## Microsoft MS-700 Desktop Practice Exam Questions Software

PracticeVCE designed this prep material to help you pass the exam on the first try. It may sound complicated, but once you go through regular study and intensive practice, passing the final exam would be a piece of cake. The cost of Managing Microsoft Teams (MS-700) certification itself is expensive, ranging from \$100 to \$1000, so you can't risk wasting that amount. PracticeVCE ensures that this does not happen by providing you with reliable and updated preparation material.

## Microsoft Managing Microsoft Teams Sample Questions (Q378-Q383):

### NEW QUESTION # 378

You open the Microsoft Call Quality Dashboard as shown in the following exhibit.

### All Audio Streams

This Report shows the monthly audio streams count, and poor ration for the last 7 months. There are no filters applied so the data reflects all the call data that was captured by the Service. Audio calls made over wireless and external networks can cause poor call rates to go up.

### NEW QUESTION # 381

Note: This question is part of a series of questions that present the same scenario. Each question in the series contains a unique solution that might meet the stated goals. Some question sets might have more than one correct solution, while others might not have a correct solution.

After you answer a question in this section, you will NOT be able to return to it. As a result, these questions will not appear in the review screen.

You have a Microsoft 365 subscription that contains several Microsoft SharePoint Online sites.

You need to ensure that the content stored in a SharePoint modern team site named Sales is available from Microsoft Teams. The solution must ensure that when a new channel is added to a team, a folder for the channel is created in the Sales site.

Solution: From the Sales site, you use the Create a Team option.

Does this meet the goal?

- A. Yes
- B. No

**Answer: A**
