

# Free PDF Quiz CMMC-CCP - Newest Relevant Certified CMMC Professional (CCP) Exam Answers

---

## CMMC CCP Practice Exam Qs with correct answers

Where do you document a CUI Asset? Correct Answer-Documents in Asset Inventory

Document in SSP

Document in Network Diagram

What impact level is required when storing CUI? Correct Answer-IL4

What contract clause is used for CMMC L1? Correct Answer-FAR 52.204-21 (17 practices in total)

What are the three levels of FedRAMP? Correct Answer-Low

Moderate

High

What is reciprocity? Correct Answer-Privileges granted by one organization to another for mutual benefit.

What is an Assessment Objective? Correct Answer-Identify the specific items being assessed and can include specifications, mechanism, activities, and individuals to receive MET for the practice as defined in NIST SP 800-171A

Means to gain detailed insight about practices implemented in and by the OSC and how those practices are performed

What are the six components of a CMMC practice? Correct Answer-1. Identifier and Practice Statement

BONUS!!! Download part of DumpStillValid CMMC-CCP dumps for free: [https://drive.google.com/open?id=1VLFx2vhqy4v0290C-HmHUaUKZNQ\\_v8bH](https://drive.google.com/open?id=1VLFx2vhqy4v0290C-HmHUaUKZNQ_v8bH)

By propagating all necessary points of knowledge available for you, our CMMC-CCP practice materials helped over 98 percent of former exam candidates gain successful outcomes as a result. Our CMMC-CCP practice materials have an accuracy rate in proximity to 98 and over percent for your reference. Up to now we classify them as three versions. They are pdf, software and the most convenient one app. Each of them has their respective feature and advantage including new information that you need to know to pass the test.

With DumpStillValid, you can trust that you're accessing authentic and error-free CMMC-CCP exam practice questions. These questions are available in three different formats: PDF questions files, desktop practice test software, and web-based practice test software. All three formats contain genuine CMMC-CCP Practice Questions that will effectively prepare you for the final exam.

## Valid Cyber AB CMMC-CCP Mock Test & Practice Test CMMC-CCP Fee

To meet the needs of users, and to keep up with the trend of the examination outline, our products will provide customers with the latest version of our products. Our company's experts are daily testing our CMMC-CCP study guide for timely updates. So we solemnly

promise the users, our products make every effort to provide our users with the latest learning materials. As long as the users choose to purchase our CMMC-CCP Exam Dumps, there is no doubt that he will enjoy the advantages of the most powerful update. Most importantly, these continuously updated systems are completely free to users. As long as our CMMC-CCP learning material updated, users will receive the most recent information from our CMMC-CCP learning materials. So, buy our products immediately!

## Cyber AB Certified CMMC Professional (CCP) Exam Sample Questions (Q73-Q78):

### NEW QUESTION # 73

After completing a Level 2 Assessment, a C3PAO is preparing to upload the Assessment Results Package to Enterprise Mission Assurance Support Service. Which document **MUST** be included as part of the final assessment results package?

- A. Certification rating
- B. Summary-level findings
- **C. Final Report**
- D. All Daily Checkpoint logs

**Answer: C**

Explanation:

Understanding the Assessment Results Package Submission After completing a CMMC Level 2 Assessment, the Certified Third-Party Assessment Organization (C3PAO) must submit the final assessment results package to the Enterprise Mission Assurance Support Service (eMASS) system.

- \* The Final Report is the mandatory document that contains all assessment details, findings, and scoring.
- \* It serves as the official record of the assessment and determines certification eligibility.

Key Required Document: Final Report

- \* A. Final Report # Correct
- \* The Final Report is required in the submission package to document assessment results officially.
- \* It includes a summary of findings, scoring, and recommendations.
- \* B. Certification rating # Incorrect
- \* The C3PAO does not issue certification ratings-the DoD and CMMC-AB determine certification status after reviewing the Final Report.
- \* C. Summary-level findings # Incorrect
- \* While the Final Report includes summary findings, a standalone summary-level findings document is not a required upload.
- \* D. All Daily Checkpoint logs # Incorrect
- \* Checkpoint logs are part of the internal assessment process but are not required in the final eMASS submission.

