We are a team of the exam questions providers of Microsoft braindumps in the IT industry that ensure you to pass actual test 100%. We have experienced and professional IT experts to create the latest MS-721 Exam Questions And Answers which are approach

to the real MS-721 practice test. Try download the free dumps demo.

Microsoft Collaboration Communications Systems Engineer Sample Questions (Q223-Q228):

NEW QUESTION # 223
You need to meet the technical requirements for the returns department.
How should you complete the PowerShell script? To answer, select the appropriate options in the answer area.
NOTE: Each correct selection is worth one point.

Answer:

Explanation:

Topic 3, Contoso, Ltd. (NEW)
Overview
Contoso, Ltd. is an international manufacturing company that has 2,000 employees.
Contoso currently uses a third-party meeting service. The company plans to migrate the meeting service to Microsoft Teams and replace all legacy video teleconferencing [VTC) devices.
Contoso has offices in Toronto. New York. Rome, and London. The company has a global sales team that works remotely.
The on-premises network contains an Active Directory Domain Services (AD DSJ forest named contoso.com.
Contoso has a Microsoft 365 subscription. All users are licensed for Microsoft 365 E5 and Teams Premium. All users are enabled for Teams Phone by using Operator Connect.
The contoso.com domain syncs to Microsoft 365 by using Azure AD Connect cloud sync. All users use the Microsoft Authenticator app for multi-factor authentication (MFA) to cloud services.
A Microsoft Surface Hub device is deployed to the boardroom in each office.
The reception area at the Toronto office is configured to use a phone number of +14165555555 in Teams.
Contoso identifies the following issues:
* A user in the London office cannot locate the recorded files from a recurring Teams meeting.
* Executives in the New York office report having to use Microsoft Authenticator to access their Microsoft OneDrive files from the Surface Hub.
* A user in the Toronto office reports receiving incoming calls while attending Teams meetings instead of having calls sent automatically to voicemail.
Contoso plans to implement the following changes:
* Deploy a new Teams-certified endpoint to all the boardrooms and huddle spaces in all the offices.
* Start a pilot project to deploy an Intelligent Speaker to the boardroom in the Rome office and evaluate transcription and voice attribution capabilities.
* Deploy a Teams shared device to the lunchroom in the Toronto office. Calls placed to +1416S5555SS must ring in both the reception area and the lunchroom.
Contoso identifies the following technical requirements:
* The endpoint deployed to each boardroom must include a console on the table. The endpoint must automatically invite the existing Surface Hub when joining a Teams meeting.
* The sales team must be able to temporarily sign in to the endpoints deployed to the huddle spaces to respond to Teams messages and 3ttend video calls.
* The endpoints deployed to the huddle spaces must allow only outbound emergency calls when a user is NOT signed in.
* During Teams meetings, the sales team must have a watermark displayed on shared content.

NEW QUESTION # 224
You have a Microsoft Teams deployment that includes Yammer for live events.
You have two Yammer communities named All Company and Human Resources.
The Yammer Enterprise network is configured as shown in the Network exhibit (Click the Network tab.)
The Security settings are configured as shown in the Security Settings exhibit. (Click the Security Settings tab.)
The Human Resources community settings are configured as shown in the Human Resources exhibit. (Click the Human Resources tab.)
For each of the following statements, select Yes if the statement is true. Otherwise, select No.
NOTE: Each correct selection is worth one point

Answer:

NEW QUESTION # 225

You need to configure a toll-free dial in bridge for Teams meetings. The solution must meet the technical requirements.
Which three prerequisites must be met before you can assign the toll-free bridge to Teams meeting organizers? Each correct answer presents part of the solution.
NOTE: Each correct selection is worth one point.

- A. Get a Dedicated conference bridge (Toll Free) number.
- B. Assign a phone number to the bridge.
- C. Get an auto attendant toll-free number.
- D. Assign a phone number to a resource account.
- E. Purchase Communications Credits.
- F. Purchase a Microsoft 365 Domestic and International Calling Plan license.
- G. From the meeting policy, set Allow dial-in users to bypass the lobby to On.

Answer: A,B,E

NEW QUESTION # 226

Note: This question is part of a series of questions that present the same scenario. Each question in the series contains a unique solution that might meet the stated goals. Some question sets might have more than one correct solution, while others might not have a correct solution.
After you answer a question in this section, you will NOT be able to return to it. As a result, these questions will not appear in the review screen.
You need to create a new call queue to route calls to support agents. The support agents must be able to see their call queue history and the shared transcribed voicemail. The solution must minimize administrative effort.
Solution: You configure the call queue to use a team and a channel.
Does this meet the goal?

- A. Yes
- B. No

Answer: A
