How to Prepare For CLAD Certification Exam

Preparation Guide for CLAD Certification Exam

CLAD: Tips to survive if you don't have time to read all the page

The National Instruments LabVIEW certification scheme contains the following 3 levels of certification:

- LabVIEW Certified Associate Developer (CLAD)
- LabVIEW Certified Architect (CLA) Every level is the prerequisite for the next level of certification. A CLAD demonstrates a comprehensive and comprehensive understanding of the main features and functionalities available in the complete LabVIEW development system and has the ability to apply this knowledge to develop, debug and maintain small LabVIEW modules. The typical CLAD experience level is approximately 6-9 months using the complete LabVIEW development system. A CLD demonstrates experience in the development, debugging, implementation and maintenance of LabVIEW applications at medium and large scale. A CLD is a professional with an accumulated observation of approximately twelve to eighteen months in the development of medium to large applications in LabVIEW. A CLA demonstrates the mastery of the LabVIEW application architecture for a multi-developer environment. A CLA not only has the technical expertise and experience in software development to divide a project specification into manageable LabVIEW components but also has the necessary experience to execute the project effectively using project management tools, and configuration. A CLA is a professional with approximately 24 months of accumulated experience in the development of medium to large applications in LabVIEW. Certified LabVIEW Associate Developer Certification is a 4 course, fully online program addressing the faith that teaching English learners requires recognition of first and second language acquisition theories in order to give a successful education environment. Registrants are required to apply for graduate admission and provide a copy of their teaching credentials before beginning this program.
- LabVIEW Certified Developer (CLD)
