

# Pass Guaranteed 2026 Oracle Pass-Sure Valid 1z0-1104-25 Test Labs

P.S. Free 2025 Oracle 1z0-1104-25 dumps are available on Google Drive shared by ActualVCE: [https://drive.google.com/open?id=10EFyqwMGocmntex0Gvb7z\\_pfEIXEkEOC](https://drive.google.com/open?id=10EFyqwMGocmntex0Gvb7z_pfEIXEkEOC)

All three Oracle 1z0-1104-25 exam dumps formats are ready for download. Just select the best Oracle 1z0-1104-25 exam questions type and download it after paying an affordable 1z0-1104-25 exam questions charge and start preparation today. We offer you the most accurate 1z0-1104-25 Exam Answers that will be your key to pass the certification exam in your first try.

Our 1z0-1104-25 test braindumps are in the leading position in the editorial market, and our advanced operating system for 1z0-1104-25 latest exam torrent has won wide recognition. As long as you choose our 1z0-1104-25 exam questions and pay successfully, you do not have to worry about receiving our learning materials for a long time. We assure you that you only need to wait 5-10 minutes and you will receive our 1z0-1104-25 Exam Questions which are sent by our system. When you start learning, you will find a lot of small buttons, which are designed carefully. You can choose different ways of operation according to your learning habits to help you learn effectively.

## Oracle 1z0-1104-25 Pass-Sure Valid Test Labs

Various study forms are good for boosting learning interests. So our company has taken all customers' requirements into account. Some people are not good at operating computers. So you might worry about that the 1z0-1104-25 certification materials are not suitable for you. Try to believe us. Our experts have taken your worries seriously. They have made it easy to operate for all people. Even if you know little about computers, you can easily begin to do exercises of the 1z0-1104-25 Real Exam dumps.

### Oracle 1z0-1104-25 Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none"> <li>Protecting Infrastructure - Network and Applications: This section of the exam measures the skills of Cloud Security Professionals and covers methods for securing networks and applications on OCI. Topics include network security groups, firewalls, and security lists, while also focusing on the use of load balancers for availability. The section further addresses the configuration of OCI certificates and web application firewalls to strengthen infrastructure security.</li> </ul>
Topic 2	<ul style="list-style-type: none"> <li>Detecting, Remediating, and Monitoring OCI Resources: This section of the exam measures the skills of OCI Administrators and emphasizes monitoring and maintaining security posture across cloud resources. It focuses on the use of Cloud Guard, security zones, and the Security Advisor. Candidates also need to understand how to identify rogue users with threat intelligence, as well as use monitoring, logging, and event services for continuous visibility into performance and security.</li> </ul>

Topic 3	<ul style="list-style-type: none"> <li>• <b>Protecting Data:</b> This section of the exam measures the skills of Cloud Security Professionals and highlights data security practices in OCI. It tests knowledge of using the Key Management Service for encryption keys, managing secrets in the OCI Vault, and applying features of OCI Data Safe to ensure sensitive data remains protected.</li> </ul>
Topic 4	<ul style="list-style-type: none"> <li>• <b>Implementing OS and Workload Protection:</b> This section of the exam measures the skills of OCI Administrators and looks at securing workloads and operating systems. It includes the use of OCI Bastion for time-limited access, vulnerability scanning of hosts and containers, and the use of OS management for automated updates. The goal is to ensure that workloads remain resilient and well-protected.</li> </ul>

## Oracle Cloud Infrastructure 2025 Security Professional Sample Questions (Q32-Q37):

### NEW QUESTION # 32

Which Oracle Data Safe feature enables the Internal test, development, and analytics teams to operate effectively while minimizing their exposure to sensitive data?

- A. Data auditing
- B. Sensitive data discovery
- C. Security assessment
- D. Data encryption

**Answer: B**

### NEW QUESTION # 33

Challenge 2 -Task 1

In deploying a new application, a cloud customer needs to reflect different security postures. If a security zone is enabled with the Maximum Security Zone recipe, the customer will be unable to create or update a resource in the security zone if the action violates the attached Maximum Security Zone policy.

As an application requirement, the customer requires a compute instance in the public subnet. You therefore, need to configure Custom Security Zones that allow the creation of compute instances in the public subnet.

Review the architecture diagram, which outlines the resources you'll need to address the requirement:

Preconfigured

To complete this requirement, you are provided with the following:

Access to an OCI tenancy, an assigned compartment, and OCI credentials

Required IAM policies

Task 2: Create a Security Zone

Create a security Zone named IAD\_SAP-PBT-CSZ-01 in your assigned compartment and associate it with the Custom Security Zone Recipe (IAD-SAP-PBT-CSP-01) created in the previous task.

Enter the OCID of the created Security zone in the box below.

