

Valid H11-861_V4.0 Exam Vce, H11-861_V4.0 New Test Bootcamp

What's more, part of that DumpsFree H11-861_V4.0 dumps now are free: <https://drive.google.com/open?id=1ULPuz43oGJJkeib2XnvmS5jOWRIZSL55>

We know students run on low budgets so we made every possible effort to reduce the pre-purchase doubts. You can easily avail of our product at an affordable price. We are aware that the syllabus of H11-861_V4.0 exam is extremely dynamic and changes with incoming updates, so we also offer you updates for free after purchase for 1 year. We assure you in every possible way that our Huawei H11-861_V4.0 Exam Preparation material is the most reliable there is.

Huawei H11-861_V4.0 Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none">• Operations and Maintenance: This domain measures skills of Operations Engineers and Network Administrators in monitoring IIoT systems, troubleshooting network and device issues, and maintaining overall system health and performance.
Topic 2	<ul style="list-style-type: none">• Technical Concepts: This section measures skills of Industrial IoT Engineers and Network Engineers and covers fundamental technical principles relevant to Industrial Internet of Things (IIoT), including architectures, protocols, data management, and integration technologies.
Topic 3	<ul style="list-style-type: none">• Integration and Application: This section targets Solution Developers and System Integrators involved in integrating IIoT systems with existing enterprise applications, cloud platforms, and analytics tools for data-driven decision making.
Topic 4	<ul style="list-style-type: none">• Cybersecurity and Risk Management: This section assesses the expertise of Security Engineers and Compliance Officers in securing IIoT environments by applying security frameworks, identity and access management, threat detection, and risk mitigation strategies.
Topic 5	<ul style="list-style-type: none">• Implementation and Configuration: This domain targets IIoT Solution Architects and System Integrators, focusing on configuring IoT devices, network connectivity, communication protocols, and edge computing components used in IIoT deployments.

HCIP-Collaboration V4.0 Latest Material Can Help You Save Much Time -

DumpsFree

In the present situation, you will find companies laying off their employees without any notice or prior information. They are just receiving an email and the next moment they have no access to the company network. So to avoid all this, you have to keep yourself updated with the new version of technologies and applications. You have to become one of HCIP-Collaboration V4.0 (HI1-861_V4.0) certification holders who survived the laying off situation and are still in a great position in their company. You cannot afford to lose it when you need your job the most.

Huawei HCIP-Collaboration V4.0 Sample Questions (Q50-Q55):

NEW QUESTION # 50

During a point-to-point call between different GKs, the local GK sends an LRQ request to the neighboring GK to query the information about the called node.

- A. TRUE
- B. FALSE

Answer: A

Explanation:

In H.323, when a gatekeeper needs to locate an endpoint outside its zone, it issues a LocationRequest (LRQ) to the neighboring gatekeeper to retrieve the called party's address.

NEW QUESTION # 51

Currently, the widely used video compression standards include H.263, H.264, H.265, MPEG-1, MPEG-2, and MPEG-4. The H.26X series standards are mainly used for real time video communication, and the MPEG series standards are mainly used for video storage (DVD), video broadcast, and video streaming media.

- A. TRUE
- B. FALSE

Answer: A

Explanation:

The H.26x family (H.263, H.264/AVC, H.265/HEVC) was designed with low-latency, real-time encoding/decoding in mind (ideal for videoconferencing and streaming calls) whereas MPEG-1/2/4 were originally optimized for file-based storage (VCD/DVD), broadcast and progressive streaming. Modern deployments often blend these. For example, using H.265 for both live calls and high-efficiency streaming and newer standards (like H.266/VVC) are now emerging.

NEW QUESTION # 52

Assume endpoints T1 and T2 are registered with the same SC node zone. After T1 calls the number of T2 using H.323, T1 and T2 communicate with each other. Which of the following statements are true about the call process? (Choose all that apply.)

- A. Endpoint control signaling involved in this process mainly includes H.225 RAS, H.225 Call Signaling, and H.245.
- B. 225 RAS messages (registration, admission, status) always traverse the SC (gatekeeper) for endpoints in the same zone.
- C. In this process, the H.225 RAS signaling interaction between T1 and T2 must pass through the SC.
- D. In this process, the media stream must be directly transmitted between T1 and T2.
- E. In this process, the H.225 call signaling interaction between T1 and T2 must pass through the SC.

Answer: A,C,D

Explanation:

RTP media is exchanged directly between T1 and T2 once the call is established.

The call control sequence involves H.225 RAS (registration/admission), H.225 call signaling (SETUP/CONNECT), and H.245 control for capabilities.

NEW QUESTION # 53

When the MCU has two service network ports, you can use the IP address bound to bond0 or bond1 to access the MCU web interface.

- A. TRUE
- B. FALSE

Answer: B

Explanation:

The MCU's web management interface listens only on the service-network bond (bond0); the second port group (bond1) is dedicated to media traffic and does not provide web access.

NEW QUESTION # 54

When Dual-screen mode is set to Manual for the Box 310/610, which of the following options can be selected for Output port policy? (Choose all that apply.)

- A. Extended mode 3
- B. Extended mode 1
- C. Extended mode 2
- D. Single-screen

Answer: B,C,D

Explanation:

In Manual dual-screen mode on the Box 310/610, you may select Single-screen or one of the two Extended modes (Extended mode 1 or Extended mode 2); Extended mode 3 is not supported.

NEW QUESTION # 55

.....

DumpsFree offers up to 1 year of free HCIP-Collaboration V4.0 (H11-861_V4.0) exam questions updates. With our actual questions, you can prepare for the H11-861_V4.0 exam without missing out on any point you need to know. These exam questions provide you with all the necessary knowledge that you will need to clear the HCIP-Collaboration V4.0 (H11-861_V4.0) exam with a high passing score.
