

# Salesforce Certified Omnistudio Developer vce files, valid free Salesforce Plat-Dev-210 vce dumps

Knowledge of the Plat-Dev-210 real study guide contains are very comprehensive, not only have the function of online learning, also can help the user to leak fill a vacancy, let those who deal with qualification exam users can easily and efficient use of the Plat-Dev-210 question guide. By visit our website, the user can obtain an experimental demonstration, free after the user experience can choose the most appropriate and most favorite Plat-Dev-210 Exam Questions download. Users can not only learn new knowledge, can also apply theory into the Plat-Dev-210 actual problem, so to grasp the opportunity!

## Salesforce Plat-Dev-210 Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none"><li>Integrated Troubleshooting and Deployment: This final section measures the skills of a Support Engineer and focuses on identifying and resolving issues within Omnistudio tools. It involves diagnosing errors based on given scenarios and determining where breakdowns occur in the data flow for specific customer issues. This ensures the candidate can effectively troubleshoot, debug, and maintain solutions to ensure optimal performance and reliability.</li></ul>
Topic 2	<ul style="list-style-type: none"><li>Omnistudio Data Mappers: This part of the exam measures the skills of a Data Engineer and focuses on the use of Omnistudio Data Mappers for extracting, transforming, and loading data. It includes identifying the appropriate Data Mapper for a given requirement, as well as determining the necessary Extract, Load, Transform, and Turbo Extract functionalities based on specific use cases. This section ensures the candidate can effectively map and manipulate data to support business processes.</li></ul>
Topic 3	<ul style="list-style-type: none"><li>Flexcards: This section of the exam measures the skills of a Solution Architect and covers the ability to design and configure FlexCards based on specific business requirements. It evaluates the candidate's knowledge in selecting appropriate card styles, defining data sources and fields, and implementing user actions across different card states. Additionally, this domain tests the understanding of constructing the underlying JSON data structure that powers the FlexCards framework, ensuring that the configured cards meet both functional and technical specifications.</li></ul>

Topic 4	<ul style="list-style-type: none"> <li>Integration Procedures: This section measures the skills of an Integration Architect and involves designing and configuring Integration Procedures to automate processes and integrate systems. It requires comparing and contrasting different elements and configurations within Integration Procedures to meet specific use cases. Candidates are also tested on selecting the correct elements and properties to satisfy functional requirements, ensuring seamless data flow and process automation.</li> </ul>
Topic 5	<ul style="list-style-type: none"> <li>OmniScripts: This portion of the exam measures the skills of a Business Analyst and focuses on the use of OmniScripts to create dynamic, guided user experiences. It includes comparing and contrasting various OmniScript elements and their configurations to fulfill given use cases. The section also examines the candidate's understanding of the JSON structure that supports OmniScripts, as well as the ability to select appropriate elements and properties to address functional requirements effectively.</li> </ul>

## Plat-Dev-210 Exam Topics | Valid Plat-Dev-210 Exam Materials

Getting tired of humdrum life, you may want to get some successful feeling or try something different instead. We all know that is of important to pass the Plat-Dev-210 exam and get the Plat-Dev-210 certification for someone who wants to find a good job in internet area, and it is not a simple thing to prepare for exam. So you are in the right place now. The thoughtfulness of our Plat-Dev-210 Study Materials services is insuperable. What we do surly contribute to the success of Plat-Dev-210 practice materials.

## Salesforce Certified Omnistudio Developer Sample Questions (Q56-Q61):

### NEW QUESTION # 56

The OmniScript must retrieve device details stored in the Asset object and then call an external system to send troubleshooting commands via REST API to the device.

Which two OmniScript element should the developer use to configure this functionality?

- A. DataRaptor Extract Action
- B. SOQL Action
- C. Navigation Action
- D. HTTP Action
- E. REST API Action

**Answer: A,D**

Explanation:

According to the OmniScript Action Elements page, a DataRaptor Extract Action can be used to "get data from one or more Salesforce records" and an HTTP Action can be used to "get, save, or delete data through a web application programming interface (API)".

### NEW QUESTION # 57

Refer to the exhibit below. What JSON from the DRGetContactDetails action would display all six values correctly shown? BlkCases is a Repeat Block, and the names of the elements are the same as the label names without spaces.

- A. □
- B. □
- C. □
- D. □

**Answer: C**

Explanation:

According to the OmniScript Data JSON page, the OmniScript structure JSON defines the data elements and their properties that are used in an OmniScript. The exhibit shows an OmniScript structure JSON with six elements: ContactName, ContactPhone, ContactEmail, CaseNumber, CaseSubject, and CaseStatus. The DRGetContactDetails action is a DataRaptor Extract action that

retrieves data from the Contact and Case objects in Salesforce. The BlkCases element is a Repeat Block that displays a list of cases related to the contact. Therefore, the JSON from the DRGetContactDetails action that would display all six values correctly shown is option A, which has the following structure:

The other options have different structures that do not match the OmniScript structure shown.

#### NEW QUESTION # 58

..... configure Additional input to send exactly the same data? Assume that the developer checked Send Only Additional input.

A.  B.  C.  D.

**Answer: C**

Explanation:

Option D is the correct way to configure Additional input to send exactly the same data as Input Data. The Additional input should have the same key/value pairs as Input Data, and the value should be set to `{InputData.key}` for each key. This will pass the value of Input Data for each key to Additional input.

#### NEW QUESTION # 59

In an Integration Procedure, a developer needs to perform a multi-step calculation on every element of an array.

Based on best practices, what two methods are recommended?

Choose 2 answers

- A. Use a List Action to merge the array elements together.
- B. Use a Set Values Element inside a Loop Block.
- C. Use a Calculation Action to call a Calculation Procedure.
- D. Use a Matrix Action to call a Calculation Matrix.

**Answer: C,D**

Explanation:

According to the Integration Procedure Actions page, a Calculation Action can be used to "call a Calculation Procedure that performs calculations on input data" and a Matrix Action can be used to "call a Calculation Matrix that performs calculations on input data".

#### NEW QUESTION # 60

A developer has a requirement to create a child FlexCard that contains all of its parent FlexCard's records in a Datatable.

- A. `{recordId}`
- B. `{Records}`
- C. `{Records[0]}`
- D. `{Params records}`

**Answer: B**

Explanation:

The correct syntax for passing all of the parent FlexCard's records to a child FlexCard is `{Records}`, which represents an array of records. The other options are incorrect because they either use an invalid syntax or refer to a single record instead of an array of records.

#### NEW QUESTION # 61

.....

This document of Plat-Dev-210 exam questions is very convenient. Furthermore, the Salesforce Plat-Dev-210 PDF questions

collection is printable which enables you to study without any smart device. This can be helpful since many applicants prefer off-screen study. All these features of Salesforce Plat-Dev-210 Pdf Format are just to facilitate your preparation for the Plat-Dev-210 examination.
