GCH General Chemistry

OCH Organic Chemistry

PAT Perceptual Ability

QRT Quantitative Reasoning

RCT Reading Comprehension

Interpretation Example:

A Quantitative Reasoning score of 15 on the old DAT reporting scale is approximately equivalent to a Quantitative Reasoning score of 340 on the new scale.

2026 Latest CramPDF ADA-C02 PDF Dumps and ADA-C02 Exam Engine Free Share: <https://drive.google.com/open?id=1hPktWLLOYdX-znJYXntjclA5AwTWj6jt>

We strongly recommend using our SnowPro Advanced Administrator ADA-C02 (ADA-C02) exam dumps to prepare for the Snowflake ADA-C02 certification. It is the best way to ensure success. With our SnowPro Advanced Administrator ADA-C02 (ADA-C02) practice questions, you can get the most out of your studying and maximize your chances of passing your SnowPro Advanced Administrator ADA-C02 (ADA-C02) exam.

As the labor market becomes more competitive, a lot of people, of course including students, company employees, etc., and all want to get Snowflake authentication in a very short time, this has developed into an inevitable trend. Each of them is eager to have a strong proof to highlight their abilities, so they have the opportunity to change their current status, including getting a better job, have higher pay, and get a higher quality of material, etc. It is not easy to qualify for a qualifying exam in such a short period of time. Our company's ADA-C02 Study Guide is very good at helping customers pass the exam and obtain a certificate in a short time, and now I'm going to show you our ADA-C02 exam dumps. Our products mainly include the following major features.

>> Minimum ADA-C02 Pass Score <<

100% Pass Quiz Snowflake - ADA-C02 - Pass-Sure Minimum SnowPro Advanced Administrator ADA-C02 Pass Score

CramPDF is an authoritative study platform to provide our customers with different kinds of ADA-C02 practice torrent to learn, and help them accumulate knowledge and enhance their ability to pass the exam as well as get their expected scores. There are three different versions of our ADA-C02 Study Guide: the PDF, the Software and the APP online. To establish our customers' confidence, we offer related free demos for our customers to download before purchase. With our ADA-C02 exam questions, you will be confident to win in the ADA-C02 exam.

Snowflake SnowPro Advanced Administrator ADA-C02 Sample Questions

(Q23-Q28):

NEW QUESTION # 23

What are characteristics of data replication in Snowflake? (Choose three.)

- A. Replication can only occur within the same cloud provider.
- B. To start replication run the ALTER DATABASE ... REFRESH command on the account where the secondary database resides.
- C. Users must be granted REPLICATIONADMIN privileges in order to enable replication.
- D. The ALTER DATABASE ... ENABLE REPLICATION TO ACCOUNTS command must be issued from the primary account.
- E. Users can have unlimited primary databases and they can be replicated to an unlimited number of accounts if all accounts are within the same organization.
- F. Databases created from shares can be replicated.

Answer: B,D,F

Explanation:

Replication must be enabled on the primary account using ALTER DATABASE ... ENABLE REPLICATION TO ACCOUNTS. To refresh replicated data, ALTER DATABASE ... REFRESH is executed on the secondary database. Databases created from shares can also be replicated.

NEW QUESTION # 24

An Administrator has been asked to support the company's application team need to build a loyalty program for its customers. The customer table contains Personal Identifiable Information (PII), and the application team's role is DEVELOPER.

```
CREATE TABLE customer_data (  
  customer_first_name string,  
  customer_last_name string,  
  customer_address string,  
  customer_email string,  
  ... some other columns,  
);
```

The application team would like to access the customer data, but the email field must be obfuscated.

How can the Administrator protect the sensitive information, while maintaining the usability of the data?

- A. Use the CURRENT_ROLE and CURRENT_USER context functions to integrate with a secure view and filter the sensitive data.
- B. Create a view on the customer_data table to eliminate the email column by omitting it from the SELECT clause. Grant the role DEVELOPER access to the view.
- C. Use the CURRENT_ROLE context function to integrate with a masking policy on the fields that contain sensitive data.
- D. Create a separate table for all the non-PII columns and grant the role DEVELOPER access to the new table.