Why is the Correct Answer "Final Report" (A)?

- \* CMMC Assessment Process (CAP) Document
- \* Specifies that the Final Report must be submitted to eMASS after a Level 2 assessment.
- \* CMMC-AB Guidelines for C3PAOs
- \* States that the Final Report is the key document used to determine certification status.
- \* DFARS 252.204-7021 (CMMC Requirements Clause)
- \* Requires the assessment results to be documented in an official report and submitted via eMASS.

CMMC 2.0 References Supporting This Answer:

Final Answer: A. Final Report

### NEW QUESTION # 74

Which assessment method describes the process of reviewing, inspecting, observing, studying, or analyzing assessment objects (i.e., specification, mechanisms, activities)?

- A. Assess
- B. Test
- **C. Examine**
- D. Interview

**Answer: C**

Explanation:

Understanding the "Examine" Assessment Method in CMMC 2.0 CMMC 2.0 uses three assessment methods to evaluate security

compliance:

- \* Examine- Reviewing, inspecting, observing, studying, or analyzing assessment objects (e.g., policies, system documentation).
- \* Interview- Speaking with personnel to verify knowledge and responsibilities.
- \* Test- Performing technical validation to check system configurations.
- \* The CMMC Assessment Process (CAP) defines Examine as the method used to review or analyze assessment objects, such as policies, procedures, configurations, and logs.

Relevant CMMC 2.0 Reference:

- \* A. Test # Incorrect
- \* "Test" involves executing a function to validate its security (e.g., verifying access controls through a live system test).
- \* B. Assess # Incorrect
- \* "Assess" is a broad term; CMMC explicitly defines "Examine" as the method for reviewing documentation.
- \* C. Examine # Correct
- \* "Examine" is the official term for reviewing policies, procedures, configurations, or logs.
- \* D. Interview # Incorrect
- \* "Interview" involves verbal discussions with personnel, not document analysis.

Why is the Correct Answer "Examine" (C)?

- \* CMMC Assessment Process (CAP) Document
- \* Defines "Examine" as analyzing assessment objects (e.g., policies, procedures, logs, documentation).
- \* NIST SP 800-171A
- \* Specifies "Examine" as a method to review security controls and configurations.

CMMC 2.0 References Supporting this answer:

## NEW QUESTION # 75

When assessing SI.L1-3.14.2: Provide protection from malicious code at appropriate locations within organizational information systems, evidence shows that all of the OSC's workstations and servers have antivirus software installed for malicious code protection. A centralized console for the antivirus software management is in place and records show that all devices have received the most updated antivirus patterns.

What is the BEST determination that the Lead Assessor should reach regarding the evidence?

- **A. It is sufficient, and the audit finding can be rated as MET.**
- B. It is insufficient, and the audit finding can be rated NOT MET.
- C. It is insufficient, and the Lead Assessor should seek more evidence.
- D. It is sufficient, and the Lead Assessor should seek more evidence.

**Answer: A**

Explanation:

Understanding SI.L1-3.14.2: Provide Protection from Malicious Code  
The CMMC Level 1 practice SI.L1-3.14.2 is based on NIST SP 800-171 Requirement 3.14.2, which requires organizations to:

- \* Implement malicious code protection (e.g., antivirus, endpoint security software).
- \* Ensure coverage across all appropriate locations (e.g., workstations, servers, network entry points).
- \* Keep protection mechanisms updated (e.g., regular signature updates, policy enforcement).

Assessment Criteria for a "MET" Rating: To determine whether the practice is MET, the Lead Assessor must confirm that:

#Antivirus or endpoint protection software is installed on all workstations and servers.

#The solution is centrally managed, ensuring consistent policy enforcement.

#Signature updates are current, meaning systems are protected against new threats.

