PRAXIS Praxis Business Education: Content Knowledge (5101)Exam 認定 Business-Education-Content-Knowledge-5101 試験問題 (Q60-Q65):

質問 # 60

Which of the following is the best method to emphasize the value of customer service within a company?

- A. Requiring employees to wear clothing that has the company logo
- B. Using interactive activities to acclimate new company employees
- C. Focusing attention on poor examples of customer service
- **D. Rewarding examples of excellence in customer service**

正解: D

解説:

Rewarding excellence in customer service reinforces its value by recognizing and incentivizing positive behavior, fostering a customer-focused culture. Option A (focusing on poor examples) may demoralize staff.

Option B (logo clothing) promotes branding, not service. Option D (interactive activities) is useful for training but less impactful than rewards. This question aligns with the Management and Marketing category, emphasizing customer service strategies.

質問 # 61

Which of the following file extensions indicates that the data are compressed?

- A. .exe
- B. .xml
- **C. .zip**
- D. .epub

正解: C

解説:

The .zip file extension indicates a compressed file, reducing file size for storage or transfer using formats like ZIP. Option A (.exe) denotes executable programs. Option B (.epub) is for e-books. Option D (.xml) is for structured data, not compression. This question falls under the Information Technology category, focusing on file formats.

質問 # 62

Which of the following steps should always be completed before entering records in a database software file?

- **A. Defining the fields for the record layout**
- B. Designing the output layout
- C. Developing formulas for processing the data
- D. Determining the number of records to be input

正解: A

解説:

Before entering records in a database, defining the fields for the record layout is essential to establish the structure, including data types and field names, ensuring accurate data entry and retrieval. Option A (number of records) is useful for planning but not mandatory. Option B (output layout) is relevant for reporting, not data entry preparation. Option C (formulas) applies to data processing, not initial setup. This question aligns with the Information Technology category, emphasizing database management.

質問 # 63

Which of the following is an example of a primary source?

- A. Reading a book
- **B. Conducting an interview**
- C. Searching a website
- D. Studying a journal article

正解: B

解説:

A primary source provides firsthand information or original data, such as an interview, where the information comes directly from the source. Option A (journal article) is typically a secondary source, as it analyzes or interprets primary data. Option B (book) is usually secondary, unless it is an autobiography or original document. Option D (website) can contain primary or secondary information but is not inherently primary.

Conducting an interview directly gathers original data, making it a primary source. This question aligns with the Communication and Career Development category, emphasizing research and communication skills.

質問 # 64

A business teacher shares details about an effective cross-curricular lesson plan with a math colleague who is working on a related subject. Which of the following directions of communication does the situation best represent?

- A. Upward
- **B. Horizontal**
- C. Vertical
- D. Downward

正解: B

解説:

Horizontal communication occurs between individuals at the same organizational level, such as between two teachers (peers). The business teacher sharing a lesson plan with a math colleague exemplifies this. Option B (downward) involves communication from superiors to subordinates. Option C (vertical) is a general term for upward or downward communication. Option D (upward) refers to communication from subordinates to superiors. This question aligns with the Communication and Career Development category, emphasizing workplace communication.
