NEW QUESTION # 31

A consultant is a person who borrows your watch to tell you the time, charges you for doing so and then sells you back your watch.

- A. True
- B. False

Answer: B

Explanation:

Explanation

A consultant is a person who borrows your watch to tell you the time, charges you for doing so and then sells you back your watch. This is false because it is a cynical and unfair description of a consultant's role and value. A consultant is a person who provides professional or expert advice in a specific field or domain. A consultant can help an organization to identify problems, analyze situations, develop solutions, implement changes, improve performance, or achieve goals. A consultant can also provide knowledge, skills, tools, or resources that the organization may not have or need temporarily. Verified References:

NEW QUESTION # 32

Which system in place enables you to balance risk and entrepreneurial energy with appropriate internal control procedures to manage that risk?

- A. Quality Management System
- B. Banking System
- C. Corporate Governance
- D. Auditing Report

Answer: C

Explanation:

Explanation

Corporate governance is the system of rules, practices, and processes by which an organization is directed and controlled. It involves balancing the interests of various stakeholders, such as shareholders, management, customers, suppliers, regulators, and the community. It also enables an organization to balance risk and entrepreneurial energy with appropriate internal control procedures to manage that risk. Effective corporate governance can enhance performance, accountability, transparency, and trust. Verified References:

NEW QUESTION # 35

In pre-crisis management, CM activities are focused on prevention and preparedness activities.

- A. False
- **B. True**

Answer: B

Explanation:

In pre-crisis management, CM activities are focused on prevention and preparedness activities. This is true because pre-crisis management is the phase before a crisis occurs, where the organization tries to anticipate and avoid potential crises or reduce their likelihood and impact. Pre-crisis management involves activities such as risk assessment, business impact analysis, business continuity planning, contingency planning, crisis communication planning, training and awareness, testing and exercising, monitoring and reviewing.
