The price for DP-700 study guide is quite reasonable, no matter you are a student or employee in the company, you can afford them. Just think that, you only need to spend some money, you can get a certificate as well as improve your ability. Besides, we also pass guarantee and money back guarantee for you fail to pass the exam after you have purchasing DP-700 Exam Dumps from us. We can give you free update for 365 days after your purchasing. If you have any questions about the DP-700 study guide, you can have a chat with us.

The latest DP-700 exam prep is created by our IT experts and certified trainers who are dedicated to Microsoft braindumps pdf for a long time. All questions of our DP-700 PDF VCE are written based on the real questions. Besides, we always check the updating of DP-700 exam questions to make sure exam preparation smoothly.

Choose The Right Microsoft DP-700 and Get Certified Today!

The product is made in three different formats to help customers with different preparation styles meet their needs. One of these formats is Microsoft DP-700 Dumps PDF file which is printable and portable. Users can take Microsoft DP-700 PDF Questions

anywhere and use them anytime. They can print these real DP-700 questions to save them as paper notes.

Microsoft DP-700 Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none">• Ingest and transform data: This section of the exam measures the skills of Data Engineers that cover designing and implementing data loading patterns. It emphasizes preparing data for loading into dimensional models, handling batch and streaming data ingestion, and transforming data using various methods. A skill to be measured is applying appropriate transformation techniques to ensure data quality.
Topic 2	<ul style="list-style-type: none">• Implement and manage an analytics solution: This section of the exam measures the skills of Microsoft Data Analysts regarding configuring various workspace settings in Microsoft Fabric. It focuses on setting up Microsoft Fabric workspaces, including Spark and domain workspace configurations, as well as implementing lifecycle management and version control. One skill to be measured is creating deployment pipelines for analytics solutions.
Topic 3	<ul style="list-style-type: none">• Monitor and optimize an analytics solution: This section of the exam measures the skills of Data Analysts in monitoring various components of analytics solutions in Microsoft Fabric. It focuses on tracking data ingestion, transformation processes, and semantic model refreshes while configuring alerts for error resolution. One skill to be measured is identifying performance bottlenecks in analytics workflows.

Microsoft Implementing Data Engineering Solutions Using Microsoft Fabric Sample Questions (Q78-Q83):

NEW QUESTION # 78

You have a Fabric workspace named Workspace1 that contains a data pipeline named Pipeline1 and a lakehouse named Lakehouse1.

You have a deployment pipeline named deployPipeline1 that deploys Workspace1 to Workspace2.

You restructure Workspace1 by adding a folder named Folder1 and moving Pipeline1 to Folder1.

You use deployPipeline1 to deploy Workspace1 to Workspace2.

What occurs to Workspace2?

- A. Only Folder1 is created and Pipeline1 moves to Folder1.
- B. Only Pipeline1 and Lakehouse1 are deployed.
- C. Folder1 is created, Pipeline1 moves to Folder1, and Lakehouse1 is deployed.
- D. Folder1 is created, and Pipeline1 and Lakehouse1 move to Folder1.

Answer: C

Explanation:

When you restructure Workspace1 by adding a new folder (Folder1) and moving Pipeline1 into it, deployPipeline1 will deploy the entire structure of Workspace1 to Workspace2, preserving the changes made in Workspace1. This includes:

Folder1 will be created in Workspace2, mirroring the structure in Workspace1.

Pipeline1 will be moved into Folder1 in Workspace2, maintaining the same folder structure.

Lakehouse1 will be deployed to Workspace2 as it exists in Workspace1.

NEW QUESTION # 79

You need to schedule the population of the medallion layers to meet the technical requirements.

What should you do?

- A. Schedule an Apache Spark job.
- B. Schedule multiple data pipelines.
- C. Schedule a notebook.
- D. Schedule a data pipeline that calls other data pipelines.

Answer: D

NEW QUESTION # 80

You need to recommend a method to populate the POS1 data to the lakehouse medallion layers. What should you recommend for each layer? To answer, select the appropriate options in the answer area. NOTE: Each correct selection is worth one point.

Bronze layer:

- A Dataflow Gen2 dataflow
- A notebook
- A pipeline Copy activity
- A pipeline stored procedure

Silver layer:

- A Dataflow Gen2 dataflow
- A notebook
- A pipeline Copy activity
- A pipeline stored procedure

Answer:

Explanation:

Bronze layer:

- A Dataflow Gen2 dataflow
- A notebook
- A pipeline Copy activity
- A pipeline stored procedure

Silver layer:

- A Dataflow Gen2 dataflow
- A notebook
- A pipeline Copy activity
- A pipeline stored procedure

NEW QUESTION # 81

Note: This question is part of a series of questions that present the same scenario. Each question in the series contains a unique solution that might meet the stated goals. Some question sets might have more than one correct solution, while others might not have a correct solution.

After you answer a question in this section, you will NOT be able to return to it. As a result, these questions will not appear in the review screen.

You have a KQL database that contains two tables named Stream and Reference. Stream contains streaming data in the following format.

Column name	Data type
Timestamp	Datetime
GeoLocation	Dynamic
Temperature	Decimal
DeviceId	Int

Reference contains reference data in the following format.

Column name	Data type
DeviceId	Int
DeviceName	String

Both tables contain millions of rows.

You have the following KQL queryset.

```
01 Stream
02 | extend lat = todecimal(GeoLocation.Latitude), long = todecimal(GeoLocation.Longitude)
03 | join kind=inner Reference on DeviceId
04 | project Timestamp, lat, long, Temperature, DeviceName
05 | filter Temperature >= 10
06 | render scatterchart with (kind = map)
```

You need to reduce how long it takes to run the KQL queryset.

Solution: You change project to extend.

Does this meet the goal?

- A. No
- B. Yes

Answer: A

Explanation:

Using extend retains all columns in the table, potentially increasing the size of the output unnecessarily. project is more efficient because it selects only the required columns.

NEW QUESTION # 82

Your company has three newly created data engineering teams named Team1, Team2, and Team3 that plan to use Fabric. The teams have the following personas:

* Team1 consists of members who currently use Microsoft Power BI. The team wants to transform data by using by a low-code approach.

* Team2 consists of members that have a background in Python programming. The team wants to use PySpark code to transform data.

* Team3 consists of members who currently use Azure Data Factory. The team wants to move data between source and sink environments by using the least amount of effort.

You need to recommend tools for the teams based on their current personas.

What should you recommend for each team? To answer, select the appropriate options in the answer area.

NOTE: Each correct selection is worth one point.

Answer Area

Team1:

- Data pipelines
- Notebooks
- Dataflow Gen2 dataflows**

Team2:

- Data pipelines
- Notebooks**
- Dataflow Gen2 dataflows

Team3:

- Data pipelines**
- Notebooks
- Dataflow Gen2 dataflows

Answer:

Explanation:

Team1:

Team2:

Team3:

Explanation:

Answer Area  Microsoft

Team1:

Team2:

Team3:

NEW QUESTION # 83

.....

Passing a certification exam means opening up a new and fascination phase of your professional career. ITPassLeader's exam dumps enable you to meet the demands of the actual certification exam within days. Hence they are your real ally for establishing your career pathway and get your potential attested. If you want to check the quality of DP-700 certificate dumps, then go for free demo of the dumps and make sure that the quality of our questions and answers serve you the best. You are not required to pay any amount or getting registered with us for downloading free dumps.