#Logs or reports demonstrate active monitoring and updates.

Why is the Correct Answer "A. It is sufficient, and the audit finding can be rated as MET"? The provided evidence confirms all necessary requirements for SI.L1-3.14.2:

#All workstations and servers have antivirus installed #Meets installation requirement.

#A centralized management console is in place #Ensures consistent enforcement.

#Records show antivirus signatures are up to date #Confirms system protection is current.

Because the evidence meets the requirement, the practice should be rated as MET.

- \* B. It is insufficient, and the audit finding can be rated NOT MET # Incorrect
- \* The evidence provided meets all necessary requirements, so the practice should not be rated as NOT MET.
- \* C. It is sufficient, and the Lead Assessor should seek more evidence # Incorrect
- \* If adequate evidence already exists, additional evidence is unnecessary.
- \* D. It is insufficient, and the Lead Assessor should seek more evidence # Incorrect
- \* The evidence provided meets the control requirements, making it sufficient.

Why Are the Other Answers Incorrect?

- \* CMMC Assessment Process (CAP) Document
  - \* Specifies that a practice can be marked as MET if sufficient evidence is provided.
  - \* NIST SP 800-171 (Requirement 3.14.2)
  - \* Defines the standard for malicious code protection, which is met by antivirus with active updates.
  - \* CMMC 2.0 Level 1 (Foundational) Requirements
  - \* Clarifies that basic cybersecurity measures like antivirus installation and updates meet compliance for SI.L1-3.14.2.
- CMMC 2.0 References Supporting This Answer:  
Final Answer: #A. It is sufficient, and the audit finding can be rated as MET.

#### NEW QUESTION # 76

A C3PAO is near completion of a Level 2 Assessment for an OSC. The CMMC Findings Brief and CMMC Assessment Results documents have been developed. The Final Recommended Assessment Results are being generated. When generating these results, what MUST be included?

- A. An updated Assessment Plan
- **B. Review documentation for the CMMC Quality Assurance Professional (CQAP)**
- C. Fully executed CMMC Assessment contract between the C3PAO and the OSC
- D. Recorded and final updated Daily Checkpoint

**Answer: B**

Explanation:

- \* AC3PAO (Certified Third-Party Assessment Organization) is responsible for conducting CMMC Level 2 assessments.
- \* After completing the assessment, the C3PAO generates the Final Recommended Assessment Results, which include key documentation reviewed by the CMMC Quality Assurance Professional (CQAP) for quality control.

Reference:

CMMC Assessment Process (CAP) Guide

Step 2: Role of the CMMC Quality Assurance Professional (CQAP) The CQAP is responsible for reviewing assessment documentation to ensure it aligns with CMMC requirements and DoD expectations.

Before finalizing the assessment results, the C3PAO must include documentation for CQAP review to maintain compliance.

Step 3: Why Other Answer Choices Are Incorrect A. An updated Assessment Plan (Incorrect):

The Assessment Plan is developed before the assessment begins, not during the final recommended results phase.

B: Recorded and final updated Daily Checkpoint (Incorrect):

Daily Checkpoints are internal tracking tools used during assessments, but they are not mandatory for final results.

C: Fully executed CMMC Assessment contract between the C3PAO and the OSC (Incorrect):

While a contract is required for the assessment, it is not part of the Final Recommended Assessment Results.

Final Confirmation of Correct Answer: Review documentation for the CMMC Quality Assurance Professional (CQAP) must be included in the Final Recommended Assessment Results.

Thus, the correct answer is: D. Review documentation for the CMMC Quality Assurance Professional (CQAP)

#### NEW QUESTION # 77

When executing a remediation review, the Lead Assessor should:

- A. help OSC to complete planned remediation activities.
- **B. submit a delta assessment remediation package for C3PAO's internal quality review.**
- C. plan two consecutive remediation reviews for an OSC.
- D. validate that practices previously listed on the POA&M have been removed on an updated Risk Assessment.

