS to nine 802.11ac APs. After this upgrade, they did not see any improvement in throughput.

What is the most likely cause of this result?

- A. APs are transmitting at a low transmit power
- **B. The clients were not upgraded**
- C. APs are mounted on the wall
- D. The APs are still using the 5 GHz lower band

Answer: B

NEW QUESTION # 32

What differences exist between VLANs in wireless and wired domains?

Response:

- A. Wireless VLANs are not effective for segmenting the available services and network permissions available to clients. Wired VLANs are effective for this purpose.
- B. Wireless VLANs are never carried in 802.11 frames that cross the wireless medium. VLAN identifiers are always carried in Ethernet frames to indicate the proper VLAN.
- C. Wireless VLANs are ineffective for utilizing a single set of infrastructure equipment to provide different services to different client groups. Wired VLANs are effective for this purpose.
- **D. Wireless VLANs do not always segment traffic into separate broadcast domains on the wireless medium. Wired VLANs do segment broadcast domains on the wired network.**

Answer: D

NEW QUESTION # 33

Main Topic: Wireless Design Process

Question:

Which of the following is not a business requirement?

- A. The new network design must provide support for 802.11n.
- B. The new network design must improve employee productivity.
- C. The new network design must cut operating expenses.
- **D. The new network design must make employees happy to come to work.**

Answer: D

Explanation:

Comprehensive and Detailed Explanation:

Business requirements typically focus on objectives that directly impact the organization's performance, efficiency, and profitability.

Options A, B, and D align with these goals:

A: Improving employee productivity enhances operational efficiency.

B: Cutting operating expenses reduces costs, increasing profitability.

D: Supporting 802.11n ensures the network meets current technological standards, improving performance.

C: "Making employees happy to come to work" is more of a cultural or human resources goal and doesn't directly pertain to the technical or financial objectives of a network design. Therefore, it's not considered a business requirement in this context.

NEW QUESTION # 34

.....

You may be not quite familiar with our CWDP-305 test materials and we provide the detailed explanation of our CWDP-305 certification guide as functions that can help the learners adjust their learning arrangements and schedules to efficiently prepare the CWDP-305 exam. The clients can record their self-learning summary and results into our software and evaluate their learning process, mastery degrees and learning results in our software. According their learning conditions of our CWDP-305 Certification guide they can change their learning methods and styles.
