PRINCE2 7 Foundation written Exam Sample Questions (Q166-Q171):

NEW QUESTION # 166
Which is the purpose of the Change theme?

- A. Identify, assess and control any potential and approved changes to baselined products
- B. Prevent change to baselined products
- C. Establish mechanisms to monitor and compare actual achievements against those planned
- D. Assess and control uncertainty

Answer: A

Explanation:
The purpose of the Change theme in PRINCE2 is to establish a clear, structured approach for identifying, assessing, and controlling changes to baselined products. This theme ensures that only approved changes are implemented, helping to manage and minimize their potential impacts on the project's objectives. References:

NEW QUESTION # 168
Which is a minimum requirement when applying the business case theme?

- A. To specify the solution to be used to deliver the business option selected
- B. To ensure the corporate business plan is updated with the project costs and benefits
- C. To define the management actions required to ensure the project's outcomes are achieved
- D. To integrate the benefits management approach with the project and stage plans

Answer: D

Explanation:
One of the minimum requirements when applying the Business Case theme in PRINCE2 is to integrate the Benefits Management Approach with the project's plans. This requirement ensures that there is a clear line of sight between the project's outputs, outcomes, and the expected benefits. It focuses on planning for the realization of benefits from the outset, which is essential for justifying the project throughout its life cycle.References: PRINCE2 Foundation Manual

NEW QUESTION # 169
What should be considered when defining the number of management stages in a project?

- A. When the team managers are available
- B. When key decisions need to be made
- C. When project support will be available
- D. When highlight reports will be submitted

Answer: B

Explanation:

When defining the number of management stages in a PRINCE2 project, it is essential to consider when key decisions need to be made by the project board. Stages are often structured around the need for key decision points, enabling the project board to review progress and make informed decisions about whether and how the project should continue.
