### **Microsoft Dynamics 365 Supply Chain Management Functional Consultant Sample Questions (Q407-Q412):**

#### **NEW QUESTION # 407**

Note: This question is part of a series of questions that present the same scenario. Each question in the series contains a unique solution that might meet the stated goals. Some question sets might have more than one correct solution, while others might not have a correct solution.

After you answer a question in this section, you will NOT be able to return to it. As a result, these questions will not appear in the review screen.

You are the purchasing manager at a manufacturing company that makes audio equipment.

You sign an agreement with a vendor to purchase 5,000 speaker cables, item C0001, at a discounted rate of \$3.00 per cable. This agreement expires in exactly one year.

You need to set up pricing information and track the fulfillment of the agreement.

Solution:

- Create a trade agreement journal of type Price (purch.).
- Add a line for item C0001 for the vendor.
- Enter a unit price of \$3,00 for a quantity up to 5,000 and enter an expiration date for next year.

Does the solution meet the goal?

- A. Yes
- **B. No**

**Answer: B**

Explanation:

Must be a purchase agreement of type Product quantity commitment.

#### **NEW QUESTION # 408**

Drag and Drop Question

A company uses Dynamics 365 Supply Chain Management. The company purchased a high-tech machine that cuts production time in half compared to existing machines.

The new machine must be serviced after 200 finished goods are produced. Downtime for the new machine will impact production and must be planned in advance so the production lead times are adjusted. The service technicians must always prioritize the new

machine repairs over any other repairs.

You need to configure the new machine to prioritize servicing over other repairs.

What should you configure for each requirement? To answer, drag the appropriate configurations to the correct requirements. Each configuration may be used once, more than once, or not at all.

You may need to drag the split bar between panes or scroll to view content.

NOTE: Each correct selection is worth one point.

**Answer:**

#### NEW QUESTION # 409

A company wants to expand their purchasing power by enhancing their current procurement catalog in Dynamics 365 for Finance and Operations.

The company wants to redirect to external websites to help build their purchase requisitions.

You need to set up an external catalog.

Which three actions should you perform in sequence? To answer, move the appropriate actions from the list of actions to the answer area and arrange them in the correct order.

**Answer:**

Explanation:

#### NEW QUESTION # 410

A manufacturing company has implemented Dynamics 365 Supply Chain Management. The company relies on machinery and equipment for its operations. It has a diverse range of assets, including manufacturing equipment, vehicles, and tools.

The company wants to optimize its asset maintenance processes to minimize downtime and improve overall productivity. The company wants to implement both preventive and reactive maintenance strategies on the following scenarios:

\* Changing the tires and oil on the maintenance vehicle fleet.

\* Replacing a faulty component on a box maker.

You need to determine the functionality to use for each maintenance requirement.

Solution: Create a maintenance plan for the vehicle fleet and a maintenance round for the box maker.

Does the solution meet the goal?

- A. Yes
- **B. No**

**Answer: B**

#### NEW QUESTION # 411

A company performs internal inspections of a specific product before releasing the products. This task adds two days for product handling once the product is in the warehouse. This process leads to delays in shipping.

You need to resolve the issues. What should you change?

- A. Minimum order quantity
- **B. Maximum order quantity**
- C. Receipt margin
- D. Issue margin
- E. Reorder margin

**Answer: B**