Answer: C

Explanation:

The correct approach is to apply a dynamic data masking policy on the sensitive customer_email column. Using the CURRENT_ROLE context function in the masking policy allows the Administrator to obfuscate the email for the DEVELOPER role while maintaining usability of the data for other authorized roles.

NEW QUESTION # 25

Which actions are considered breaking changes to data that is shared with consumers in the Snowflake Marketplace? (Choose two.)

- A. Adding region availability to the listing
- B. Unpublishing the data listing
- C. Deleting data from a table
- D. Dropping a column from a table
- E. Renaming a table

Answer: D,E

Explanation:

Dropping a column from a table or renaming a table breaks the shared schema and can cause dependent queries to fail for consumers. These are considered breaking changes to shared data in the Snowflake Marketplace.

NEW QUESTION # 26

An organization's sales team leverages this Snowflake query a few times a day:

```
SELECT CUSTOMER_ID, CUSTOMER_NAME, ADDRESS, PHONE_NO
FROM CUSTOMERS
WHERE LAST_UPDATED BETWEEN TO_DATE(CURRENT_TIMESTAMP) AND
(TO_DATE(CURRENT_TIMESTAMP)-7);
```

What can the Snowflake Administrator do to optimize the use of persisted query results whenever possible?

- A. Assign everyone on the sales team to the same security role.
- **B. Leverage the CURRENT_DATE function for date calculations.**
- C. Wrap the query in a User-Defined Function (UDF) to match syntax execution.
- D. Assign everyone on the sales team to the same virtual warehouse.

Answer: B

Explanation:

Query result caching in Snowflake requires queries to be textually identical. Using CURRENT_TIMESTAMP causes queries to differ on each execution. By switching to CURRENT_DATE, the query becomes stable within a day, allowing Snowflake to reuse persisted results and improve performance.

NEW QUESTION # 27

What is required for stages, without credentials, to limit data exfiltration after a storage Integration and associated stages are created?

- **A. ALTER ACCOUNT my_account SET
 REQUIRE_STORAGE_INTEGRATION_FOR_STAGE_CREATION = true;
 ALTER ACCOUNT my_account SET
 REQUIRE_STORAGE_INTEGRATION_FOR_STAGE_OPERATION = true;
 ALTER ACCOUNT my_account SET
 PREVENT_UNLOAD_TO_INLINE_URL = true;**
- B. ALTER ACCOUNT my_account SET
 REQUIRE_STORAGE_INTEGRATION_FOR_STAGE_CREATION = true;
 ALTER ACCOUNT my_account SET
 REQUIRE_STORAGE_INTEGRATION_FOR_STAGE_OPERATION = true;
 ALTER ACCOUNT my_account SET
 PREVENT_UNLOAD_TO_INLINE_URL = false;
- C. ALTER ACCOUNT my_account SET
 REQUIRE_STORAGE_INTEGRATION_FOR_STAGE_CREATION = false;
 ALTER ACCOUNT my_account SET
 REQUIRE_STORAGE_INTEGRATION_FOR_STAGE_OPERATION = false;
 ALTER ACCOUNT my_account SET
 PREVENT_UNLOAD_TO_INLINE_URL = false;
- D. ALTER ACCOUNT my_account SET
 REQUIRE_STORAGE_INTEGRATION_FOR_STAGE_CREATION = false;
 ALTER ACCOUNT my_account SET
 REQUIRE_STORAGE_INTEGRATION_FOR_STAGE_OPERATION = false;
 ALTER ACCOUNT my_account SET
 PREVENT_UNLOAD_TO_INLINE_URL = true;

Answer: A

Explanation:

To prevent data exfiltration, Snowflake requires storage integrations for both stage creation and stage operations, ensuring that

unmanaged external locations cannot be used. Additionally, setting `PREVENT_UNLOAD_TO_INLINE_URL = true` blocks unloading directly to unsecured inline URLs. This configuration enforces secure stage usage tied to storage integrations.

NEW QUESTION # 28

.....

This certification gives us more opportunities. Compared with your colleagues around you, with the help of our ADA-C02 preparation questions, you will also be able to have more efficient work performance. Our ADA-C02 study materials can bring you so many benefits because they have the following features. I hope you can use a cup of coffee to learn about our ADA-C02 training engine. Perhaps this is the beginning of your change.
