The retention rule has been set for three years. You must ensure the employee's data is visible in Vault and accessible to the Vault Administrator in the most cost-effective way. What should you do?

- A. Suspend the user until the end of the three-year period.
- B. Change ownership of the Drive data to the user's Manager, then delete the user.
- C. Export the user's Drive data from Vault, then delete the user.

- **D. Assign an Archive User (AU) license to the user.**

**Answer: D**

#### NEW QUESTION # 44

You are the administrator for a 30,000-user organization. You have multiple Workspace licensing options available to end users in your domain, according to their work responsibilities. A user may be transitioned to a different license type multiple times in a given year. Your organization has a high turnover rate for employees. What is the most efficient way to manage your organization's licensing?

- A. Use the Directory API to create a custom batch script that modifies the users license on a daily basis.
- B. Create a license assignment rule in the Google Admin console to set user licensing based on directory attributes.
- C. Update user licensing in the user portion of the Admin console on an as-needed basis.
- **D. Use Google Cloud Directory Sync to modify user licensing with each sync, according to information available in the organization's LDAP.**

**Answer: D**

Explanation:

#### NEW QUESTION # 47

The company's ten most senior executives are to have their offices outfitted with dedicated, standardized video conference cameras, microphones, and screens. The goal is to reduce the amount of technical support they require due to frequent, habitual switching between various mobile and PC devices throughout their busy days. You must ensure that it is easier for the executives to join Meet video conferences with the dedicated equipment instead of whatever device they happen to have available.

What should you do?

- A. Deploy Hangouts Meet Hardware Kits to each executive office, and associate the Meet hardware with the executives' calendars.
- B. Provision managed Chromeboxes and set the executives' Chrome homepage to [meet.google.com](https://meet.google.com) via device policy.
- C. Set up unmanaged Chromeboxes and set the executives' homepage to [meet.google.com](https://meet.google.com) via Chrome settings.
- **D. Set up the executive offices as reservable Calendar Resources, deploy Hangouts Meet Hardware Kits, and associate the Meet hardware with the room calendars.**

**Answer: D**

Explanation:

Create Calendar Resources:

In the Google Workspace Admin console, navigate to "Directory" > "Buildings and resources" > "Manage resources".

Create new resources for each executive office and name them appropriately.

Deploy Hangouts Meet Hardware Kits:

Set up the Hangouts Meet Hardware Kits in each executive office.

Connect the hardware kits to the network and ensure they are configured correctly.

Associate Meet Hardware with Room Calendars:

Link each Hangouts Meet Hardware Kit to the corresponding room calendar resource.

This allows meetings scheduled in the room to automatically connect to the Meet hardware.

Set Up and Test:

Ensure that the hardware is functioning correctly by testing video conferences.

Train executives on how to use the dedicated equipment for joining Meet video conferences.
