Tableau Certified Data Analyst Sample Questions (Q73-Q78):

NEW QUESTION # 73

From Tableau Desktop you sign in to a Tableau Server site.

What appears in the list of available data sources when you search for a published data source?

- A. All the data sources published to the Tableau Server
- **B. All the data sources published to the site within the folders to which you have access**
- C. All the data sources published to the site
- D. All the data sources published to the Tableau Server within the folders to which you have access

Answer: B

Explanation:

When you sign in to a Tableau Server site from Tableau Desktop and search for a published data source, you will see all the data sources published to the site within the folders to which you have access. You will not see data sources published to other sites or folders that you do not have permission to view. You can also filter your search by project, owner, or tag. Reference: https://help.tableau.com/current/pro/desktop/en-us/connect_basic.htm https://help.tableau.com/current/pro/desktop/en-us/connect_tableauserver.htm

NEW QUESTION # 74

From Tableau Desktop you sign in to a Tableau Server site.

What appears in the list of available data sources when you search for a published data source?

- A. All the data sources published to the Tableau Server
- B. All the data sources published to the site within the folders to which you have access
- C. All the data sources published to the site
- D. All the data sources published to the Tableau Server within the folders to which you have access

Answer: B

Explanation:

When you sign in to a Tableau Server site from Tableau Desktop and search for a published data source, you will see all the data sources published to the site within the folders to which you have access. You will not see data sources published to other sites or folders that you do not have permission to view. You can also filter your search by project, owner, or tag. References: https://help.tableau.com/current/pro/desktop/en-us/connect_basic.htm https://help.tableau.com/current/pro/desktop/en-us/connect_tableauserver.htm When signed in to Tableau Server from Tableau Desktop, you'll only be able to see the data sources that have been published to the site and are within the folders that you have been granted access to. Tableau's permission and project structure mean that you won't see all data sources from the entire server unless you have permissions to do so.

NEW QUESTION # 75

You have a database that includes field named sales, City and Region.

You have the following chart that shows the number of sales made in different cities.

□ You want to dynamically show the corresponding region when users hover their mouse over any of the bars. What should you do?

- A. Drag Region to Tooltip on the Marks card
- B. Edit the aliases for City.
- C. Right-click a bar in the chart, select Annotate and then select Mark.
- D. Right-click a bar in the chart select Mark Label and then select Always show.

Answer: C

NEW QUESTION # 76

You have the following dataset.

□ You need to create the following worksheet.

□ The table must show either profit or sales based on the selection from the Parameter 1 menu.

Which three actions should you perform in order

(Place the three correct options in order Use the arrows to move Options to Answer Area Use Answer Area arrows to reorder the options)

Answer:

Explanation:

- 1 - Create a parameter that has list string values of profit and sales. Select Show Parameter
- 2 - Create a calculated field that uses the following formula:...
- 3 - Drag the calculated field to Detail on the Marks card and add tRegion to the Columns shelf.

NEW QUESTION # 77

You want to create the following dashboard that will contain two sheets.

What should you do?

- A. Add a border to both sheets and add both sheets to a horizontal object.
- **B. Add both sheets to a horizontal container and add a border to the container.**
- C. Drag both sheets to the dashboard and add a border to each sheet.
- D. Drag both sheets to the dashboard and add a background to each sheet.

Answer: B

NEW QUESTION # 78

.....
