NEW QUESTION # 234

An analyst is asked to retrieve an API client secret from a previously generated key. How can they achieve this?

- A. Enable the Client Secret column to reveal the API client secret
- **B. The API client secret cannot be retrieved after it has been created**
- C. Re-create the API client using the exact name to see the API client secret
- D. The API client secret can be viewed from the Edit API client pop-up box

Answer: B

Explanation:

The API client secret cannot be retrieved after it has been created. The secret is only displayed once when the API client is created, and it cannot be viewed or edited later. Therefore, it is important to save the secret securely and use it along with the client ID to authenticate the API client. The other options are either incorrect or not possible.
