NEW QUESTION # 95

Note: This question is part of a series of questions that present the same scenario. Each question in the series contains a unique solution that might meet the stated goals. Some question sets might have more than one correct solution, while others might not have a correct solution.

After you answer a question in this section, you will NOT be able to return to it. As a result, these questions will not appear in the review screen.

Your company has a Microsoft 365 subscription that uses an Azure Active Directory (Azure AD) tenant named contoso.com. You need to prevent guest users in the tenant from using cameras during Microsoft Teams meetings.

Solution: From Microsoft Teams admin center, you modify the External sharing settings.

Does this meet the goal?

- A. Yes
- B. No

Answer: B

Explanation:

Guest access in Teams allows people outside your organization to access teams and channels.

When you turn on Guest Access, you can turn on or off features guests users can or can't use.
