Huawei HCSP-Presales-Storage Sample Questions (Q108-Q113):

NEW QUESTION # 108

The iMaster NCE-Fabric can be deployed in a single-node system.

- A. False
- B. True

Answer: A

Explanation:

Explanation

The iMaster NCE-Fabric cannot be deployed in a single-node system. According to the iMaster NCE-Fabric Product Overview, iMaster NCE-Fabric is a distributed system that consists of three nodes: the management node, the control node, and the analysis

node. The management node provides basic management functions, such as configuration, monitoring, and alarm management. The control node provides control functions, such as VXLAN tunnel establishment and policy association. The analysis node provides analysis functions, such as network health analysis, fault diagnosis, and performance optimization.
