| Tablets         | <input checked="" type="radio"/> | <input type="radio"/>            | <input type="radio"/>            |
| Service         | <input type="radio"/>            | <input checked="" type="radio"/> | <input type="radio"/>            |
| Change address  | <input type="radio"/>            | <input type="radio"/>            | <input type="radio"/>            |

#### NEW QUESTION # 54

Pega Customer Decision Hub enables organizations to make Next-Best decisions. To which type of a decision is Next-Best-Action applied?

- A. Determining how to optimize inventories
- B. Optimizing supply chain management
- C. Predicting the time of a machine failure
- **D. Determining if a borrower gets a loan**

**Answer: D**

Explanation:

Next-Best-Action is a type of decision that involves selecting and prioritizing the most appropriate proposition for each customer at any given moment. Next-Best-Action can be applied to decisions that require customer-centricity, personalization, and contextualization. Determining if a borrower gets a loan is an example of such a decision, as it depends on the customer's attributes, behaviors, preferences, and needs. The other options are examples of decisions that are not related to customer interactions, but rather to operational or analytical processes.