**Answer: B**

Explanation:

In the context of the Cybersecurity Maturity Model Certification (CMMC) 2.0, the remediation review process is a critical phase where identified deficiencies from an initial assessment are addressed. The Lead Assessor, representing a Certified Third-Party Assessment Organization (C3PAO), plays a pivotal role in this process.

Role of the Lead Assessor in Remediation Reviews:

Validation of Remediation Efforts:

Objective: Ensure that the Organization Seeking Certification (OSC) has effectively addressed and corrected all deficiencies identified during the initial assessment.

Process: The Lead Assessor reviews the evidence provided by the OSC to confirm that each previously unmet practice now meets

the required standards. This involves examining updated policies, procedures, system configurations, and other relevant artifacts.

Delta Assessment Remediation Package Submission:

Definition: A delta assessment focuses on evaluating only the components or practices that were previously found non-compliant or deficient.

Responsibility: After validating the remediation efforts, the Lead Assessor compiles a remediation package that includes:

Detailed documentation of the deficiencies identified in the initial assessment.

Evidence of the corrective actions taken by the OSC.

Findings from the reassessment of the remediated practices.

Internal Quality Review: This remediation package is then submitted for the C3PAO's internal quality review process. The purpose of this review is to ensure the accuracy, completeness, and consistency of the assessment findings before finalizing the certification decision.

Rationale for Selecting Answer C:

Alignment with CMMC Assessment Process: The submission of a delta assessment remediation package for internal quality review is a standard procedure outlined in the CMMC Assessment Process. This step ensures that all remediated items are thoroughly evaluated and validated, maintaining the integrity of the certification process.

Clarification of Incorrect Options:

Option A: "Help OSC to complete planned remediation activities."

The Lead Assessor's role is to assess and validate the OSC's compliance, not to assist in the implementation or completion of remediation activities. Providing such assistance could lead to a conflict of interest and compromise the objectivity of the assessment.

Option B: "Plan two consecutive remediation reviews for an OSC."

The standard process involves conducting a single remediation review after the OSC has addressed the identified deficiencies.

Planning multiple consecutive remediation reviews is not a typical practice and could indicate a lack of proper remediation planning by the OSC.

Option D: "Validate that practices previously listed on the POA&M have been removed on an updated Risk Assessment." While it's essential to ensure that deficiencies are addressed, the primary focus of the Lead Assessor during a remediation review is to validate the implementation of remediated practices. Updating the Risk Assessment is the responsibility of the OSC's internal risk management team, not the Lead Assessor.

These documents provide detailed guidelines on the roles and responsibilities of assessors, the remediation review process, and the procedures for submitting assessment findings for quality review within the CMMC framework.

## NEW QUESTION # 78

.....

Our CMMC-CCP exam questions are supposed to help you pass the exam smoothly. Don't worry about channels to the best CMMC-CCP study materials so many exam candidates admire our generosity of offering help for them. Up to now, no one has ever challenged our leading position of this area. The existence of our CMMC-CCP learning guide is regarded as in favor of your efficiency of passing the exam. And the pass rate of our CMMC-CCP training braindumps is high as 98% to 100%.

**Valid CMMC-CCP Mock Test:** <https://www.dumpstillvalid.com/CMMC-CCP-prep4sure-review.html>

If you pay attention on our CMMC-CCP braindumps I believe you will pass exam for sure, Our CMMC-CCP study dumps could bring huge impact to your personal development, because in the process of we are looking for a job, hold a certificate you have more advantage than your competitors, the company will be a greater probability of you, The DumpStillValid CMMC-CCP exam practice test questions are checked and verified by experienced and qualified CMMC-CCP exam trainers.

This chapter begins by linking the Architecture Framework with Practice Test CMMC-CCP. It provides an understanding of perspectives on data that preceded it by twelve years. This is known as the Peter Principle, whereby some individuals rise to a level and position beyond their skill CMMC-CCP set and beyond their will to perform, thereby becoming a derailment to others' effectiveness and organizational success.
