PMI PMP - Project Management Professional (2026) Sample Questions (Q2005-Q2010):

NEW QUESTION # 2005

A project manager is planning a project that has 40 stakeholders. The project manager decides that all stakeholders will receive the same type of communications in order to minimize work for the project team and reduce costs. When the project manager reviews the communications management plan with the project management team, an experienced team member voices concerns about the communications decision.

Why might using the same type of communication for all 40 stakeholders be a concern?

- A. Because different stakeholder needs are not being taken into consideration.
- B. Because some stakeholders might feel neglected.
- C. Because the expected savings would be minimal
- D. Because the team should be able to manage individual communications properly.

Answer: D

NEW QUESTION # 2006

During a project review session with key stakeholders, a senior manager raises a concern that the product being shown is not meeting the client's expectations. The project manager has noticed that although the team is meeting project deadlines, there are a large number of open quality issues that have not been addressed.

What should the project manager do?

- A. Work with the project team to identify the gaps and address the critical issues based on defined outcomes.
- B. Meet with the project stakeholders to review the scope and ask for a time extension to address the quality issues.
- C. Advise the team to continue moving forward because meeting the milestones is more important and the issues can be fixed later.
- D. Ask the team to reprioritize and focus on fixing the quality issues that were identified by the stakeholders during the meeting.

Answer: A

NEW QUESTION # 2007

A project manager for a government organization often deals with stakeholder engagement issues. Drag the interpersonal skill the project manager should use on the left to the correct situation on the right.

NEW QUESTION # 2008

You are leading a team to recommend an equitable reward and recognition system for project managers. Before finalizing the plan, you want to ensure that executives understand the basic objective of reward systems. This objective is to _____

- A. Be comparable with the award system established for functional managers to indicate parity and to show the importance of project management to the company
- B. Motivate project managers to work toward common objectives and goals as defined by the company
- C. Attract people to join the organization's project management career path
- **D. Make the link between project performance and reward clear, explicit, and achievable**

Answer: D

Explanation:

Section: Mix Questions

Explanation:

Reward and recognition systems are formal management actions that provide an incentive to behave in a particular way, usually with respect to achieving certain goals. Such systems are described in the staffing management plan. A best practice is to give the team recognition throughout the life cycle.