Security Zone name: IAD-SP-PBT-CSZ-01  
Associated Recipe: IAD-SP-PBT-CSP-01  
Compartment: 98815992-C01  
Purpose: Allow compute in Public Subnet

ORACLE

**Answer:**

Explanation:

See the solution below in Explanation.

Explanation:

To create a Security Zone named IAD\_SAP-PBT-CSZ-01 in your assigned compartment and associate it with the Custom Security Zone Recipe IAD-SP-PBT-CSP-01 created in the previous task, follow these steps based on the Oracle Cloud Infrastructure (OCI) Security Zones documentation.

Step-by-Step Solution for Task 2: Create a Security Zone

\* Log in to the OCI Console:

\* Use your OCI credentials to log in to the OCI Console (<https://console.us-ashburn-1.oraclecloud.com>).

\* Ensure you have access to the assigned compartment.

\* Navigate to Security Zones:

\* From the OCI Console, click the navigation menu (hamburger icon) on the top left.

\* Under Governance and Administration, select Security Zones.

\* Create a New Security Zone:

\* In the Security Zones dashboard, click the Create Security Zone button.

\* Configure the Security Zone Details:

\* Name: Enter IAD\_SAP-PBT-CSZ-01.

\* Compartment: Select the assigned compartment provided.

\* Description: (Optional) Add a description, e.g., "Security Zone for public subnet compute instances."

\* Associate the Custom Security Zone Recipe:

\* In the Recipe section, select the custom recipe IAD-SP-PBT-CSP-01 created in Task 1 from the dropdown list.

\* Ensure the recipe is correctly associated to enforce the policy allowing compute instances in the public subnet.

\* Define the Security Zone Scope:

\* Under Resources to Protect, select the compartment or specific resources (e.g., the VCN with CIDR 10.0.0.0/16 and public subnet 10.0.10.0/24) to apply the security zone.

\* Check the box to include all resources in the selected compartment if applicable.

\* Create the Security Zone:

\* Click Create to finalize the security zone creation.

\* Once created, note the OCID of the security zone from the security zone details page. The OCID will be a unique identifier starting with ocid1.securityzone.

\* Verify the Security Zone:

\* Go to the Security Zones tab and locate IAD\_SAP-PBT-CSZ-01.

\* Confirm the associated recipe (IAD-SP-PBT-CSP-01) and the applied policies.

OCID of the Created Security Zone

\* The exact OCID will be generated upon creation (e.g., ocid1.securityzone.oc1..<unique\_string>).

Please enter the OCID displayed in the OCI Console after completing Step 7.

### NEW QUESTION # 34

When trying to encrypt plaintext using Command Line Interface (CLI), the developer gets a Service Error.

This is the command the developer tried to run:

```
oci kms crypto encrypt --key-id ocid1.key.oc1.iad.bbptfr5aseuk-abuwr1-7b32arg6e6alswgluv52imnk237jense:fmh8@6nkv3ahata --plaintext foobar --endpoint https://bbptfr5aseuk-management.kms.us-ashburn-1.oraclecloud.com
```

What is the reason for this error?

- A. The user should pass the key version OCID instead of the key OCID.
- B. The developer has the wrong endpoint.
- C. The developer forgot to specify the region.
- D. The plaintext needs to be in JSON form.

Answer: A

#### NEW QUESTION # 35

A company has implemented OCI IAM policies with multiple levels of compartments. A policy attached to a parent compartment grants "manage virtual-network-family" permissions. A policy attached to a child compartment grants "use virtual-network-family" permissions.

According to OCI IAM policy inheritance, how does the OCI IAM policy engine resolve the permissions for a user attempting to perform an operation that requires 'manage' permissions in the child compartment?

- A. The policy in the child compartment takes precedence, and the user is granted "use" permissions only.
- **B. The policy in the parent compartment takes precedence, and the user is granted "manage" permissions.**
- C. The operation is denied due to conflicting policies.

Answer: B

#### NEW QUESTION # 36

"A business has a hybrid cloud infrastructure with Oracle Linux instances running in OCI and on-premises. They want to reduce the amount of bandwidth used when patching systems.

Which component of OS Management Hub can help to reduce the bandwidth usage for patching?

- A. Management agents
- B. Dynamic groups
- **C. Profiles"**
- D. Management stations

Answer: C

#### NEW QUESTION # 37

.....

Our ActualVCE are so confident on their own software, because the vast number of customers have made excellent achievements with the help of our 1z0-1104-25 exam software from our research and development. There is no doubt that to get 1z0-1104-25 exam certification certainly let them find better job opportunities to boost in their IT career. In order to let you trust our products and let you more securely to prepare the exam, we promise, if you are still fail 1z0-1104-25 Exam after using our software, after still failed, we will give you a full refund, and continue to develop better Oracle test software of 1z0-1104-25.
